BY PARKE BROWN.

[illegible] all the way Republican. Herbert Hoover carried it by more than 400,000. The entire state ticket headed by Louis L. Emmerson, nominee for governor, was victorious, ranging from a margin of 220,000 for Otis F. Glenn, who, in the race for United States senator, had the hardest battle of all, to an indicated plurality of 400,000 or more for Attorney General Oscar E. Carlstrom.

Chicago, in the throes of the bitterest, most clashing factional row that its local Republicans ever have experienced, may have gone Democratic by a small margin. The influence of that row, because of the lack of organization campaigning, reached even into the city's suburbs, but the country towns produced enough of their usual plurality so that all indications were that the Republican state ticket had carried Cook county, which the Democrats had classified as their own beyond all danger.

Big Victory Downstate.

On the whole the Republican national and state slate broke about even in Cook county, but a big victory downstate never was in doubt from the time the first telegraphic reports began to come in.

Conservative estimating gave Cook county to Hoover by about 50,000 and downstate promised a lead for him of about 370,000, so that there was a possibility that his plurality for the state might be up toward the 450,000 mark.

Secretary of State Emmerson was running 55,000 ahead in Chicago on the latest figures, and the forecast was that the country towns would put him 40,000 farther ahead of Floyd E. Thompson in Cook county. The downstate figures gave Emmerson a predicted lead of 250,000.

Glenn Has Hard Fight.

Glenn, who shared with Emmerson the brunt of the Illinois fight, had a much harder battle against his Democratic opponent, A. J. Cermak, because of the popularity of the latter's wet platform in Chicago and the vote that apparently was thrown to him by Thompson-Crowe ward leaders.

These same leaders knifed Hoover on a wholesale scale, but they went even farther when it came to tossing support to Cermak. Hasty examination of even the incomplete figures of the west side wards where they control showed that the knifing benefited Smith materially but aided Cermak's wetness in giving him a tremendous local lead in the voting.

The indications were that these factions had given Cermak a margin of 120,000 in Cook county, his advantage even extending into the country towns. But when the outside counties started to come in it was apparent that although wetness helped in the metropolis, it was a severe handicap in the smaller communities. Glenn's lead became visible as soon as a representative number of downstate precincts had come in and before long the forecasters figured that he was carrying downstate by 340,000, giving him an advantage of 220,000 or better in the state.

Carlstrom Leads by 400,000.

Attorney General Carlstrom, opposed by State Senator Thomas J. Courtney of Chicago had the advantage of hav

Hoover 2,060,790
Smith 1,992,461

Hoover lead 68,329. Indicated final plurality for Hoover, 100,000.

With 1,086 precincts missing, the state vote for governor stood:

Roosevelt 1,929,669
Ottinger 1,815,983

Roosevelt lead, 113,686. Indicated final plurality for Roosevelt, 40,000.

With 349 precincts missing, vote for United States senator:

Copeland 1,694,757
Houghton 1,525,057

Copeland lead, 169,700. Indicated Copeland plurality, 250,000. Senator Copeland running about 350,000 votes ahead of Al Smith.

New York, Nov. 7, 1 a. m.—[Special.]—Al Smith, four times governor of New York, failed by more than 100,000 votes in his contest for the presidency to carry his own state. His hopes of victory began to fade within a few hours after the New York City polls had closed and his predicted 600,000 city plurality over his Republican opponent, Herbert Hoover, had dwindled to 408,000 in the five boroughs. Meanwhile, Hoover was coming down to the city line with an indicated upstate plurality of more than 500,687.

Gov. Smith's city plurality was 110,000 less than the maximum plurality he received from his native city in a gubernatorial race in 1924. Then

BY ARTHUR EVANS.

Judge John A. Swanson, Republican, was leading Judge William J. Lindsay for state's attorney by 47,220 votes when 2,280 precincts out of 3,358 in Cook county were reported early this morning. Judge Swanson had a lead of 12,639 in 2,000 Chicago precincts and a lead of 34,581 in 280 of the country town precincts.

If Swanson keeps up his present rate, his indicated plurality over Lindsay would be around 70,000.

Judge Swanson, who was the central figure in the uprising at the April primaries when he defeated State's Attorney Crowe, took the lead after a night in which Judge Lindsay had been in front on returns from nearly half the precincts. The bulk of the precincts still to be heard from appear to be in wards where Swanson has been getting a larger vote than his opponent.

Returns on Prosecutor.

For state's attorney and board of review, based on 1,750 precincts out of 2,922 in Chicago, and 210 out of 436 in the country towns the count stands:

	Chicago.	Country towns.	Total.
State's attorney—			
Dem., Lindsay	350,559	37,058	387,617
Rep., Swanson	348,010	57,391	405,401
Board of review—			
Dem., Nash	372,143	39,665	411,808
Rep., Litsinger	320,171	55,834	376,005

The night saw the Crowe-Thompson machine crashing again, buried under another avalanche. Incomplete returns indicate that all its candidates for county office were defeated. Its attempt to rebuild itself by grabbing control of the sanitary district appears to have been thwarted.

Morris Eller, Mayor Thompson's city sealer, was snowed under and is running far out in the cold behind other candidates for sanitary trustee.

Moore and Nelson Trail.

Moore and Nelson, other Crowe-Thompson candidates for drainage trustees, are running behind in the incomplete figures. Howard W. Elmore, the Deneen candidate, is outrunning them, and with one-third of the precincts in, is 37,000 votes behind T. J. Crowe, Democrat.

Jaranowski, the Crowe-Thompson candidate for recorder, is being buried by the vote piled up for Clayton F. Smith, Democrat. Dr. Herman N. Bundesen, Democrat, is piling up the largest Democratic vote in the incomplete figures in his race against Coroner Wolff, Crowe-Thompsonite. E. L. Nusser, Thompsonite, for assessor is behind Assessor John E. Conroy, Democrat.

Dr. Bundesen has a lead of 240,769 over Wolff in 1,235 precincts out of 3,358 in Chicago, the vote standing: Wolff, 121,816; Bundesen, 362,585. Hugo Fisher, independent, had 1,045.

Litsinger Gains Rapidly.

In the nip and tuck race for board of review, Edward R. Litsinger, Republican, swarmed up neck and neck with Thomas D. Nash, Democrat. With 2,475 precincts in out of 3,358 in Cook county, Litsinger has reduced the lead of Nash to 5,635. In the earlier returns Nash had been far out in front. The precincts to be heard from are largely in Republican terri-

G. O. P. Wins 7 Senate Seats; 20 in House

BY ARTHUR CRAWFORD.

Republican majorities were increased in both houses of congress in yesterday's elections.

In the senate the Republicans appear to have gained as many as seven seats, which is exactly enough to dislodge the seven more extreme radical Republicans from their present balance of power.

In the house the Republicans have gained nearly twenty members on the basis of incomplete reports.

Herbert Hoover will be in a better position to obtain favorable consideration for his legislation at the hands of congress than President Coolidge has been at any time during his administration.

Several present Democratic senators went down to defeat. In the eastern states which Gov. Al Smith had hoped to carry the Democratic senators had hard sledding.

Edwards Believed Beaten.

Senator Edwards [Dem., N. J.], one of the leading wets of the senate, appears to have been defeated by Hamilton F. Kean, Republican, also a wet. Incomplete returns showed Kean ahead by a two to one ratio.

In Delaware Senator Bayard [Dem.] went down to defeat at the hands of former Gov. John G. Townsend, Republican, a dry.

Senator Gerry [Dem., R. I.] was beaten by Felix Hebert, Republican. Senator Gerry is a wet, while Mr. Hebert is dry.

Senator Bruce [Dem., Md.] was defeated by former Gov. Phillips Lee Goldsborough, Republican. Senator Bruce, who is one of the leading senate wets, conceded the victory of his opponent, a dry, after returns from two-thirds of the state gave him a lead of 13,000 votes.

Senator Neely [Dem., W. Va.] seems to have met defeat, the winner being former Gov. Henry D. Hatfield [Rep.]. Both Neely and Hatfield are dry.

Walsh Wins in Bay State.

Reëlection of both Senator Walsh [Dem., Mass.] over Benjamin Loring Young, Republican, and Senator Copeland [Dem., N. Y.] over Alanson B. Houghton, Republican, seemed assured early this morning.

Senator Dill [Dem., Wash.] was running behind Kenneth Mackintosh, Republican, on the basis of incomplete returns. Senator Wheeler [Dem., Mont.] was reëlected over Joseph M. Dixon, Republican. Senator Pittman [Dem., Nev.] won over Sam Platt, Republican. Senator Ashurst [Dem., Ariz.] probably was reëlected over former Senator Ralph Cameron, Republican.

On the basis of the defeat of Edwards, Bayard, Gerry, Bruce, and Neely and the gain of a seat in Ohio, the Republican total in the senate has been increased from 49, including two vacant Republican seats, to 56. This cuts the Democratic total from 46 to 39. Senator Shipstead [Farm-Labor, Minn.] probably has been reëlected over Arthur E. Nelson, Republican. It is more than likely that final returns will show a somewhat larger Republican total.

The outcome of the senatorial contest in Missouri remained in doubt. The election of Roscoe C. Patterson, Republican, over Charles M. Hay, Democrat, seemed likely. Both are drys. This is the seat now held by Senator James A. Reed [Dem.].

House Lineup Altered.

The present house is made up of 237 Republicans, 195 Democrats, two Farmer-Labor members, and one Socialist. Incomplete returns show a Republican total of 256, or a gain of 19. It is believed that further reports will show a number of other Republican gains. The Democratic total has been reduced to 176. The two Farmer Labor members and the Socialist appear to have been reëlected.

The heavy Hoover vote in Kentucky resulted in the gain of six seats by the Republicans in that state. Representatives Moore, Moorman, Gilbert, Chapman, and Vinson [Dem., Ky.] were defeated by C. W. Roark, J. D. Craddock, L. L. Walker, Robert Blackburn, and E. R. Kendall, Republicans. The Republicans also elected Lincoln Newhall in the district now represented by Representative Ware [Dem.], who was not a candidate.

In Virginia, which was carried by Hoover, the Republicans elected Menalcus Lankford over Representative Deal [Dem.].

The Republicans probably gained two other seats in Virginia, their nominees running ahead of Repre-

LANDSLIDE FOR G. O. P.; SOLID SOUTH BROKEN

Gov. Smith's Rout Is Complete.

BULLETIN.

New York, Nov. 6, 12:45 o'clock.—(Special.)—Gov. Smith at midnight sent this telegram to Herbert Hoover:

"Hon. Herbert Hoover, Palo Alto, Cal.—I congratulate you heartily on your victory and extend to you my sincere good wishes for your health and happiness and for the success of your administration.

"ALFRED E. SMITH."

BY ARTHUR SEARS HENNING.

Herbert Hoover was swept into the presidency in the national election yesterday by one of the greatest landslides of votes in our political annals.

He received more electoral votes than any candidate for President except Woodrow Wilson when the Republicans were divided. The Hoover landslide threw the Harding landslide into the shade.

The Republican candidate defeated Gov. Smith of New York, the Democratic candidate by a majority of not less than 317 electoral votes. It is not unlikely that the Hoover majority will go even higher with the receipt of complete returns.

History-Making Defeat.

Gov. Smith bids fair to go down in history as one of the worst beaten candidates for the presidency. His electoral vote is below that of Cox in 1920 and Davis in 1924. Not since Gov. Horatio Seymour of New York was beaten by Gen. Grant in 1868 has a candidate for the presidency been so disastrously routed in a straight two-sided contest as was Gov. Smith in the balloting of yesterday.

Hoover carried not less than 39 states and Smith seven, while two were still doubtful at an early hour this morning.

Electoral Vote Standing.

In the light of the incomplete returns the electoral vote stood:

For Hoover..........424
For Smith..........69
Doubtful..........38

Total..........531
Necessary to election..........266

Hoover swept the wet east with the possible exceptions of Massachusetts and Rhode Island, which were in doubt this morning.

Hoover swept the west from the Alleghenies to the Pacific ocean, including the corn belt, which remained loyal to the G. O. P. despite agrarian disaffection on the question of farm relief.

Breaks Into Solid South.

And, most sensational of all, Hoover broke into the solid south and jolted three, if not four, of the states in that region from their traditional Democratic moorings. He carried Virginia, Florida, and North Carolina, which have not cast their electoral votes for a Republican presidential candidate since the close of reconstruction.

The complete returns may show that he won Texas also. In the figures so far received it is a

* * *

neck and neck race between Hoover and Smith in the Lone Star state.

Tennessee, which flopped out of the solid south in the Harding landslide but got back on the reservation in 1924, again deserted the Jeffersonians and went down the line for Hoover by a plurality estimated at 10,000.

Wisconsin In Procession.

Maryland went to Hoover by upwards of 50,000. He even carried the Democratic city of Baltimore. By the phenomenal margin of 150,000 the Republican candidate captured Kentucky.

Wisconsin, which was supposed to be leaning strongly to Smith, went Hoover by a plurality of 125,000, a scant 15,000 less than the plurality of the elder La Follette himself in 1924.

Within four hours after the closing of the polls in the east the New York Times and New York World, leading journalistic supporters of Al Smith, conceded the election of Hoover. Shortly before midnight John J. Raskob, Democratic national chairman, threw up the sponge in the Smith corner.

New York Falls Smith.

Smith's hopes of the White House went glimmering early in the evening when the first returns from New York indicated that Al had lost his home state, of which he has been four times governor, by a plurality estimated at from 100,000 to 150,000.

Even Smith's particular political preserve, Greater New York City, failed him in the hour of his need. He had counted on a plurality of 600,000 in the metropolis, but it had shriveled to little more than 400,000, according to the incomplete returns.

At the same time the upstate returns indicated that Hoover would come down to the Bronx with upward of 500,000.

A pall of gloom settled down upon Democratic national headquarters when it became apparent that Smith had failed to carry his home state, with the largest block of votes in the electoral college. It had been recognized from the beginning of the campaign that Smith would be done for if he could not win New York.

Victor in Wet East.

The remainder of the wet east, with the possible exception of Massachusetts, was chalked up to the credit of Hoover beyond a doubt. In Massachusetts the contest appeared to be close. Smith carried Boston by 100,000 while Hoover had a lead of 130,000 in rural Massachusetts exclusive of the outstate cities, which, it was calculated, Smith would carry by a margin of 25,000.

Delaware, New Jersey, and Connecticut were carried by Hoover by decisive pluralities. In Delaware and New Jersey Hoover beat Smith two to one. In these states the rural drys and Protestants ovewhelmed the wets, foreign born and Catholics supporting Smith chiefly in the urban centers.

At midnight the returns disclosed Rhode Island hanging in the balance. With nearly the entire state recorded, Hoover and Smith were virtually tied. It was evident that the state had been carried by a few hundreds, though whether by Hoover or Smith it was impossible to say.

Missouri in G. O. P. Column.

If there was any doubt of the landslide proportions of the Hoover victory it was dissipated when the returns at midnight disclosed that the Republican ticket had swept Missouri, with its 18 electoral votes. With nearly half of the state accounted for in the figures at hand, Hoover was leading by 46,000 and the Republican rural districts were largely yet to be heard from.

Smith carried Republican St. Louis by virtue of the bolting of the Hoover ticket by the wet Germans, but he was swamped by the Hoover vote in Democratic Kansas City and the country districts.

Democrats Concede Virginia.

When the returns from Virginia with only 300 precincts missing gave Hoover a lead of 17,000 in that state the Democratic central committee conceded the state to the Republican candidate.

All through the early part of the night Smith appeared to have a safe lead in North Carolina, but by midnight, with the returns from the Republican mountain counties coming in, it began to melt. With half the precincts reported Smith's lead was reduced to 7,000.

Indiana, Illinois, Iowa, Michigan, Ohio and Kansas went to Hoover by large pluralities.

ADVISER TO PRESIDENTS

In electing Mr. Hoover to the presidency the American people have committed to his keeping the power that he has wielded vicariously for more than a decade to a greater degree than any person except the chief executive himself. That is to say, Mr. Hoover has advised more Presidents on more questions of public policy than has any other man.

He was a commanding figure in the administrations of Presidents Wilson, Harding, and Coolidge. Under each he administered an important department, but his influence extended further and made itself felt in the solution of almost every problem with which the government has been confronted since the day America entered the world war.

In the shaping of war policies, in the settlement of war debts, in dealing with railroad, coal mine, and other strikes, in flood relief, in foreign relations, in relief of unemployment, in the molding of agricultural programs and in numerous other matters Hoover, the adviser of Presidents, left the impress of his statesmanship on the administration of the government to a conspicuous degree. Now he comes into his own to do for himself what, for a decade, he has done for others in the high office to which he goes.

Fates Unfold Strange Story.

No stranger story has been unfolded by the political fates than that of the rise of Herbert Hoover to the presidency. But a short ten years ago nothing was farther from his thoughts than the possibility that he would be the Republican candidate for President in 1928.

Only eight years ago he did not even know whether to classify himself as a Republican or a Democrat. His name was entered in the Democratic primary of Michigan for the nomination for President, but before the national conventions he declared himself a Republican and he was presented for the nomination in the Republican convention of that year.

From 1920 on, however, Hoover was in the public eye as a prominent presidential possibility. He got no chance of consideration in 1924, because it became apparent at an early date that Mr. Coolidge would be nominated virtually without opposition and Mr. Hoover was one of those who favored the retention of Mr. Coolidge in the office for not only one but two elective terms.

Friends Groom Him for 1928.

After the 1924 election, friends of Mr. Hoover began to groom him for heir to Coolidge whenever the President might relinquish the office. George Ackerson, a gifted St. Paul newspaper man who had demonstrated political acumen of a high order in the Coolidge campaign of 1924, was appointed secretary to Mr. Hoover for the special purpose of cultivating the political glebe for the sprouting of the Hoover candidacy. Mr. Hoover loyally stood for the renomination of Mr. Coolidge in 1928, but preparations were quietly made for the eventuality of Mr. Coolidge declining to run and thereby throwing the field open to Mr. Hoover.

When President Coolidge did renounce the succession in the summer of 1927 the booming of Hoover began in earnest. As time wore on, the primary campaign became a contest between Hoover and Lowden, with Secretary of the Treasury Mellon, Charles D. Hilles of New York and National Chairman Butler of Massachusetts maneuvering to bring about the drafting of Mr. Coolidge for another term.

Nomination Becomes Assured.

By the time the convention met at Kansas City, Mr. Hoover had an overwhelming majority of the delegates either committed to or favorable to him and it was apparent that he could not be beaten even with the name of Coolidge unless the President were to signify that he would accept renomination. No such word was forthcoming from the White House and in fact such evidence as there was of the state of mind of the President indicated he would decline, if nominated.

From that moment the nomination of Mr. Hoover was assured and it remained for Boss Bill Vare of Philadelphia, sensing the situation and seizing the opportunity to discomfit Mr. Mellon, to declare Pennsylvania for Hoover and start the Hoover bandwagon on its triumphal last lap.

Thereupon, politicians rubbed their eyes and wondered who had performed this feat for the man supposedly a tyro in politics only eight years ago. Everybody wanted to know who had been Hoover's Mark Hanna.

Hoover His Own Mark Hanna.

The fact was that Hoover was his own Mark Hanna. His nomination campaign had been in the hands of a number of first rate second class politicians with sufficient ability to handle the details of organization politics. But behind them all was Hoover, who, through several thousand contacts with groups of business men in his activities as secretary of commerce and with women's organizations in his welfare work, had won a meed of admiration that was translated into delegate strength when his name was submitted to the people.

That prohibition and religion would figure as conspicuous issues in the election campaign became a foregone conclusion the moment that Al Smith had the Democratic nomination for President within his grasp. His rise to the leadership of his party had been beset with the intense opposition of the drys and anti-Catholic influences within the ranks of the Jeffersonians.

Third Catholic Aspirant.

The New York governor was the third Catholic nominated for President of the United States. The first was John C. Fremont, first candidate of the Republican party in 1856. The second was Charles O'Conor, candidate of the Independent Democrats in 1872.

The "holy war" on Smith burst forth as soon as he was named at Houston. The Methodist and Baptist church organs in the fanatically anti-Catholic southern states were the first to openly assail him on religious grounds. It soon became apparent, however, that in every part of the country religious bigotry was figuring to a greater or lesser degree in the canvass. Republican Catholics were lining up for Smith, Protestant Democrats against him.

What with prohibition and religion entering into the campaign, millions of persons who never had discharged the duties of a citizen or taken the slightest interest in public affairs were galvanized into activity. They poured forth in unprecedented numbers to register as voters Whereas, 29,000,000 persons voted for President in 1924, an increase of only 2,500,000 over 1920, more than 45,000,000 enrolled for this election, according to the estimate of Simon Michelet of Washington, expert on voting statistics.

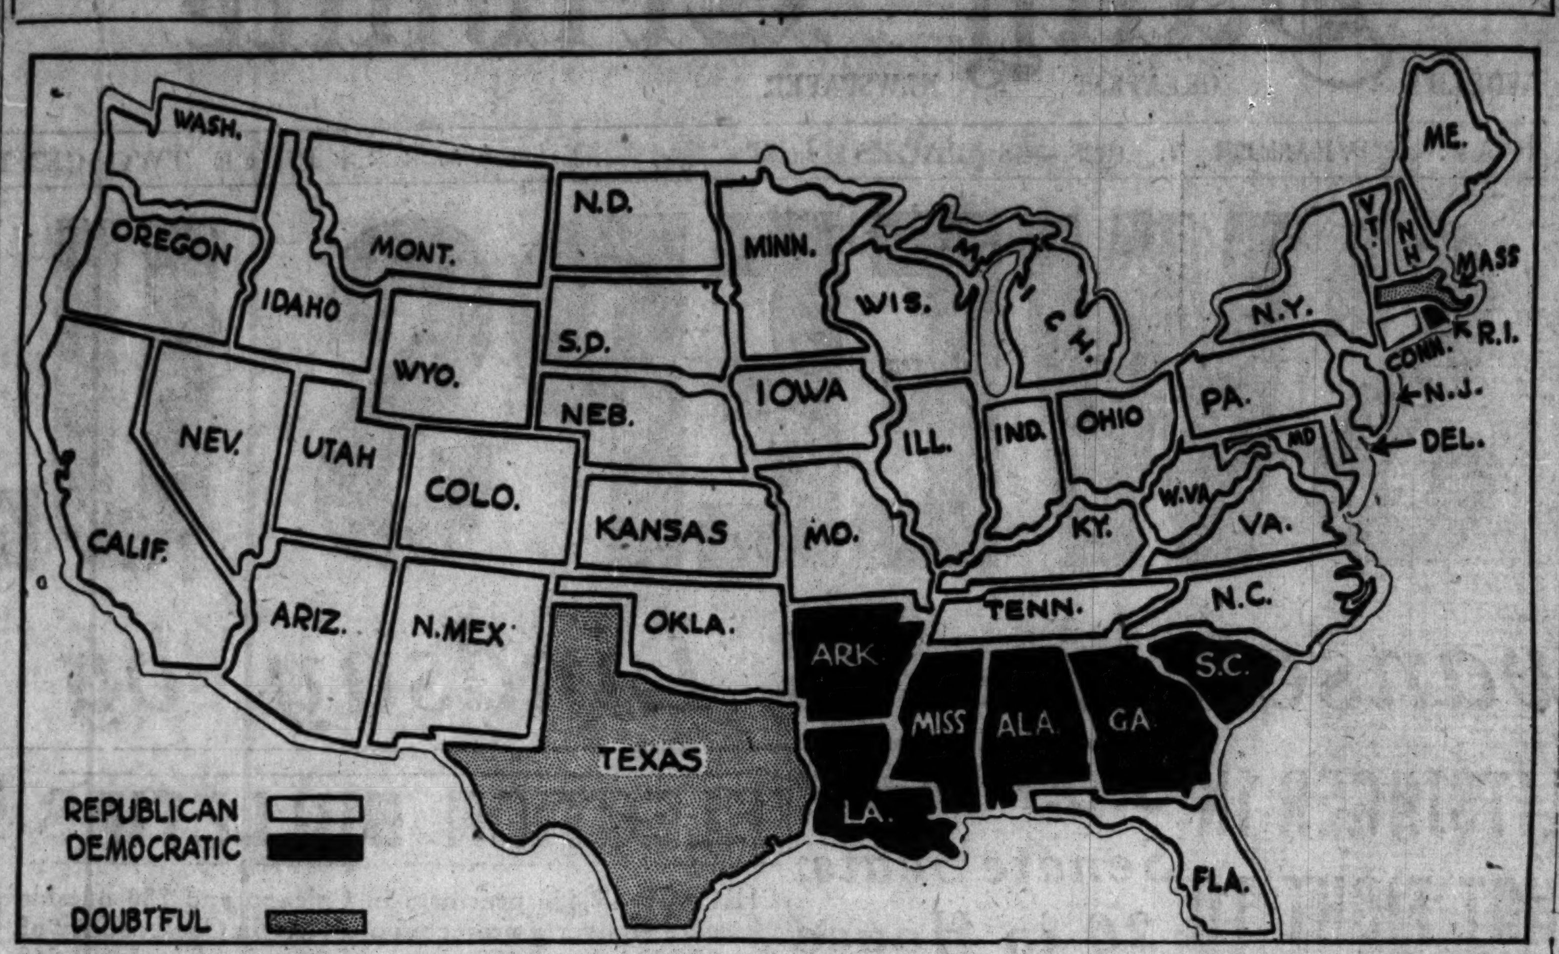
Bigotry Comes to Surface.

It was not long before the appeal to bigotry came to the surface, the Democrats accusing the Republican management of fostering the attack on Smith because of his religion. Mrs. Mabel Willebrandt had adjured the Methodists to arise and swat Smith at the polls. Republican National Committeeman Street of Alabama had been exposed as the author of a tract assailing Smith's religion. Mrs. Willie Caldwell, Republican national committeewoman for Virginia, had written a letter to precinct workers inciting them to greater activity in saving the country from "rum and Romanism." Former Senator Newell Sanders of Tennessee, Republican, had introduced Senator Borah at a Nashville meeting with the declaration that "Tennessee is a Protestant state and wants a Protestant President."

Republican National Chairman Work repudiated these appeals to bigotry and Mr. Hoover pronounced them repugnant to every instinct of his nature. The Republican leaders responsible for the bigotry campaign, however, were not removed or otherwise disciplined. But, in the latter part of the campaign, the snuffers were applied to Mrs. Willebrandt. The Republican national committee confined her activities to the anti-Catholic south.

The Republicans accused the Democrats of invoking Catholic bigotry in support of Smith and issued photostatic copies of literature emanating from Democratic campaign committees attacking the Quaker sect, of which Mr. Hoover is a member.

THE NEW POLITICAL MAP OF THE UNITED STATES



The above map shows the new political complexion of the various states as indicated by early and incomplete returns.

Mr. Hoover is indicated as winner in thirty-nine states with an aggregate electoral vote of 424, which is 158 more than the required majority of 266 to assure election.

Gov. Smith seems to have carried only seven states, Alabama, Arkansas, Georgia, Louisiana, Mississippi, South Carolina, and Rhode Island. He was maintaining a lead in Massachusetts in the late returns. In Texas Hoover was leading when the tabulation of votes ceased for the night.

Hoover Rolls Up 23,000 Lead Over Al in Colorado

Denver, Colo., Nov. 7.—(AP)—Returns from 316 out of 1,596 precincts give Hoover, 51,604; Smith, 28,912; 298 precincts for governor give Adams, Democrat, 46,290; Boatright, Republican, 27,939.

KANSAS GOES FOR HOOVER BY NEARLY 3 TO 1

Topeka, Kas., Nov. 7.—(AP)—A Republican sweep was recorded in Kansas in yesterday's general election.

The home state of Senator Charles Curtis gave him and his running mate, Herbert Hoover, a majority of nearly three to one on incomplete returns early today.

Clyde M. Reed, Republican, was elected governor, defeating Chauncey B. Little, Democrat, by a heavy majority and all the Republican candidates for state office appeared assured of success.

In the seven congressional districts now represented by Republicans the nominees of that party were far in the lead. In the Eighth district W. A. Ayres, Democratic incumbent, appeared to be the victor.

Naming This Baby Has to Wait on Election Returns

West Liberty, Ia., Nov. 6.—[Special.]—Mr. and Mrs. Emmett J. Giblin are the parents of an eight pound son, born today, and they plan to name him Hoover if Hoover wins, and if not they will name him Alfred Smith Giblin.

HOOVER HEARS OF VICTORY WITH A QUIET SMILE

Considers His Election a Moral Triumph.

Hoover Home, Stanford University Campus, Cal., Nov. 7.—(AP)—The first public utterance of President-elect Herbert Hoover was a greeting of appreciation to the students of Stanford university who gathered around his home to celebrate his election.

"I thank you for coming up here tonight and giving us this greeting," he said from the terrace of his home. "I do appreciate it from the bottom of my heart. I thank you."

BY PHILIP KINSLEY.

[Chicago Tribune Press Service.]

Palo Alto, Cal., Nov. 6.—[Special.]—From the status of a private citizen and candidate for the presidency to that of President Elect of the United States was a change that came over Herbert Hoover while he was at dinner tonight in his home on the university campus.

His reaction was a quiet smile of satisfaction, the slow dawning of a great hope become a reality, a realization hard to accept in all that it meant to his life and to the country. He was sure that the people were right about it and that he was the chosen instrument of a great new day in this country. He had a sense of something that might be described as a moral or spiritual victory in store for the nation whose millions had spoken for the principles as he has presented them in this campaign.

Some Real Anxiety.

When he sent down word that he was ready for dinner it was after four hours of real anxiety. At 3 o'clock he thought the election was to be a close race. The early returns indicated that he had not only failed to break the south but had failed in the east, particularly New York. This was the story of Broadway. He waited for this street to report, but he was not any too sure of the outcome.

After the big city vote had begun to register its main strength up state and down state were heard from, the tide began to turn and from then on the results almost overwhelmed him. He received the returns in the midst of a group of family friends and university people. They sat in the long paneled sitting room of his Spanish house on San Juan hill, watching the marking of state results on three big blackboards that had been placed at one end of the room.

Retreats from Crowd.

Mr. Hoover took a front seat and smoked his pipe at first, but soon the crowd became too great and he was swept into the midst of a happy and chattering throng that filled the room and drifted in and out of the doors into the fragrant and starlit night. The music of John Philip Sousa's band, playing triumphal airs and national songs was the end of the most important evening of his life.

The crowd he found too much for him at times so he retired to his quiet study. But even there he did not find rest, for the long distance phone kept demanding him, and he received messages from as far away as Santo Domingo. He refused to accept congratulations in person or to pay much attention to messages of this character until late in the evening. Even then he was not ready to make any statement about the result, and his secretary, George A. Kerson, announced late in the evening that Mr. Hoover would not speak about the election for publication until tomorrow.

At that time the enthusiastic markers on the bulletin boards, who had been shaking their heads and looking early in the evening were chalking up more than 350 electoral votes for Hoover and had only eight states in the doubtful list. Mr. Hoover had succeeded in his great ambition, developed during the campaign, of breaking the sectional feeling of the south and registering the first Republican victory there since the civil war.

Home Filled with Guests.

The Hoover home was filled with guests, in the lower rooms a long table with sandwiches and coffee was occupied all evening and the house was filled with the clattering of telegraph wires bringing in the returns by bulletins, and the sound of the radio telling the story in another way.

Word was brought in at 9 o'clock that Mr. Hoover had carried his own precinct by 410 to 50 for Smith and 8 for the socialist candidate. This is the register of university sentiment.

At 10 o'clock in the morning the two voting members of the Hoover family went down to the Women's club rooms in the Stanford Union building and cast their votes. They were under the Kleig lights arranged by photographers and appeared anxious to get through with this intense publicity. After this they took an automobile ride and then came home to get the early returns.

California Lead Large.

The California vote was reported to Mr. Hoover as exceptionally heavy, with every sign that his majority would be large.

Palo Alto women determined to make a record in the candidate's home town and organized to get out the vote. They had headquarters down town and were piloting cars about all day. Of the 552 voters in his own precinct 435 had voted two hours before the polls closed.

The weather was perfect for this season of the year in California, with high fog banks tempering the sun and a cool breeze coming off the bay. From his living room Mr. Hoover could stroll out on the portico of his open Spanish house and forget for a moment the anxieties of his great hour in contemplation of the hills. Flowers bloomed around him and birds and bees were busy in their own quiet world.

Black Cat Crosses Road.

When it came to omens of the day, Mrs. Hoover took the honors. Early this morning she saw a black cat cross the road in front of the house. She is not superstitious, but she went out and caught the cat and brought it into the house. This might be breaking the bad charm which the sight of a black cat is supposed [illegible] birthdays, such as that of Mrs. Alfred Smith, are any sign of good luck, there was one in the Hoover household yesterday. The year old Herbert Hoover III. had this honor. He was allowed to sit up for dinner and help his grandfather cut the huge cake with one candle on it. It is reported that he made quite a mess of the affair.

Given 10 Gallon Hat.

Mr. and Mrs. Hoover and the rest of the family posed within groups upon the porch this morning. Mr. Hoover appeared in great good humor. His work was done and he could only wait. He received several gifts during the day. There were several wooden elephants, fantastically carved. He has quite a study full of these now. Some one sent him a ten gallon hat, of the kind which President Coolidge immortalized in the Black Hills. Mr. Hoover did not put it on.

THE PRESIDENT ELECT

HERBERT HOOVER.

HOOVER 26,000 AHEAD OF SMITH IN WEST VIRGINIA

Charleston, W. Va., Nov. 6.—(AP)—When more than one-fifth of West Virginia's 2,310 precincts had reported tonight Herbert Hoover had a lead of more than 26,000 votes over Alfred E. Smith.

The vote in 515 precincts was: Hoover, 79,092; Smith, 53,518. Cities and rural districts were represented in the returns.

Far behind Hoover were Dr. Henry D. Hatfield, Republican candidate for United States senator, and William G. Conley, Republican gubernatorial nominee, but each held leads over the Democratic opponents.

Conley's edge over former Congressman J. Alfred Taylor in 466 precincts was 11,531, while Dr. Hatfield led by 4,666 votes in 479 precincts over Senator M. M. Neely, Democratic candidate for reelection.

The vote in the gubernatorial and senatorial races was: Senator—Hatfield, 66,044; Neely, 61,378. Governor—Conley, 66,366; Taylor, [illegible].

FOUR DEMOCRATS SEEM SANITARY BOARD WINNERS

Machine Grab Defeated; Eller Runs Last.

Morris Eller, notorious boss of the Bloody 20th ward, was buried in defeat and trailed far behind all other contenders for posts on the sanitary district board, it appeared certain from partly complete returns on the sanitary district trustee race.

While Eller was totally lost, his two colleagues in the Crowe-Thompson ranks, Ald. Oscar F. Nelson and Edward F. Moore, likewise were swamped by heavy pluralities, the figures indicated.

It seemed that all four of the Democratic candidates for sanitary trustee were successful, although the possibility was held out that Howard W. Elmore, the Deneen-Republican candidate, might win out when the last votes were counted. In that event he would defeat Timothy J. Crowe, Democrat, who was trailing all his colleagues on the ticket. Crowe in the last days of the campaign was shown a party to a bipartisan combine with the faction of the defeated state's attorney, Robert E. Crowe.

Machine's Grab Defeated.

At any rate, it was deemed certain that the threat of a Crowe-Thompson control of the sanitary board, with its great patronage system, and its hundreds of millions of dollars in tax money expenditures, was averted. Control remains with a Democratic majority of the nine trustees constituting the board.

With the defeat of Eller, Moore and Nelson, politicians consider that the last stand of "Bob" Crowe and his gang of political hucksters has resulted in the annihilation of that organization. Crowe based all his hopes on controlling the sanitary board, and with that outlook now barren, he is believed no longer a factor of consequence in the politics of Cook county.

Elmore May Win Out.

While it appears that even Howard W. Elmore, Deneen-Republican candidate for trustee, has been defeated in the Democratic vote, his friends pointed to the fact that both Hoover and Swanson leaped into the lead from apparent defeat in the county, and they declared Elmore might pull through when the final figures were available.

In 1,125 precincts out of 3,358 in Cook county, the figures were as follows:

Crowe [Dem.]	237,120
Whalen [Dem.]	251,779
Berger [Dem.]	285,237
Nelson [Rep.]	169,515
Elmore [Rep.]	199,954
Eller [Rep.]	99,776

For the Porter vacancy the vote in the 1,125 precincts was as follows:

Woodhull [Dem.]	250,248
Moore [Rep.]	162,616

Two Kelly Men Victors.

So far as the mayoralty aspirations were reflected in the sanitary district returns, it appeared that the hopes of Edward J. Kelly, who pushed the candidacies of Trustees Whalen and Berger, were somewhat gratified. Both Whalen and Berger ran slightly in the lead of the field, and it was rumored before the election that with the election of these two trustees, Mr. Kelly would find additional political power at his hand.

The defeat of Eller was expected, and his defeat by such a decisive margin was considered a public condemnation of the frauds and violence by which Eller for so long maintained his political prestige.

Hoover Gets First Salute of 21 with Aerial Bombs

Hoover Home, Stanford University Campus, Cal., Nov. 7.—(AP)—Herbert Hoover got his first presidential salute from the air tonight as a plane from the Palo Alto School of Aviation flew over his home, dropping 21 shell star bombs. The President-elect was standing on the terrace of his home acknowledging the boisterous greetings of the Stanford students and the Palo Alto townspeople.

Hoover Has Two to One Lead in Borah's State

Boise, Idaho, Nov. 7.—(AP)—Herbert Hoover held a two to one lead over Gov. Smith with a bare fraction of the state's vote counted.

RASKOB STATEMENT SAYS DEMOCRATS BOW TO WILL OF MAJORITY

New York, Nov. 7, 1 a. m.—Chairman John J. Raskob of the Democratic national committee issued this statement at midnight:

"The Democratic party made a gallant and clean fight for the principles in which it believes. The verdict of the American people has been rendered, and in accordance with Democratic principles we cheerfully accept the will of the majority and will take our place in the ranks of the majority of American citizens who desire the future welfare of our country."

SITTING JUDGES LEAD IN VOTE ON MUNICIPAL COURT

Fardy Tops Contest for Gentzel Vacancy.

Sitting judges of the Municipal court were reported leading in early returns. In the voting for the twelve full term vacancies, Judges Francis B. Allegretti and Francis Borrelli were heading the Democrats, and Judges John F. Haas and William E. Helander the Republicans.

Of the twenty-one candidates for the Gentzel vacancy, James F. Fardy, who ran as an independent but who had the support of the regular Democratic organization, was far in front. In 925 precincts out of 2,922 in Chicago he had received 31,129 votes. C. Thomas Hanley, his closest opponent, had 13,756.

Early Returns on Candidates.

In the 1,445 precincts the vote on the full term candidates was as follows:

The Republicans are believed to have made gains also in Missouri and Oklahoma, and possibly in Tennessee and West Virginia.

Drys Gain Strength.

The changes in both the senate and house membership represented net gains for the drys. Already both houses were overwhelmingly dry. So far as was apparent from incomplete returns, Al Smith's wet program failed to elect any new wets to congress.

The next house will have seven women members. The four present members were re-elected and three others won out. The new members are Mrs. Ruth Hanna McCormick, Republican, who was elected representative at large in Illinois; Mrs. Ruth Bryan Owen, Democrat, who appears to have won in the Miami, Fla., district despite the heavy Republican vote cast there, and Mrs. Ruth Pratt, present Republican alderman in New York, who was elected in the Twentieth New York district.

The four present women members are: Mrs. Florence P. Kahn of California, Mrs. Katherine Langley of Kentucky, Mrs. Edith Nourse Rogers of Massachusetts, Republicans; and Mrs. Mary T. Norton of New Jersey, Democrat.

Burton Ohio Winner.

One of the Republican gains in senate seats that seemed assured was in Ohio, where Representative Theodore E. Burton, veteran legislator, who served first in the house, then in the senate, and then again in the house was elected to the place which became vacant last spring with the death of Senator Willis [Rep.]. Senator Locher [Dem.], who has since filled the seat by appointment, met defeat in the primaries and will be displaced by Mr. Burton in December. Mr. Burton apparently has established the unique record of being the only man who ever served for two different periods in both houses. Mr. Burton ran against Graham P. Hunt, Democrat.

For the other Ohio senatorial seat, Senator Fess [Rep.] was reëlected over Charles V. Truax, Democrat.

Other Republican senators apparently reëlected by ample majorities included Senators Vandenberg [Mich.], Frazier [N. D.], Thomas [Idaho], Johnson [Cal.], Reed [Pa.], and Greene [Vt.].

La Follette Easy Winner.

In Wisconsin, Senator La Follette radical Republican, who refused to support Hoover, appears to have won over William H. Markham, Independent, without difficulty.

Early returns indicated that Senator Robinson [Rep., Ind] was running ahead of Albert Stump, Democrat, and that Senator Howell [Rep., Neb.] was winning over Richard Metcalf, Democrat.

New Republican senators elected for the first time include Otis F. Glenn, Republican, who is believed to have won in Illinois over A. J. Cermak, Democrat, and Frederick C. Walcott, Republican, who won in Connecticut over Augustine Lonergan, Democrat. Mr. Glenn will fill the McKinley seat, to which Frank L. Smith was originally elected. Mr. Walcott will succeed Senator McLean [Rep.], who was not a candidate for renomination.

New Democratic Senators.

Democratic senators reëlected, according to early returns, include Senators Swanson [Va.], Trammell [Fla], and Stephens [Miss.]. Senator Kendrick [Wyo.] is believed to have won over Representative Charles E. Winter, Republican, and King [Utah] is believed to have won over Ernest Bamberger, Democrat. A new Democratic senator is Tom Connally, now a representative, who won easily in Texas after defeating Senator Mayfield [Dem.] in the primaries.

Issues in the senatorial and congressional contests paralleled those of the presidential fight to some extent. Neither prohibition nor religion, however, figured to anything like the degree in which they entered into the presidential situation. The prohibition issue was fought out in many of the states in the primaries and in yesterday's elections both opposing nominees were in many instances on the same side of this controversy.

Little Chance for Wet Gains.

The wets had scarcely any chance to gain senatorial seats, inasmuch as none of the present dry senators had serious contests, while a number of the present wet Democrats were involved in close fights. Virtually the only chance of the wets to make gains in the house was in the election of new Democrats in metropolitan districts.

Farm relief figured to some extent in the senatorial contests, but was not a determining issue in most of them. The McNary-Haugen bill was approved by many of the Republicans who were up for reëlection, and the Democrats therefore were not able to raise a clear cut issue on this proposition.

Besides senators and representatives eliminated in yesterday's elections, many others will be missing from the next congress. Two senators, McLean [Rep., Conn.] and Reed [Dem., Mo.], and 26 representatives were not candidates for renomination. Eight representatives were defeated in the primaries, four resigned, and five have died since last spring.

PROBABLE MEMBERSHIP OF THE SEVENTY-FIRST CONGRESS

Available returns up to the hour of going to press indicated the probable election of the following members of the seventy-first congress, (*) designating members probably reëlected:

Helena, Mont., Nov. 7.—(AP)—In Montana 452 of 1,514 precincts give Hoover, 44,310; Smith, 33,478. For senator, 429 precincts give Wheeler [D.], 37,793; Dixon [R.], 31,000.

Oyster Bay Gives Big Plurality to Hoover

Oyster Bay, N. Y., Nov. 6.—(AP)—The home town of Theodore Roosevelt maintained its Republican traditions. It gave Hoover 8,462 votes, Smith 4,647. Franklin D. Roosevelt, a distant relative of the late President, however, only lost the city in the gubernatorial race by 2,000 votes.

These Nature's Rival Garments Combine Girdle and Brassiere

$7.50

Three Models Especially Designed for Three Types of Figures

THESE girdle brassieres, with the uplift rayon brassiere top, which gives the lines of youth to the figure, are designed and created especially for Mandel Brothers in Chicago. Fashioned of attractive pink brocade with sections of knitted elastic cleverly inserted to allow perfect freedom of movement.

Three Distinct Types

The first sketch shows a model designed for the average figure, cleverly boned and reinforced back and front to give necessary flat lines. The uplift gives the natural bust contour. Sizes 34 to 42. Priced at just $7.50.

Two Other Models

A model for the tall, slender figure is entirely unboned. Of rayon, with elastic inserts and the uplift brassiere. For the short, fuller figure, a model of all brocade is designed to hold the diaphragm flat and also flatten the back. Sizes 34 to 44 — for both types of figure.

SOLID SOUTH CUT TO PIECES IN THE G. O. P. TRIUMPH

Virginia, Florida Sure; Texas Tottering.

BULLETIN.

Richmond, Va., Nov. 6.—(AP)—State Democratic headquarters tonight authorized this statement: "The unofficial returns indicate that Virginia has gone for Hoover."

Dallas, Texas, Nov. 7.—(AP)—Herbert Hoover was leading Gov. Smith by more than 8,000 votes when tabulations for the night were discontinued by the Texas election bureau and was given a good chance to carry the Lone Star state's 20 electoral votes into the Republican column for the first time in history. With well over half the vote tabulated Hoover had 236,936 and Smith 228,775.

Election officials estimated that at least 200,000 votes in the state were untabulated when the election bureau closed for the night.

Hoover's amazing race in the state was attributed almost entirely to the revolt in the Democratic ranks. His success did not extend to the state ticket. Harry M. Wurzbach, Texas' only Republican congressman, was trailing behind his Democratic opponent, Augustus McCloskey of San Antonio. Gov. Dan Moody polled almost five times as many votes as his Republican opponent.

An impromptu parade of Hoover supporters bearing banners asserting, "We are still good Democrats," swept through the business district of Dallas tonight. Dallas county gave Hoover a substantial majority.

G. O. P. Carries Tennessee.

Nashville, Tenn., Nov. 6.—(AP)—Herbert Hoover carried Tennessee on the face of unofficial returns from 1,745 out of 2,120 precincts, which gave him a majority of approximately 15,000 over Gov. Smith. The vote stood: Hoover, 119,690; Smith, 104,878. The Democratic United States senator, governor, and railroad commissioner were reelected by substantial pluralities.

Today's election marked the second time Tennessee has been in the Republican column in a national election, it having gone for Harding in 1920.

Florida Jumps North.

Jacksonville, Fla., Nov. 7, Wednesday.—(AP)—Florida apparently has done what her adopted Republican citizens have always said she would do eventually: left the solid south in a presidential election.

With the returns from yesterday's election tabulated from 504 of the 1,288 precincts in the state, representing incomplete returns from 59 of the 67 counties, Herbert Hover held a margin of 14,827 votes over Gov. Alfred E. Smith.

The vote was Smith, 51,329; Hoover, 66,156.

On the other hand, all Democratic candidates for congress and state offices appeared certain of election on the basis of the incomplete returns.

Democratic Governor.

The vote from 325 precincts gave Doyle E. Carlton, Democratic gubernatorial nominee, a lead of 9,354 votes over William J. Howey, Republican, and the first candidate of that party to make a state wide campaign in 50 years. The vote was Carlton, 26,958; Howey, 17,604.

United States Senator Park Trammell was too far ahead of his Republican opponent, Barclay H. Warburton, to be headed.

Herbert J. Drane, Democratic incumbent, led Abner Brown, Republican candidate, in the First congressional district tabulated.

In the Fourth Mrs. Ruth Bryan Owen had more than a two to one lead over William C. Lawson, Republican. The vote from 97 of the 181 precincts in the district showed: Owen, 10,685; Lawson, 4,838.

Oklahoma Is Hoover's.

Oklahoma City, Okla., Nov. 6.—(AP)—Herbert Hoover held almost a two to one lead over Gov. Alfred E. Smith with almost half of the Oklahoma precincts reported in the general election tonight. Only ten counties reported Smith in front.

Hoover had 214,673 and Smith 127,-330 votes on the face of unofficial returns from 1,877 of the total 3,292 precincts. The Republican nominee's margin of 87,743 votes was more than three times the plurality of Warren G. Harding in the 1920 Republican presidential landslide. Oklahoma's entry into the Republican column in 1920 was its first defection from the Democratic standard.

G. O. P. Carries Virginia.

Richmond, Va., Nov. 6.—(AP)—With 1,427 of the state's 1,665 precincts in, Herbert Hoover's lead over Alfred E. Smith was 20,980 votes, Hoover having 144,905 and Smith 123,925.

The vote had already mounted above the totals of the Coolidge-Davis election, and appeared certain to reach a total of 300,000.

One Republican congressional candidate, Menalcus Lankford, had definitely defeated Joseph T. Deal, Democratic incumbent, by approximately 4,000 majority, with only three small precincts to report. James Agarber, Republican, with 151 of the Seventh district's 167 precincts tabulated unofficially, led Thomas W. Harrison, Democratic incumbent, by a vote of 13,897 to 13,046. Harry St. George Tucker, Democrat, was trailing M. J. Putnam, Republican, in the Tenth district, having 7,605 votes to 8,503 for Putnam from 121 of the district's 211 precincts.

Maryland Is G. O. P.'s.

Baltimore, Md., Nov. 6.—(AP)—Gov. Smith's chance of getting Maryland's eight electoral votes faded out tonight as count of Baltimore city's vote showed Hoover in the lead with most of the city reported.

With about half the state's total precincts reported, Hoover's lead was over 8,000 votes. In the same precincts Senator William Cabell Bruce, Democrat, fared better than the head of the party ticket and held a lead of nearly 3,000 over P. L. Goldsborough, Republican.

Georgia Stands by Al.

Atlanta, Ga., Nov. 6.—[Special.]—Herbert Hoover today polled the largest vote any Republican ever has received in this state, although the state remained true to Democracy.

Hoover was given 72,491 votes to 104,913 given the Democratic nominee in 1,322 precincts of the 1,745 in the state. This indicates a final majority for Smith of between 40,000 and 50,000.

The Republicans carried Richmond county, seat of Augusta, by 3,000 majority, lost Bibb, the seat of Macon county, by only 200 votes, and carried Fulton, the seat of Atlanta, by 539 votes.

Officials Question Vote of Princeton Students

Princeton, N. J., Nov. 6.—[Special.]—Princeton university undergraduates were balked at the polls here today on the grounds of nonresidency. About 70 students out of over 400 who applied for the right to cast their ballots for a presidential nominee were permitted to vote after proving to members of the Second district election board they fulfilled the residential requirements of the state law.

KENTUCKY GOES FOR HOOVER BY 160,000 VOTES

Democrats Save Only Two House Seats.

Louisville, Ky., Nov. 6.—[Special.]—An unprecedented tide of Republican ballots swept Kentucky into the Republican column today by more than 160,000 majority, three times the biggest majority ever registered in an election in this state.

The vote was: Hoover, 514,153; Smith, 354,537.

The landslide also took nine of the eleven congressional districts of the state into the Republican column. This is a loss of six Democratic seats in the house.

The two congressmen who survived the Hoover sweep were W. Voris Gregory of Mayfield and David H. Kincheloe of Madisonville, respectively, of the first and second districts.

The first congressional district went for Smith, and that by a greatly reduced majority.

The Democratic congressional candidates ran a little better than 70,000 votes ahead of the national ticket.

Mrs. Maria Reagan, 11218 South Irving avenue, 91 years old a week ago yesterday, was so eager to cast her ballot for Hoover that she visited the polls before 10:30 a. m.

MRS. McCORMICK HAS LARGE LEAD OVER DEMOCRATS

Other Women Candidates Are Successful.

BY KATHLEEN M'LAUGHLIN.

From dawn until dusk yesterday, the feminine world of greater Chicago lived and moved and had its being in and around the polls. For the women who ran for office it was a strenuous day. For those who voted, judged at least from the angle of the number of their sex they elected, it was an eminently satisfactory one.

Chief interest centered in Mrs. Ruth Hanna McCormick, Republican candidate for representative at large from Illinois, who at midnight seemed assured of success. Her vote in Cook county trailed behind that of her Democratic opponents because of the heavy Democratic vote throughout the ticket, but her majority rolled up by downstate precincts turned the tide in her favor.

Democrats Lead in County.

The returns at midnight gave her 16,771 in 125 out of 3,363 Cook county precincts; Richard Yates, Republican, had 16,676 in the same territory. Charles Brown, Democrat, 23,528, and C. D. Joplin, Democrat, 22,667. Downstate, 485 precincts out of 3,579 gave Mrs. McCormick 92,373; Yates, 91,690; Brown, 49,946; and Joplin, 48,978.

On this basis it was estimated that her downstate majority would be 311,000, while her loss in Cook county would be 181,332, leaving her a generous lead of 129,668 votes.

Making her appearance late last evening at the headquarters of the Ruth Hanna McCormick Volunteers in the London Guaranty building, Mrs. McCormick, in a gown as rose colored as her prospects of victory, was greeted with a burst of applause from the group of her friends who had gathered there to hear the radio returns.

Everything Is Rosy.

She was wrapped in a coat of gray squirrel, with a coral chiffon dress, a beige felt hat, beige slippers, and with a long strand of pearls about her throat. Mrs. Pettit Watson, chairman of the Volunteers and one of the stanchest of the McCormick workers, contributed to the rosy color scheme with a dress of silk jersey, with which she wore a small black hat.

Four Republican women and one Democrat secured their offices as representatives in the Illinois legislature without a contest. They are Mrs. Rena Elrod of Chicago, 25th district; Mrs. Lottie Holman O'Neil of Downers Grove, 41st district; Mrs. Flora S. Cheney of Chicago, 5th district; Mrs. Anna Wilmarth Ickes of Winnetka, 7th district, and Mrs. Mary Cowan McAdams of Quincy, 36th district.

Mrs. Ickes and Mrs. Cheney, both of whom are widely known for their activities in the women's clubs of the city, are taking office for the first time. The others are elected to serve their second terms.

Chicago Women Lose.

In Chicago proper there were only dismal prospects for the two women who sought to fill the vacancy caused by the resignation of Judge Gentzel from the Municipal court bench. Neither Miss Pearl Hart nor Mrs. Mary Berkemeier Quinn, neither of whom had ever campaigned for any office before, seemed to have a ghost of a show, according to the returns at midnight. Several of the twenty men opposing them were far in the lead and still gaining.

Up to a late hour, also, nothing had been heard as to the chances of Mrs. Florence Fifer Bohrer of Bloomington being returned for a second term as Illinois state senator. Mrs. Bohrer, the daughter of former Gov. Fifer, was the first woman to sit in the state senate.

Confident as Mrs. McCormick's supporters were of victory, she herself refused to make a statement until the vote had settled beyond a doubt whether or not she will go to Washington.

"I'd much rather wait," she said, "and see what the result is in the state, and then be able to talk intelligently about the situation as I see it. Just now I feel that perhaps it might be premature."

Capture Youth Believed to Be Hayes' Assailant

A 23 year old youth believed to be one of the two men who tried to rob Municipal Judge Howard Hayes last Sunday night was captured yesterday by a detective bureau squad. A second youth escaped. The prisoner is Emmett McCastland, 5918 South Union avenue. According to the Hyde Park police, who are holding him, McCastland has been positively identified by Judge Hayes.

DIETZ LEADS BY SAFE MARGIN FOR SUPREME COURT

Cyrus H. Dietz of Rock Island, Republican, last night was leading his opponent, Judge Warren Orr of Carthage, by a margin which indicated that he would win the contest for Supreme court justice from the Fourth district by more than 25,000 votes. Dietz will fill the vacancy on the Supreme bench created by the resignation of Floyd E. Thompson soon after he entered the race for governor.

Returns from 140 precincts out of 436 in the Fourth Supreme judicial district gave Dietz 29,123 and Orr 20,241. The Fourth district embraces fourteen western Illinois counties.

ROBINSON VOTES AT CORNER DRUG STORE, THEN PARKS BY RADIO

Little Rock, Ark., Nov. 6.—(AP)—With his wife at his side at she has been throughout his long campaign, Senator Joe T. Robinson, Democratic vice presidential nominee, tonight sat before a radio in his home and listened to the returns from today's election.

The senator spent the most quiet day in perhaps two months, leaving his home only long enough to cast his vote at a little drug store around the corner from where he lives, and to visit Democratic state headquarters.

Gustave L. Lindau, 60 years old, 2770 Prairie avenue, Evanston, died suddenly at his home yesterday, supposedly of heart disease.

8 CITY MEMBERS OF CONGRESS ARE LEADING IN RACE

Oscar De Priest Trails on Partial Returns.

Indications from incomplete returns are that the nine present congressmen in the Chicago districts have been reelected with the possible exception of Congressman Elliott W. Sproul of the second district. Sproul, one of the two Chicago congressmen endorsed by the Anti-Saloon league, is trailing his opponent, former Ald. Henry P. Bergen, a wet, by a vote of 42,386 to 45,358 in 228 out of 475 precincts in his district. Sproul's supporters say, however, that he will be victor on complete returns.

In the first district, Oscar De Priest, the Negro nominated by Thompson ward committeemen after the death of Congressman Martin B. Madden, was expected to win as the district is heavily Republican, but, on the basis of incomplete returns, he appears in danger of defeat. William H. Harrison, independent Republican, the only other congressional candidate in Chicago to carry the dry endorsement, was a poor third in this district.

The votes tabulated last night in the ten districts were as follows:

First district—61 precincts out of 162 give: Baker [D.], 11,595; De Priest [R.], 6,112, and Harrison [Ind.], 687.

Second district—178 precincts out of 529 give: Walsh [D.], 28,305, and Hull [R.], 38,076.

Third district—228 precincts out of 475 give: Bergen [D.], 45,358, and Sproul [R.], 42,386.

Fourth district—137 precincts out of 183 give: Doyle [D.], 30,960, and Zelezinski [R.], 16,182

Fifth district—77 precincts out of 110 give: Sabath [D.], 17,050, and Gates [R.], 7,118.

Sixth district—276 precincts out of 513 give: Igoe [D.], 74,701, and Golan [R.], 48,046.

Seventh district—280 precincts out of 696 give: Selten [D.], 47,200, and Michaelson [R.], 58,146.

Eighth district—70 precincts out of 100 give: Kunz [D.], 16,690, and Walz [R.], 6,551.

Ninth district—81 precincts out of 173 give: McDermott [D.], 11,824, and Britten [R.], 16,969.

Tenth district—141 precincts out of 422 give: Weber [D.], 26,118, and Chindblom [R.], 32,862

Hoover Takes Early Lead in North Dakota Count

Fargo, N. D., Nov. 7.—(AP)—Herbert Hoover apparently had carried North Dakota on the basis of returns from 285 out of 2,197 precincts in the state. The figures were Hoover 34,645 and Smith 21,851. The election of George F. Shafer, Republican, as governor appeared certain when 227 precincts had reported. He had 24,951 to 13,213 for Gov. Walter Maddock, Democrat, who was endorsed by the Nonpartisan league.

RURAL MISSOURI PILES UP LEAD OF 48,000 FOR HOOVER

St. Louis Gives Smith Small Margin.

St. Louis, Mo., Nov. 6.—(AP)—Returns from 1,944 precincts out of 4,293 give Hoover 276,373; Smith, 227,698. Gov. Smith was leading in St. Louis city by 3,314 on returns from 127 out of 640 precincts. The St. Louis vote was: Smith, 27,503; Hoover, 24,189.

For U. S. senator 1,890 precincts out of 4,293 give Patterson [Rep.] 248,502; Hay [Dem.], 247,765. For governor, 1,911 precincts give Caulfield [Rep.] 247,168; Wilson [Dem.], 250,779.

GALPIN MAY BE IN CITY, BUT HE FAILS TO VOTE

Although reported in the city after an exile in Wisconsin, Homer K. Galpin, political boss of the 27th ward and associate of State's Attorney Crowe, did not exercise his privilege of voting. When the polls were closed at 4 p. m. in Galpin's polling place at 406 South Leavitt street, the clerks reported that he had not appeared.

Galpin has been wanted as a witness before the special grand jury which wished to question him about contributions to the America First campaign fund at the last primary. He possibly feared being served with a subpoena although there is no jury in session and it is not known whether another special jury will be granted.

Alabama's First Capital Gives Smith 5 and Hoover 1

Cahaba, Ala., Nov. 6.—(AP)—Complete election returns from Cahaba, Alabama's first capital, at 8:30 a. m., gave Smith, 5; Hoover, 1. Nearby, Martin station reported a total vote for Smith of 4.

CHICAGO BEATS CITY BOND ISSUES BY 2 TO 1 VOTE

County, State Proposals Also Swept Under.

Chicago's voters delivered another crushing blow to the Thompson administration yesterday by rejecting the city's $26,491,000 bond issue program. Returns from one-third of the city indicated a 2 to 1 defeat for the issues. Last April, the same program, in enlarged form, went down by about the same majority.

Nine hundred and twenty-five precincts out of 2,922 in Chicago gave the city program an average of 80,000 for to 145,000 against. The "No" votes gradually were gaining with each batch of returns.

State and County Issues Lose.

The voters' protest against further expenditure of bond funds by the present officials also swept under the proposed state outlay of $20,000,000 for Illinois fish and game preserves, sponsored here by the Fish Fans' club, and the $2,800,000 county issue for a new nurses' home at the County hospital. Incomplete returns showed the state issue to have lost downstate as well as in Chicago.

On the whole the bond debacle was interpreted as one of the most decisive answers ever given by local taxpayers to padded pay rolls, exorbitant expert fees, and other evidences of spoils politics.

Among the local bond issues, the Municipal airport improvement ran the best, with the street light issue a close second. Both, however, were hopelessly beaten along with all of the street widening projects.

Returns from 925 Chicago precincts follow. The state bond issue figures include 427 downstate precincts, which voted: Yes, 57,714; no, 63,213.

High tax bills and lack of confidence in the Thompson administration, especially in Michael J. Faherty, head of the board of local improvements, gave rise to the city bond issue revolt, according to civic organization leaders. The major issue, these groups pointed out, was not "Are the improvements meritorious?" but "Shall Thompson and Faherty be handed more millions to spend?"

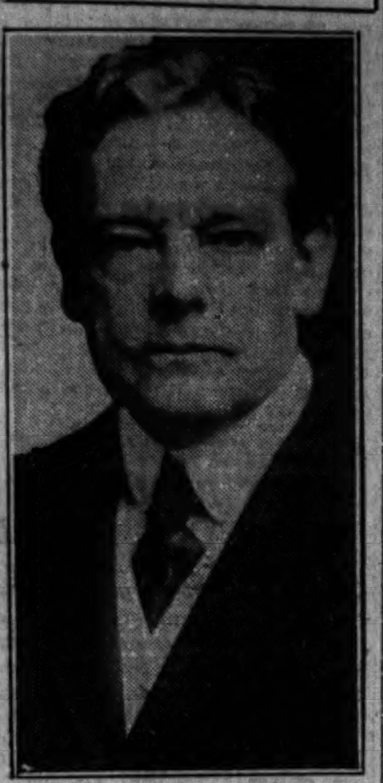
Expect Faherty to Go.

Mayor Thompson's aides, a year ago, lobbied through the legislature bills boosting Chicago's bonding power approximately $100,000,000. In two attempts, he has been unable to obtain the voters' permission to spend a penny of it.

Rumors have been circulated at the city hall for weeks that Faherty would be forced to resign should his street program receive another rebuff. Politicians close to the mayor are reported to be ready to deliver to him an ultimatum that Faherty must go for the sake of the rest of the administration and the progress of the city. As an outcome of yesterday's popular verdict, they are expected to insist upon fulfillment of their demand.

Faherty, it was known, sponsored an expensive personal campaign to put the bonds over, even appealing to teachers in the public schools. He succeeded in aligning with them numerous outlying business and improvement clubs, anxious to have the street widenings in their districts completed.

TO CONGRESS



Richard Yates, who appears to be victor in race for Congressman-at-large. Ruth Hanna McCormick also appears victor.

LESLIE PASSES DAILEY; HOOVER TAKES INDIANA

Robinson Returned to U. S. Senate.

Indianapolis, Ind., Nov. 7.—[Special.]—Herbert Hoover swept Indiana in Tuesday's election. It was indicated early today that his majority may even exceed the Coolidge vote in 1924 of 210,797.

So large was the Republican presidential nominee's margin that he probably has carried into office the entire state Republican ticket.

Arthur Robinson, Republican, apparently has been reëlected to the United States senate as the colleague of James E. Watson.

Leslie Takes Lead.

Harry Leslie, Republican nominee for governor, who trailed his ticket, and Frank Dailey [Dem.], most of the night, took the lead early today and probably has been elected.

The fate of the ten Republican and three Democratic congressmen running for reëlection remains in doubt.

Louis Ludlow, former Washington newspaper man, apparently has defeated Ralph Updike, klan supported Republican, and Harry Rowbottom, klan supported Republican, may lose his seat in the first district [Evansville].

Hoover Has Big Lead.

The returns from 1,089 of the 3,608 precincts showed Hoover 355,645; Smith, 249,735.

For senator 1,027 precincts showed:

Robinson [R.]	295,854
Albert Stump [D.]	239,590

For governor 1,386 precincts showed:

Leslie	342,287
Dailey	336,512

Hoover Captures Wyoming; Senate Race in Doubt

Cheyenne, Wyo., Nov. 6.—(AP)—With Wyoming apparently firmly in the Hoover column, the race for election to the United States senate being waged by John B. Kendrick, Democratic incumbent, and Congressman Charles E. Winter, Republican, attracted major attention in the state. The lead changed frequently during the night, with Senator Kendrick holding a slight advantage most of the time. Scattered returns from 144 precincts out of 690 in the state, including both city and rural communities, gave the following totals: Hoover, 7,917; Smith, 4,385. Kendricks, 5,938; Winter, 5,731.

HOOVER SWAMPS SMITH BY 125,000 IN WISCONSIN

Milwaukee, Wis., Nov. 6.—[Special.]—Wisconsin, classed by political forecasters as an Al Smith state, was safe for Herbert Hoover tonight by at least 125,000 votes.

Returns from 2,579 precincts out of the state's 2,743 gave Hoover 473,120 and Smith 349,470.

La Follette Easy Winner.

Senator Robert M. La Follette Jr., Republican candidate for reëlection, may roll up a vote equal to if not surpassing anything established by his late father, the founder of radicalism in Wisconsin. Sixteen precincts in Dane county gave La Follette 198 votes, while his independent Republican opponent, State Senator W. H. Markham, received nothing. Emerson, prohibition candidate, also was left without a count in the returns.

Markham conceded his defeat when returns from only one-ninth of the state gave La Follette an 8 to 1 vote.

Kohler by 100,000.

Walter J. Kohler, Republican, was elected the twenty-sixth governor of the state. His plurality was expected to exceed 100,000 over Mayor Albert G. Schmedeman, Democrat.

Mr. Kohler is the first Republican supporting the national party to be elected in a decade. The last was Gov. Emanuel L. Phillip, war governor of Wisconsin.

Elected with Mr. Kohler were the progressive Republicans who have been the minor state executives the last two years. They are Henry A. Huber, lieutenant governor; John W. Reynolds, attorney general; Solemon Levitan, state treasurer, and Theodore Dammann, secretary of state. They were reëlected by overwhelming majorities over their Democratic opponents.

The trend toward Hoover was apparent as soon as the reports from the rural districts began to come in. In the earlier reports the predictions that Smith would carry the state with the help of radical Republicans and the wet lake shore counties seemed to have been fulfilled. Milwaukee county was on its way to giving Smith a plurality of 30,000. Four precincts in Manitowoc county gave Smith 1,184; Hoover, 496. Kewaunee county was 1,044 to 541 in favor of the Democratic nominee. But the metropolitan sections could not provide enough ballots to meet the avalanche that came from the other sections of the state.

State's Rebuke to Blaine.

Wisconsin's election of Hoover is looked upon as a direct slap at its junior senator, John J. Blaine, whose repudiation of the Republican candidate was one of the sensations of the campaign.

Lieut. Gov. Henry Huber, Treasurer Sol Levitan, Attorney General John Reynolds, and Secretary Theodore Dammann were rolling up a sizable vote which practically nullified the Democratic ballot for major state offices.

City Manager Form Wins in Kenosha Recall Poll

Kenosha, Wis., Nov. 6.—[Special.]—The most intense political battle in the history of the city of Kenosha ended here Tuesday night when two hours after the polls closed it was announced the city manager forces had won the recall by 1,276 votes.

ARKANSAS VOTES FOR ADOPTION OF MONKEY LAW

Little Rock, Ark., Nov. 6.—[Special.]—Based on returns received here up to midnight the voters of Arkansas, have justified the term "monkey state" by adopting the initiated measure to prohibit teaching the theory of evolution in the tax supported schools of the state.

Partial returns from practically all of the 75 counties gave the bill a majority which had been maintained from the time first reports begain to come in.

Opponents of the bill found cause for hope in the fact that most of the early returns came from rural precincts. It was expected the bill would meet with the greatest opposition in the cities and towns. The last vote as reported stood 11,182 for the bill and 9,406 against, the count coming from 214 precincts out of a total of 2,059 in the state.

Result in College Towns.

A surprising feature of the vote is that early returns from Washington county in which the state university is located gave the bill a majority of approximately three to one, in spite of the fact that the university crowd fought the measure.

Returns from Clark county, in which is located Ouchita and Henderson Brown colleges, also indicated adoption of the bill there.

From Conway, the seat of the Arkansas Teachers' college, Central Baptist college and Hendrix college, returns indicated that the county had gone against the anti-evolution measure by a big majority. The same is true of Little Rock and Pulaski county and it is possible that when the vote from the cities and towns is counted it will offset the lead given to the bill by the rural sections.

The total vote reported on the anti-evolution bill was small compared to that given in the presidential race. That is probably partially due to many voters failing to express a desire on the bill, but it is more probably due to failure of the judges at the various election booths to announce the result on the proposed act.

If the act has been adopted, it will become effective immediately, on declaration of its passage. The result will be discharge of numerous textbooks now in use in the public schools and higher state educational institutions. No estimate has been made of the expense which must be met by parents and students in order to comply with the law.

Since the law applies only to educational institutions supported out of public funds, it will not affect the denominational colleges and private schools.

The act voted is an exact copy of the bill introduced by A. L. Rotenberry, in the legislature, during the 1927 session, and which passed the house of representatives only to be indefinitely postponed by the senate. It is practically the same bill as the Tennessee evolution law, and provides that any teacher who permits the theory that "man descended or ascended from a lower order of animal" or any member of a text book commission which adopts a text book containing the theory, shall be punished by a fine, and shall be immediately removed from office on conviction.

County Democratic Slate Loses Big Early Lead.

tory, and the outlook is that Litsinger may forge into the lead and finish winner. The figures from the 2,475 precincts are Nash, 516,963; Litsinger, 511,328.

It is a hot finish, too, over clerk of the Circuit court. Thomas O. Wallace, by a spurt in the early morning hours cut down the lead of Ald. Thomas J. Bowler, Democrat, to 1,410, with prospects that the next batch of returns will place him in the lead. The returns from 1,725 precincts out of 3,358 in Cook county are Bowler, 337,971; Wallace, 336,561.

The following Cook county tabulation is based on returns from 925 of the 2,922 precincts in the city of Chicago and 200 of the 436 precincts in the country towns:

Knifing Shows in Returns.

As the figures streamed in they indicated a day of prodigious knifing and slashing. The Crowe-Thompsonites fell upon the Deneenites with sharpened tomahawks. And vice versa.

Figures on the other county candidates are slow in trickling through, for the day's voting was a record breaker and the count is slow. But they indicate that the Crowe-Thompson machine was caught in another avalanche similar to the one that struck it in the popular revolt against the April primaries in which Judge Swanson defeated State's Attorney Robert E. Crowe.

Clayton F. Smith, Democrat, ex-city treasurer, has beaten John W. Jaranowski, Republican, for recorder of deeds. Jaranowski was the Crowe-Thompsonite whose wife was appointed recorder by the ring after the death of Recorder Joseph F. Haas, because Jaranowski could not take the job without resigning as county commissioner, and two jobs in the family were better than none.

On recorder, 925 precincts in the city and 200 in the country give:

	Chicago.	Country towns.	Totals.
Dem., Smith	240,968	57,702	298,670
Rep., Jaranowski	102,315	28,198	130,513

The County Issue.

Both Judges Lindsay and Swanson campaigned for state's attorney on the issue of divorcing crime and politics and chasing gunmen and gangsters uel E. Erickson for clerk of the Superior court.

The outpouring of voters was the greatest in Chicago's history. In many precincts, before the polls were opened at 6 o'clock, groups of voters were clustered in front of the polling places. Up to noon the vote was being cast at the rate of 140,000 an hour, and by 2 o'clock, the election officials estimated, more than a million ballots were in the boxes. At the closing hour the officials figured that nearly 1,300,000 of Chicago's registry of 1,386,631 had voted. Four years ago the city vote for President ran 951,000.

Rush to Vote in County.

In the country towns of Cook county, where the polls opened an hour later, the rush to the polls also started bright and early. In Evanston between 30 and 40 per cent of the vote was cast in the first three hours, most of the early voters being men. Later the housewives stormed the polls. County Clerk Sweitzer estimated at the close that about 260,000 votes had been cast in the towns, which would be about 95 per cent of the registration of 276,479. Many votes were sworn in by affidavit. The officials figured that about 1,575,000 votes had been polled in Cook county.

Around the noon hour and in the early afternoon, the women predominated at the city polls. Extra booths had been provided on account of the heavy registration and a card system was inaugurated to expedite the work, so that the closing hour would not find any crowded out in the cold. In many of the precincts, citizens stood in long lines all day long while fourteen to twenty booths inside were filled. In many precincts it took twenty minutes to half an hour for each voter to mark his ballot.

On the west side the greatest early vote was reported from the Twentieth ward, home of Morris Eller and his son Judge Emanuel Eller, now under indictment in connection with the murder of Octavius Granady on primary day last April. In this ward, 38 per cent of the registered voters had cast their ballots in the first two and a half hours.

It was a sedate day at the polls, no violence, no shootings, no machine gunning. A small army of volunteer workers kept watch and a corps of government watchers toured the city looking for trouble spots.

Judge Swanson Restates Platform to Clean City

Judge John A. Swanson issued the following statement early this morning when it was apparent that he had been elected state's attorney:

"On the face of the returns there appears to be no question of my election to the office of state's attorney of Cook county.

"To the hundreds of thousands of good citizens of this community who have loyally supported me individually, as well as through many organizations I desire first, to express my grateful appreciation. In thanking the Chicago daily press for its undivided support of my candidacy, I wish to add the promise that I will faithfully keep each and every campaign pledge I have made, to administer this all-important office fairly and impartially.

Courts to Be Purged.

"Above and beyond all personal satisfaction I may have over the outcome of this contest as a candidate, I am impressed first by the burden of responsibility the people of Cook county have placed upon me. I shall not fail them in the fight to free their courts, their law enforcing machinery, from malign influences that have made a mockery of justice.

"The tremendous task confronts us all of restoring to Chicago and Cook county its good name and reputation as a law-abiding community whose streets are safe not only for its residents, but for the stranger who comes here for commercial reasons or for pleasure. I shall not compromise with crime or criminals, their political friends and protectors—in or out of public office.

Thankful to Supporters.

"I am thankful to those Democrats and those Republicans of all groups and factions who have disregarded appeals to narrow resentments and antipathies. From them the mandate has come to me to carry out my campaign pledges—not as a mere Republican nominee—but as an official sworn to protect them in their lives and property.

"It has been a long campaign and by the very nature of the forces we have had to fight—a destructive one. I intend that my administration of the office of state's attorney shall be constructive as well as corrective.

"Between now and the time for assuming the duties of my office I intend to devote myself to the development of a comprehensive and constructive program in which the prevention of crime, as well as its prosecution and punishment is to be given primary consideration. In this I now bespeak the coöperation of all judges of all courts and the aid of all civic and social agencies."

3 MORE WOMEN TO SIT IN U. S. HOUSE; 1ST NAME OF EACH RUTH

New York, Nov. 7, 2 a. m.—[Special.]—Three more women were added to the membership of the United States house of representatives in yesterday's elections and the first name of all of them is Ruth.

They are Mrs. Ruth Baker Pratt, elected from the Seventeenth New York district; Mrs. Ruth Hanna McCormick, elected congressman-at-large from Illinois, and Mrs. Ruth Bryan Owen, elected from the Fourth Florida district.

Mrs. Pratt is a member of the board of aldermen of New York City. Mrs. McCormick is the widow of Senator Medill McCormick of Illinois and the daughter of the late Senator Marcus A. Hanna of Ohio. Mrs. Owen is the daughter of the late William Jennings Bryan.

G. O. P. TICKET SWEEPS STATE, RETURNS SHOW

Emmerson Wins; Glenn Defeats Cermak.

(Continued from first page.)

ing served four years in his present office and also considerable help because he withdrew from the primary race for the governorship in favor of Emmerson.

These elements in the situation, supplemented by his own ability as a campaigner, brought him closer than any other state candidate to the Hoover total. Apparently he carried Cook county by 115,000 and swept downstate by enough to give him an estimated plurality of 400,000.

Returns on the other state offices were slower in coming in than on those already mentioned, but all the signs were that they had hit approximately the same stride in receiving about an even break in Cook county and had traveled along downstate close together for state pluralities ranging from 250,000 to 300,000, with chances for considerable variations for individuals.

Ruth Hanna McCormick Wins.

These winners included Lieut. Gov. Fred E. Sterling, reëlected; State Auditor Oscar Nelson, reëlected; William J. Stratton, who won the office of secretary of state; Omer N. Custer, who now will return to the state treasurership in which he served a term ending two years ago; and the two nominees for congressman at large, Mrs. Ruth Hanna McCormick and Richard Yates, who now holds that office.

In Chicago the ward and precincts returns, supplemented by other information, indicated that the issues which most influenced the vote were those of religion and prohibition, with decided emphasis on the former, although it was conceded that the result locally would not have been what it was except for the vicious knifing of the Deneen group by the Thompson-Crowe leaders, who, in order to carry out their purposes, extended their slashing all the way to the top of the ticket.

Agricultural Issue Fades.

Downstate religion and prohibition also played their distinct part in the outcome according to telegraphic reports but the farm issue did not have the effect that the Smith organizers and workers had predicted it would have.

And overlapping all of these specific issues, it was agreed everywhere, the argument of the likelihood of prosperity under the Republican banner bore fruit wherever the voter was not influenced decidedly by any of the other campaign arguments.

An example of the way that the farm issue failed to swing Republican agriculturists away from their party was seen in the presidential vote in Nassau precinct of Ogle county, Frank O. Lowden's home precinct. The former Illinois governor had refused to issue a statment for Hoover, but his precinct went Republican by 102 to 47.

G. O. P. Counties in Line.

A study of the state map chalked up with the incomplete returns from downstate showed up as somewhat spotted by the effects of the various issues, but in general the Republican counties kept in line except where they were swung by the votes of the larger cities.

Apparently the banner Hoover counties downstate were Kane and Winnebago, each of which according to estimates on partial returns gave Hoover leads right around the 25,000 mark. That beat the Coolidge record there. Of the north border counties, Lake showed up well with an estimated 12,000 for Hoover. The Democrats had said that because of big industries located there they would bring the usual Republican lead down materially, but Coolidge carried it by only 14,559.

In Chicago there was intense interest everywhere in the threatened swing of the Negro vote toward the Democratic column. It materialized to some extent but not to the degree hoped for by the supporters of Smith. It came up to the Democratic wishes in the Second ward where returns indicated Smith may have received more than half the total vote cast. And in the Third, which also is almost entirely a Negro ward, the Democrats apparently got more than an even break.

But the most frequent comment on the incomplete ward tables was the manner in which the wards in which the Thompson-Crowe organization is boss went over to the enemy this time. The Twenty-ninth ward, the home of State's Attorney Crowe, is believed to have gone to Smith by better than 2 to 1. Homer Galpin's ward, the Twenty-seventh, also gave Smith and Cermak a big lead.

Morris Eller's ward, the Twentieth, did about as well as Crowe's and the same thing was true of all the wards where the leadership is in the hands of this group. The only answer to the charge that they tossed their bailiwicks into the Smith column was that some of the Deneen leaders also failed to deliver the usual Republican pluralities in some of the big Republican sections of the north and south side lake shore wards.

M'BRIDE SAYS HOOVER VICTORY VINDICATES ANTI-SALOON LEAGUE

Washington, D. C., Nov. 6.—(AP)—F. Scott McBride, general superintendent of the anti-Saloon league, declared tonight that the result of the election is a "thorough vindication of the anti-Saloon league which was bitterly attacked by Gov. Smith throughout the campaign."

He said "in other countries throughout the world, Hoover's election will be accepted as proof that prohibition is to continue as the permanent policy of America in dealing with the liquor traffic.

"With a President committed to the support of the eighteenth amendment and the Volstead act, a dry congress and the dry public sentiment demonstrated in this election, the way is open for increasingly effective prohibition enforcement."

FLAMES SWEEP FLAT BUILDING ON NORTH SIDE

Fire, believed to be of incendiary origin, swept through a combination business and apartment structure at 1045-51 Berwyn avenue, early this morning, causing $50,000 damage and driving Jack Gerabedian, his wife and two small children to the street.

A 4-11 alarm was sounded before fire companies subdued the flames. In one of the third floor apartments, Fire Marshal Michael J. Corrigan said he found a quantity of gasoline and saturated rags within. Police were instructed to take in custody I. C. Levin, 3159 Roosevelt road, said to be agent for the owners of the building.

Every apartment in the structure has been vacant since the property was recently sold, Chief Corrigan said. Gerabedian, a tailor, occupied quarters in the rear of his shop on the ground floor. An unidentified pedestrian, seeing the flames, broke a window and with shouts roused the tailor and his family.

Mr. Leslie N. Bigelow, 265 Goodrich St., New Haven, Conn., had a bad cough. Nothing he took helped any,—that is, nothing till he tried REM. Listen to what he says about that:

No hat and coat--
then a cough--then REM--then no cough

"I had a pretty bad cough recently," says Mr. Bigelow. "I was working at the Grace Hospital and went out on the porch without a hat and coat on. It was a pretty cold day, and I caught a bad cough. I coughed a great deal at night and nothing I took helped me. Then my mother-in-law told me to take REM and I got a bottle at Moore's Pharmacy, corner of Newhall & Starr. I took only eight spoonfuls in all, and my cough was gone. I wouldn't be without REM now, and I've given it to my three children, too."

Grateful users recommend REM. It's different. It clings to your throat, soothes the irritation and quiets the cough. Pleasant to take and perfectly harmless. "Money back," if it doesn't help you.

Insist on REM! Remember, its effectiveness is largely due to a special ingredient, not in ordinary cough syrups.

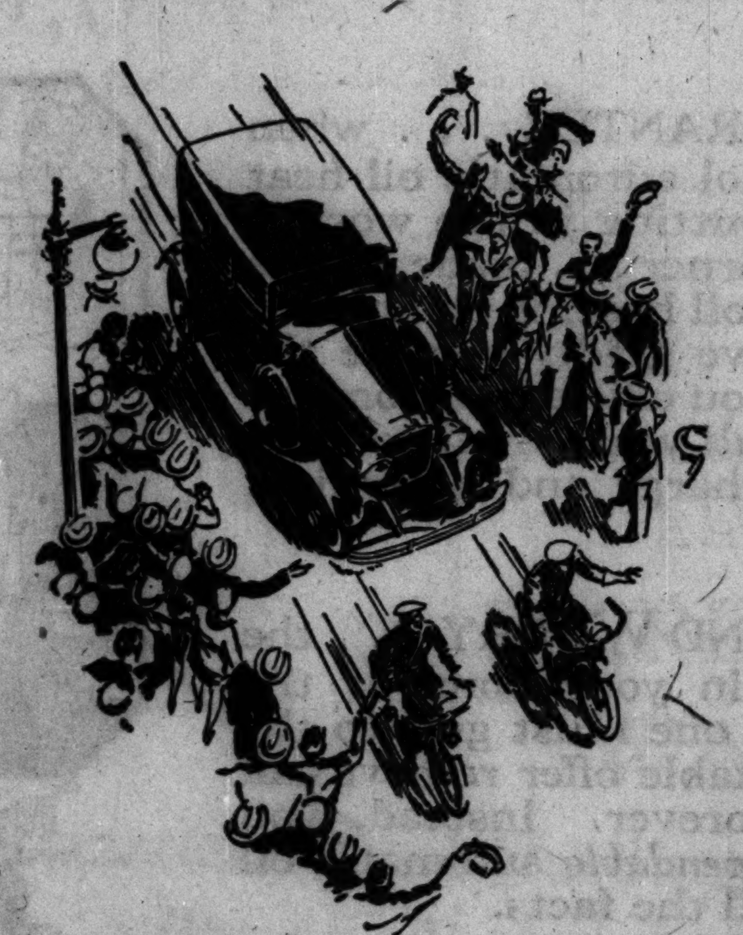
NEW PRESIDENT



REPUBLICANS, Democrats—members of all parties alike have voted for the new President Eight built by Studebaker. In July (six months after its initial appearance) it outsold every other eight-cylinder car in the world, regardless of type or price!

Less than a year old, the sheer beauty, speed and merit of this great motor car at its One-Profit price of $1685, have swept it to leadership.

The President Eight achieved the greatest feat of endurance in transportation history when it traveled 30,000 miles in 26,326 consecutive minutes. And not one, but four, Presidents *each* traveled 30,000 miles at 64 to 68 miles per hour average speed. Each was a *strictly stock model*—selected at random from Studebaker assembly lines by the American Automobile Association. This organization also supervised the entire run.

Nothing else—except comets and other heavenly bodies—ever traveled so far so fast.

No other car ever won preference among cars of its class so swiftly. For no other car ever offered such power, such proved performance, such luxury at One-Profit prices.

No car has ever deserved leadership so well—and an hour or a day behind the wheel of The President Eight will prove this most pleasantly. Drive one today!

CHICAGO LISTENS TO RETURNS VIA RADIO, TELEPHONE

Voice from Ether Spells End of Former Crowds.

Radio and the telephone played an important part last night in spreading the latest returns of the ballot count to the millions of persons eagerly waiting to know the outcome of the election. Through these mediums THE CHICAGO TRIBUNE kept its unseen listeners directly connected with the count of the votes during the night.

Absence of the usual election night throngs on the loop corners, along Randolph-street's "Rialto," and at community centers, with the accompanying fanfare and trumpeting, led observers to point out that the voice from the ether has become important in disseminating information. The noise in the loop, it was pointed out, came mostly from the vendors of whistles and megaphones. Others voiced the conviction that it was the victorious voters who had remained at home for confirmation of their candidates' prospects and were in the mood for celebration, who were on the streets.

W-G-N Tells the News.

Beginning at 2:30 p. m. yesterday with a radio description of a trip through THE TRIBUNE plant, showing how the news of the election was gathered, W-G-N, THE TRIBUNE's broadcasting station, continued to give out the returns until the election was decided. An increase of its transmission power from 15,000 to 25,000 watts, making it the most powerful station in transmission west of New York, and extending its radius to the most remote corners of the continent, was put into effect in time for the evening's broadcast.

A hookup directly to the county building, where the returns were tabulated, and to the news room of THE TRIBUNE, gave W-G-N listeners the advantage of hearing the latest returns as they were computed. Accounts of the election trend by a number of THE TRIBUNE's political observers were broadcast from the studio in the Tribune Tower. After 11:30 p. m., the Comedy club, consisting of a galaxy of stars from the various shows in the city, and famous dance orchestras furnished entertainment between announcements.

Answer 50,000 Phone Calls.

Perhaps the most difficult task was that of the ten telephone operators who repeated the election bulletins to the public over the 100 trunk lines usually given over to THE TRIBUNE's business. More than 50,000 calls were answered by the operators, according to Miss Anne Garrow, the chief operator.

As early as 11 a. m. yesterday, the operators began to answer queries in connection with the election, but the real rush did not begin until the polls closed at 4 p. m. This office, also, was connected directly with the county building. In addition to these operators, 25 girls were kept busy telephoning the returns to 150 theaters to be flashed on the screen and announced from the stage.

Free 12 Men from Jail So They Can Cast Vote

New York, Nov. 6.—[U. P.]—Twelve men who lacked the money to pay fines for illegal possession of liquor were free today because the nation happens to be electing a President. Federal Judge Inch ordered the men, who had been sentenced to from five to 15 days, taken from Raymond street jail. He reduced their fines to $1 each and told them to vote. Spectators paid the fines of five men who didn't have $1.

Ballots Give Out; Baraboo Hustles Printer for More

Baraboo, Wis., Nov. 6.—[Special.]—Sauk county ran out of ballots in Tuesday's election here in the largest vote in the history of the county. Miss Nellie Sceales, county clerk, was compelled to rush an additional 1,500 ballots to several precincts in the county late in the day following a hurried call to printing establishments. About 9,000 votes were cast in the record election of the county.

Doomed Men Get Radio Returns in Sing Sing

Ossining, N. Y., Nov. 6.—[Special.]—Thomas "Red" Moran and three other residents of Sing Sing's death house, as well as more than 1,700 other prisoners, were able to get early election returns tonight through special radio apparatus.

AL TAKES IT WITH A SMILE AS RADIO CRUSHES HOPES

Is Sitting Among Party's Humble at the Word.

BY JAMES O'DONNELL BENNETT.

[Chicago Tribune Press Service.]

Democratic Headquarters, New York, Nov. 6.—[Special.]—Al Smith took his bad news with a smile.

I stood a few feet from him when the crash came from the loud speaker at Seventy-first Regiment armory in these words:

"There isn't any doubt about it now. Hoover is elected."

He was sitting in the seats of the humble as a rank and file man of Tammany. On his left sat a young woman unknown to him.

Democratic politicians of far less importance than the governor of New York sat in the front row seats.

Makes Good His Promise.

One of them was George McNamee, Al's pre-convention manager. The governor leaned forward from his second row seat and whispered to McNamee, nodding and smiling as he did so.

Well, in an hour, mournful to him, he had made good the words he spoke to me a few days ago.

"The man who gives it," he then said, "must be ready to take it—and I have always taken mine with a smile."

So now he was smiling but he looked ten years older than he did this noon when he voted.

Goes to Cheer Wife.

In a few seconds he rose, shook hands with the young woman unknown to him and rode back to Mrs. Smith at the Biltmore. She had been weeping, but instantly she saw her husband she smiled and waved from the doorway of their apartment on the fourteenth floor. The couple went within and there the governor rested for fifteen minutes.

Then he descended to Franklin Roosevelt's headquarters on the first floor. There he shook hands with scores of party leaders and said, "Now, now, don't do that!" to women who were crying.

He diffused good cheer. The women dried their eyes, and the moody men —I never saw glummer—took their cue from him and solicitously cheered up their women folk.

News Follows Birthday Party.

The grimmest part of the program of disaster at the armory was that the nominee went to hear it direct from Mrs. Smith's birthday party, at which she and her husband had entertained their daughter Emily and her husband, Maj. John A. Warner; their daughter Catherine and her husband, Francis J. Quillinan; their son, Al Jr., and his wife; their son, Arthur, and his wife; the governor's sister, Mrs. John J. Glynn, and her husband; his nephew, Edward Glynn, and his wife; Mrs. John F. Gilchrist, wife of the transit commissioner of New York; Mrs. Edward Dillon, friend of Mrs. Smith; Miss Rose Pedrick, formerly secretary to the governor; Judge Joseph M. Proskauer; Judge Bernard J. Shientag; William H. Todd; William H. Woodin, president of the American Car and Foundry company; and Dr. Arthur J. Leonard of Saratoga.

Tammany Draped in Sorrow.

There is no doubt that Smith was set for bad news—if not the worst—as soon as he entered the armory. There about 700 of the Tammany faithful greeted him with cheers. Their old home on 14th street has been demolished and the new one is not finished. So they had rented the armory for a night of jubilee that soon lapsed into a wake. The huge hall was so desolate that the police made no difficulty about admitting the general public.

Throughout the ordeal Smith bore himself well. He smoked heavily as one dreary bulletin after another smote him. His face, deeply flushed, was grave and thoughtful. His hands were steady but his jaws worked hard on his long cigar.

At good news from the south he did not flicker an eyelash. After bad news he sometimes would turn to his old friend, William F. Kenny, New York contractor, and ask a question or make a comment.

Face Shows Disappointment.

Once he methodically put on his silver bowed spectacles and studied a sheet of figures which Mr. Kenny passed to him.

Twice Al yawned prodigiously and twice I caught Kenny catnapping, out of which relaxation he would come with a jump.

You could see the deep lines settling in Al's face, especially under his eyes and each side of his big nose. But he looked more thoughtful than sad.

When returns came from New York counties, the political background of which he knows as he knows the back of his hand, he cocked an especially attentative ear—his left ear.

The young woman who sat next to him was Miss Edna Ryder. She did not give her name to the governor, but he smilingly told her who he was, and she said, "O, my sisters will be jealous!"

Sometimes he seemed to be wisecracking with her.

Meeting with Roosevelt.

With him at the armory, but not near him, was the pale, limping Franklin Roosevelt, and when they came close to one another at the doorway Al said, "Well, Frank, Tammany has been wigwamming the armory for one night only."

The governor was not there for more than three-quarters of an hour.

After the rest and the visiting at the Biltmore, which followed the armory obsequies, the governor rode to the Democratic national headquarters at 57th street and Central Park. He was loudly cheered both at the Biltmore and headquarters.

At headquarters was John W. Davis, who was in a position to know better than anybody else just how Al was feeling.

John was also in a wisecracking mood and emitted these two reflections:

"We are used to it."

And:

"Maybe twenty-five years from now."

Again the Life of the Party.

Al was the life of the party at headquarters, and heaven knows it needed galvanizing.

He wore a white daisy in the lapel of his black sack coat and he jauntily carried the brown derby.

After greetings to one and all, he and his wife, who like her husband was beaming again, cut her birthday cake which headquarters had sent her. It weighed 150 pounds and its sculpture was lavish with emblems of the married life of the Smiths from Oliver street to Albany. It blazed with candles and was loudly applauded.

Mrs. Smith wore a gown of white embroidered in silver.

Her composure was really superb. She kissed her women friends and she and daughter Emily joyously studied out the sculpture on the heroic cake, which showed the governor and Mrs. Smith leaving St. Patrick's after their marriage, Gov. and Mrs. Smith seated at a card table, Mrs. Smith sewing, Gov. and Mrs. Smith dancing to "The Blue Danube," and a scene representing Mrs. Warner's wedding and a picture of the five children.

AL'S GRANDSON, 2½, BURSTS INTO VERSE TO HELP HIS GRANDPA

Albany, N. Y., Nov. 6.—(AP)—Arthur Smith Jr., two and one-half year old grandson of Gov. Smith, is not too young to campaign for the Democratic national ticket, although he is a long way from voting age, Arthur has been repeating with great gusto a rhyme composed by one of the maids at the executive mansion. This is how it goes:

Put on your old brown derby,
For we are out to beat Herby,
No matter what they say;
And through the fields of clover,
We'll put grandpa over
On election day.

Flees from Accident, but Police Bullets Halt Him

Fleeing from an auto collision at Washington and Western avenues last night, Joseph Wozniak, 23 years old, 3559 South Hermitage avenue, felt a police bullet crease his scalp before he stopped and surrendered. The policeman, believing Wozniak wounded, took him to the County hospital, where he was pronounced unharmed. He was then locked up in the Warren avenue station.

COOLIDGE STAYS UP LATE TO HEAR OF G. O. P. VICTORY

Sits by His Radio Until Nearly Midnight.

[Chicago Tribune Press Service.]

Washington, D. C., Nov. 6.—[Special.]—Such keen interest was displayed by President Coolidge in the outcome of the national election that he did not retire until a quarter to 12, long after his usual bedtime and more than an hour later than he went to bed four years ago, when his own political future was at stake.

Although the President was informed as early as 10 o'clock that the election of Herbert Hoover was assured, Mr. Coolidge continued to ask for bulletins from the news associations until after 11 o'clock. Most of the evening after the President's train arrived in Washington from Northampton at 8 o'clock in the evening was spent by the President in his study, listening to the radio.

At intervals the President conversed over the telephone with Edward T. Clark, his personal secretary, who spent the evening at the headquarters of the Republican national committee. The President was in touch with the headquarters as early as half past 9. At that time he was informed that New York state would go Republican by a majority of at least 100,000.

The President evinced great interest in the returns from Massachusetts and special attention was paid by his news sources in supplying him with bulletins touching on the fortunes of Herbert Hoover and other Republican candidates in that state. The President and Mrs. Coolidge cast their votes at Northampton early this morning.

Although gratified with the results of the election and its endorsement of his administration, Mr. Coolidge declined to make any statement tonight. It was indicated that he might have something to say tomorrow.

For the President it was said that he would have no immediate comment to make on the election, as he felt that election day is essentially a day set aside for the people to have their say. The President, it was said, did not feel that he should break in on it.

DELAY SENTENCE ON SIMPSON FOR PRICE MURDER

Marion, Ill., Nov. 6.—[Special.]—When Leslie Simpson was taken into court today to hear his sentence following his plea of guilty to the murders of Highway Patrolman Lory Price and wife, sentenced was deferred until Wednesday by Circuit Judge D. T. Hartwell, with probabilities that sentence will not be pronounced then.

Judge Hartwell ordered Simpson with Art Newman, confessed Birger gangster, and admittedly present when Price was killed, and Riley Simmons, another Birger gangster, into court Wednesday.

At that time Newman and Simmons will be arraigned, and should they also plead guilty, all will be sentenced together; but it is believed that neither Newman nor Simmons will plead guilty and Judge Hartwell intimated he would defer sentencing Simpson until after the trial so that he could testify against the others as a state witness.

SMITH LEADS IN MASSACHUSETTS IN CLOSE RACE

Many G. O. P. Strongholds Yet to Report.

Boston, Mass., Nov. 6.—(AP)—Massachusetts remained in doubt when returns from a little less than half of the 1,605 precincts in the state had been received. These returns, which included 300 of the 339 Boston precincts but only a scattering vote from the other cities, gave Smith a lead of [illegible] over Hoover.

Walsh 60,000 Ahead.

In the same precincts Cole, Democrat, was leading Allen, Republican, for governor by only 2,000, while Senator Walsh, Democrat, was running well ahead of his ticket and was leading Young, Republican, by 60,000.

Smith's lead in 300 Boston precincts was 31,000. Among the cities and towns still to be heard from were many in the suburban district which in the past have been regarded as normally Republican.

The expected sweep by the Republicans, which had been so confidently predicted twenty-four hours before, had failed to materialize, largely as a result of a decided setback which was given in the industrial centers, especially in the textile cities. In many of the small towns the Republican vote failed to meet expectations, although in the larger towns the turnout for Hoover was even greater than the Republican leaders had hoped for.

Cole Vote Is Surprise.

One of the surprises was the manner in which Cole fell behind the Democratic ticket. While Senator Walsh was actually running ahead of Smith, largely through Republican defections away from Young, Cole was some thousands behind.

While the Republicans were expressing disappointment over the results in the textile cities, the Democrats were equally disappointed in some of the other cities which they had expected to carry. They had claimed places like Medford, for instance, yet Hoover carried that city by better than [illegible] votes. They had claimed Brockton, and the Republican candidate carried the shoe city by 2,000.

Everywhere the reports showed that the total vote was much larger than had been expected, running ahead of the [illegible] per cent of the registered vote upon which most forecasts had been made.

Taft an Absentee Voter, but Wife Votes in Person

New Haven, Conn., Nov. 6.—[Special]—William Howard Taft, the most distinguished voter of New Haven, did not come here today to cast his vote, but Mrs. Taft arrived early this morning and cast her ballot about noon in the 18th ward. John Coolidge motored to Northampton to cast his vote.

Edison and Wife First in Line Before Polls Open

West Orange, N. J., Nov. 6.—(AP)—Mr. and Mrs. Thomas A. Edison waited fifteen minutes for the polls to open to cast their vote at 6 o'clock this morning. They were at the head of the line and therefore cast votes numbers one and two.

First Presidential Vote of Lindbergh Goes to Hoover

St. Louis, Mo., Nov. 6.—(AP)—Col. Charles A. Lindbergh cast his first ballot for a presidential candidate today. He arrived yesterday from Mexico by airplane and intends returning either tonight or tomorrow.

CURTIS CASTS VOTE IN TOPEKA; STARTS BACK TO CAPITAL

Topeka, Kas., Nov. 6.—(AP)—Confident of success, Senator Charles Curtis, Republican vice presidential nominee, was speeding eastward to Washington tonight after casting his vote here.

Before the polls had closed, the senator boarded a Santa Fe train which is due to reach Chicago at 8:10 a. m., tomorrow. Arrangements were made so that he could receive during the night the election returns. Senator Curtis expressed his intention to retire early.

The nominee cast his ballot shortly before 9 a. m. He was greeted by several hundred pupils when he appeared at his precinct voting place, the Polk school, a few blocks from his home. He was accompanied by his sister, Mrs. Rome Colvin, of Topeka, and his daughter, Mrs. Permelia George, of Fort Sill, Okla.

After voting the senator received a few early reports on the election from scattered points in the east and south, and opened a Boy Scout campaign by making the first contribution. Later in the day he visited the grave of his wife, who died four years ago.

HOOVER HOLDS PENNSYLVANIA BY 2 TO 1 RATIO

Smith Cuts Down G. O. P. Pluralities.

Philadelphia, Pa., Nov. 6.—(AP)—With more than one-third of the districts reported, Pennsylvania voters had given Herbert Hoover more than twice as many votes as Gov. Alfred E. Smith. Returns from 4,094 districts out of 8,571 gave Hoover 1,046,997; Smith, 544,905.

Although the New York governor polled a heavy vote in Philadelphia, Pittsburgh and the hard and soft coal regions, he received less support in the remainder of the state.

Returns from 1,205 of Philadelphia's 1,550 districts gave Hoover 311,473; Smith, 204,334.

Cambria county proved to be Smith's stronghold in the state, where on the face of early returns he was running three to two ahead of Hoover. This was the only county in the state to give Smith a lead on first returns.

Luzerne county, in which Wilkes-barre is located, gave Hoover 17,547 and Smith 15,571 in 100 districts out of 397.

For United States senator, 1,133 districts gave Reed 230,504; McNair, 119,098.

Marathon Dancer Votes Without Losing a Step

Springfield, Nov. 6.—(AP)—A marathon dance failed to stop for election today—and it also failed to stop the marathoners from voting.

A truck was engaged and Ira Shipley of Springfield, one of the dancers who is casting his first presidential vote this year, was driven to the polls with his partner, both dancing atop the wide truck bed to the tunes of an accordion. At the voting booth Shipley danced in, scratched his ballot, danced out again and resumed the marathon contest.

Urbana Police Swear In Tardy Voters at the Polls

Urbana, Ill., Nov. 6.—(AP)—Equipped with notary seals instead of riot guns and pens instead of pistols, Urbana police toured the polls today rounding up voters who were unable to register last week, and swearing them in to take their places in what promised to be the largest electoral turnout in history. From 7 a. m., when the polls opened, the booths in Champaign and Urbana were filled.

RUNNING AROUND THE CIRCLE.

Any one wishing to get a full sense of the spiral course of political action, of ideas and controversies, enthusiasms and prejudices, can get it, rather giddily, by going back to 1854, or a few years before the Buchanan campaign. Other periods might do as well, but probably none better than '54. The troubles of Douglas then came mainly out of the repeal of the Missouri compromise and the adoption of his squatter sovereignty doctrine in the Kansas-Nebraska bill, but that is not a third of the picture.

The things troubling the waters were: Immigration and the demand for its restriction; the activities of clergymen organized for political action; prohibition; the Roman Catholic church; the Know Nothings (the Klux of their day); the Negro; the foreign vote, and expansion in the Caribbean.

That is about what the country has found on the table the last three or four months. The manner in which the disputants sharpened their points was about that of this year's campaign. They dressed their ideas in about the same language. They appealed to the same prejudices and with the same arguments.

It was hotter. It had Sharp's rifles at its fringes and city parties organized for street fighting. Douglas said he could travel across country in the light of his own burning effigies. Kansas was bleeding. Men were mad and getting madder. They were pulling pistols on each other, swinging malacca canes, and getting ready for a great letting of blood. It had, of course, the background of slavery, but that did not so much obliterate other questions then as it now may seem to have done. We look back at the irrepressible conflict. Men then for the most part still saw in it an issue which might be compromised or conciliated. They had room in their minds for their other controversies.

The mid-century Klux captured the entire state government of Pennsylvania on anti-alien doctrine. The liquor situation was in the reverse. The prohibitionists were coming up from behind, but Maine was going prohibition. The foreign born newcomers in the franchise lists were anti-prohibition and denounced as such. The southern tories, the Whigs, were Know Nothings on the alien question, but the northern Know Nothings were Free State men. The south, in the process of being solidified by the slavery question, was being wrenched apart by the impossibility of keeping the Whigs in existence. They could not maintain their northern connections. A party was being destroyed by the irreconcilability of its elements. Possibly one is being destroyed now for the same reason.

The churches went into political action, and when the clergymen spoke as organized bodies they were told they were not respecting the separation of church and state. Their rights were strictly within the province of individual citizenship. To which protest they paid no attention. That controversy was precisely then as it is presented now. The nation was being knocked over on one ear by abolition and on the other by prohibition, and neither of the old line parties would recognize issues in them.

A citizen of '54 might have been resurrected to step into the thick of the recent fight and he would have been familiar with every controversy. It all would have been his accustomed meat. His only astonishment would have been that there were so few broken heads, no challenges to duel, no riots, no destruction of printing shops, that no speakers were mobbed and howled down, and that Sharps were not being handed out from the pulpit.

He might observe that the Negro was a freeman, but he would say that the job was not done yet. He would understand the Klux perfectly, but he would say that the Wide Awakes did their street fighting better. He would recognize the Anti-Saloon league, but not its war chest or its hold on government. He was more accustomed to ladies singing temperance songs in front of the grog shops and groceries.

Everything else in the country would knock him silly with astonishment, but the politics would be his old stuff. In the issues of government and in the methods of political action 1854 and 1928 are hand in hand in identical pinafores and bonnets. Our mid-century citizen would not know a carburetor from a camel or a Diesel engine from a diamond-back terrapin, but on immigration, the tariff, internal improvement, the Negro population, the alien vote, the organized churches in politics, etc., he would be a modern. He would know quite as much what he was talking about as any citizen who voted Nov. 6 this year. Give him ten minutes to learn the names of candidates and he'd be familiar with the old things in new faces.

The more it has been changed the more it is the same thing. The country has had three large wars, nineteen presidential campaigns, a complete revolution in its industrial, economic, and mechanical life since the days of our citizen of 1854, but he would be perfectly at home politically, and that is the only spot where he would be at home.

There he would remain a sophisticated citizen. Otherwise he would grope about as a child from Patagonia. Everything but politics would have got away from him. In politics he would say that we argued the same things, but not as well. We fought politically on the same ground, but not as hard. Our engineers would be beyond his comprehension, our machines beyond his imagination, but our politics, political action, campaign ideas, and government processes would be wholly familiar to him.

BRIDGE HOURS.

The negotiations of the two city council committees engaged in a study of the open bridge nuisance will be expedited if the aldermen distinguish between the legitimate use of the river by interstate craft and the abuse of federal privilege by local scows, dredges and tugs. It is proposed that the bridges over the Chicago river be closed from seven in the morning until midnight. Unless the city government secures the consent of the federal authorities to this restriction its work will consist merely in expressing indignation. The war department must be convinced that such regulation is "in the public interest." If the war department is approached with the proposal that the bridges be closed during the daylight and early evening hours only to insignificant local craft engaged largely in short hauls of coal and sand, the "public interest" argument will be easy to support. We fail to see what loss to commerce would result from the proposed restrictions in so far as this class of traffic is concerned. The contention of the city will be strengthened if grain ships and other craft in important interstate commerce are exempted—except that they be subject to the present morning and evening rush hour closing periods. These ships constitute a small portion of the daily river traffic and there is some justification for occasionally inconveniencing Chicago citizens by opening the bridges in their behalf.

FOOTBALL.

At this season of the year when Sunday to Tuesday is given over to retrospection of last Saturday and its football and Wednesday to Friday to anticipation of next Saturday and its football, we would comment on the humorless solemnity with which partisans, be they undergraduates, alumni, or foster sons, regard the activities of their champions on the gridiron.

This ferocity of devotion surpasses in intensity for the moment the sentiments which might be expected of the Democratic orator should his Jeffersonian principles be subjected to pleasantries; of the undertaker should his ideal of service be mocked; of the fundamentalist should his fundamentals be burlesqued; of the enlightened bolshevist professor in the face of guffaws.

"Really, they are too awfully amusing." Let the wife of an apoplectic grad thus comment when the team representing the grad's alma mater is defending its goal on the two yard line. We believe that Judge Sabath, ever sympathetic to the latest domestic irritations, would consent to the divorce.

In the face of annihilating defeat, week after week, this same grad will admit that the team is perfectly rotten but suggest that it consists of a bunch of clowns. Furthermore, for the sake of an experiment in the deeper emotions, bait him with the observation that his university, should football be abandoned there today, would still be celebrated for its English department and debating team. Football is the ultimate in the October and November emotions and the ultimate is not to be kidded.

Editorial of the Day

FREEDOM OF THE PRESS.

[Boston Herald.]

Once more there appears the need for that eternal vigilance which is the price of liberty. The issue this time involves the right of publication of a small and relatively obscure weekly newspaper, established last year in Minneapolis, called the Saturday Press. This paper now has been forced to suspend publication permanently under the injunction process as a public nuisance, and without trial before a jury.

This has been done under a law passed by the legislature of Minnesota in 1925, and in this case invoked for the first time.

The Saturday Press began with definite announcement of the intention to be fair and not unduly offensive. But it charged the police with permitting gambling to go on without interference or rebuke. It assailed the chief of police for dereliction in duty. It named names and located places. It referred in unflattering terms to the county attorney of Hennepin county. That attorney, Floyd B. Olson, last December obtained under the statute cited above a temporary injunction from Judge Mathias Baldwin of Hennepin county in the District court. The publishers appealed to the Supreme court of the state, and the court upheld the judge in his action and the law in its content, affirming that "a newspaper business conducted in violation of the law of 1925 is a public nuisance," and that "equity has jurisdiction to enjoin and abate public nuisances."

What does this law say? It provides that a judge can enjoin any publication which "publishes regularly malicious, scandalous and defamatory matter." That any public prosecutor can go before any judge and procure the requisite injunction for suppression if the judge accepts the prosecutor's view of the facts. The publication, once suppressed, is without recourse save that of the tedious process of appeal.

In his decision Judge Baldwin said:

"The inherent nature of the business of regularly and customarily publishing and circulating a malicious, scandalous and defamatory newspaper bears such a relation to the social and moral welfare that the legislature, in the legitimate exercise of its police power, may declare it a public nuisance. The constitutional liberty of the press means the right to publish with impunity the truth, with good motives and for justifiable ends; liberty to publish with complete immunity from legal censure and punishment for the publication as long as it is not harmful in its character when tested by such standards as the law affords. Such a business conducted in violation of the law of 1925 is an abuse of the press. It was never the intention of the constitution to afford protection to a publication devoted to scandal and defamation. It protects the use and not the abuse of the press. Said statute does not violate the due process of law guaranty found in our constitution. Defendants in equity action of this character are not entitled to a jury trial. The constitutional guaranty of jury trial relates only to action at law."

This decision easily may come to be a matter of general discussion, so important as to reach the Supreme court at Washington, and involving issues which have been fought over again and again ever since the celebrated Zenger case of our early history.

Any public prosecutor can obtain a temporary injunction which would be fatal to a weak paper, and seriously damaging to a strong one, and in brief time permanent suppression. This would be, and inevitably would be made, "the most powerful weapon to suppress or prevent the exposure of official corruption and bad government that has yet been invented." Any corrupt prosecutor can find a compliant judge. The possibilities of such a law are unlimited. There are abundant resources in our laws for the protection of the public against malicious publications, and these resources provide, what is vitally important, for the disclosure and not the suppression of the truth.

MENTAL HYGIENE FOR CHILDREN.

MOTHERS and teachers are being told that the mental hygiene of children is just as important as their physical hygiene. Before me is a pamphlet entitled "Mental Health Hints for Parents." It is published by the Mental Hygiene society, or its equivalent, of Pennsylvania, and distributed by the corresponding society of Massachusetts.

Under the head "Develop Right Mental Attitudes" they say to parents:

"Do not suggest fears to your children. Do not let any one tell them 'fear' stories.

"Teach them to eat everything that is suitable and not to be finicky.

"Teach them to face difficulties and overcome them.

"Train them to do happily the things they do not want to do, but must.

"Train them to do for others even at the expense of their own pleasure.

"Begin early to give them some regular duties in the home.

"Do not ridicule or shame the things they take seriously."

Children rarely become insane. Insanity is a sum total of more than cause. Responsibility, the bearing of burdens, is a necessary ingredient in the mixture of causes of this condition. Nevertheless, there are certain types of mind which are prone to develop insanity when the proper causes operate. It is recognized that the introvert type of mind is susceptible to that form of insanity known as dementia precox.

Dr. A. S. Hershfield, state alienist of Illinois, issues a bulletin from which the following is quoted:

"The significant point in dementia precox is the fact that many suspicious signs are found among school children. Those with a tendency towards dementia precox appear shy, form few friendships, and remain more or less detached from the daily life of others. They seem to be dreaming most of the time, leave their work undone, and do not learn their lessons. They are indifferent to the things that evoke feelings or emotions in the normal child. That which so commonly passes for 'negligence,' 'lack of imagination' or 'he does not care for friends' should excite parents to a closer examination of their child's mental condition. Perhaps early adjustment may save the child from going on the rocks."

TYPES OF TUBERCULOSIS.

E. M. S. writes: Will you clear up the confusion we are in regarding types of tuberculosis and the susceptibility of human beings, especially children, to the respective types?

Does avian tuberculosis infect cattle and children? Are cats, when apparently in good health, carriers of the types affecting humans? Hence, would it be unsafe to permit children to play with cats on a stock farm where cattle are clear of the disease but hogs are not known to be?

May cattle become infected from hogs or chickens?

REPLY.

The three recognized types are bovine, avian, and human. There may be other types but they are not established.

The great bulk of the tuberculosis in human beings is due to the human bacillus. It causes 80 per cent of the deaths.

The bovine bacillus causes about 25 to 30 per cent of the gland and bone tuberculosis in children.

The avian bacillus causes very little human tuberculosis. Almost all the tuberculosis in cows is due to the bovine bacillus. Most of the tuberculosis in hogs is due now to the avian bacillus. Once the bovine bacillus predominated as the cause of swine tuberculosis.

The cat family is quite prone to contract tuberculosis. This is especially true of caged cats. I do not know what type of bacillus causes most of the cat tuberculosis. I do not think there would be much danger in allowing children to play with a cat that appeared to be healthy.

Hogs infected with bovine bacilli can infect cows. I do not know as to the ability of chickens and hogs infected with avian tuberculosis to infect cows. Avian tuberculosis has not been under study for many years and many facts about it remain undiscovered.

THE SCHOOLS ON ELECTION DAY.

Chicago, Nov. 3.—[Friend of the People.]—Has it been the practice before for the schools to close on election day, national or local? If so, how long has it been the rule?

E. Y.

The rules of the board of education provide that schools shall be closed on all legal holidays, and the special attorney of the board reports that the statutes provide as follows:

"The days upon which the general elections for members of the house of representatives of this state shall hereafter be held in such city, village, or incorporated town shall be holidays."

JOHN HOWATT,
Chief Engineer Board of Education.

JOINT TENANT INHERITS.

Crete, Ill., Nov. 3.—[Legal Friend of the People.]—A woman received a divorce from her husband and also received custody of their child. After the divorce the man bought a house in joint tenancy with his mother; then he married the second time. There are no children from this marriage. In the case of his death without a will, would the second wife and the child from the first marriage be entitled to any of the property? Taxes and payments for the property have all been made since his second marriage.

H. C.

Since the joint tenancy would go to the surviving joint tenant there would be nothing for the second wife's dower to attach to.

"HELP KEEP THE CITY CLEAN."

Chicago, Nov. 2.—[Friend of the People.]—There is a city refuse box in front of my place of business. On it is written: "Help Keep the City Clean." The street cleaners filled it two months ago. The dumpings they put in are still there and the accumulated garbage has produced a terrible odor. Can something be done?

J. P.

Report is made that street dirt box has been emptied. Writer is mistaken in thinking any garbage was in the box. Contents consisted of street dirt and some paper, which are not objectionable.

Oh, give me not, my dear,
Things bought with gold,
But rather give me things
That Love has sold.

Oh, do not give me things
From shop and street,
A silken gown or slippers
For my feet.

And put no silver band
Upon my hair,
But only leave a kiss—
So make me fair.

And take me far, my dear,
Upon the sea,
And give me dreams to dream
Of you and me.

Oh, give me light of dusk
From summer skies,
And give me light of dawn
When evening dies.

And give me songs to sing
In joyfulness,
That I may know no grief
Or loneliness.

Oh, give me not, my dear,
Things bought with gold,
But rather give me things
That Love has sold;
Oh, give, oh my dear,
Your heart to hold!

THE story in the news columns yesterday of Emperor Hirohito going to Kyoto to be crowned brought to mind the time many years ago when we snapped a picture of the then emperor of Japan while he was riding by in Tokio en route to some state function. We had been warned in notices posted on the hotel bulletin board and frequently cautioned by interpreters and police officials that no one was permitted to take a photograph of "a certain sacred personage." That's the way they referred to him; it was not proper to call him "the emperor" right out like that, or "the mikado." Oh, gosh! If you called him the mikado you were likely to be boiled in oil or something lingering anyhow. No, the emperor of Japan had to be referred to only as "a certain sacred personage." Nor could any one stand on the balconies or in upper windows when the emperor rode past. Nobody was permitted to look down upon the "certain sacred personage." All who gazed upon the emperor must do so standing on the ground. The emperor, being in a carriage, would compel them to look up at him.

I put my camera in my hat, which, of course, I carried in my hand, as no one was to remain with his head covered while the certain sacred personage passed by. I got in with a big crowd of foreigners who were shrieking "Banzai" and making much whoopee generally. The police shooshed us and said there must be absolute silence when a certain sacred personage passed by. This crabbed my act, because I was intending to let out a large "banzai" as the emperor passed to drown out the click of my camera. After a wait of hours a terrible silence fell on the multitude. The emperor was coming. The soldiers and police stood with bowed heads. When the emperor was only a few feet from me, and for some reason had turned and was looking straight in my direction, I pretended somebody had stepped on my foot and said, "Ouch!" As I said "ouch," I pointed my hat at the emperor and pressed the trigger.

The police marched me out of the crowd because I had disturbed the horrific silence, but I limped and made much howling about being painfully injured in my favorite corn, and they finally turned me loose. I snapped off the rest of the film at miscellaneous fragments of the crowd and took my film down to a photographer, near Shimbashi station, with instructions to develop the thing with great care and let me have it in time to catch an early train next day for Yokohama, where a big liner was sailing at noon for the United States. By my calculations my picture would land in THE TRIB office before any other pictures of the emperor were printed in any American newspaper or magazine. In fact, I thought I would have the only picture, as five of my loathsome competitors had been picked up by the police and were languishing in the hoosegow for attempting to take photographs of the certain sacred personage. The next morning I hurried over to Shimbashi, and my Jap, who was to develop my precious film, bowed and salaamed and sucked in his breath, after the Japanese fashion, and said my film had been developed, that all the negatives had come out fine, and that to save me trouble he had carefully packed it in a bamboo mailing tube, sealed it up, and it was all ready to drop in the mail.

I grabbed the precious package and rickshawed to the train. At Yokohama I hurried down to the boat. But the boat hadn't completed taking on freight, and so I loafed about and had tiffin with the captain. The captain was a good friend of mine and I told him of my great scoop and that I was going to intrust the bamboo case containing the picture to him to put in the mails at San Francisco.

"Right ho! old top," said the skipper, who was very British, "but don't think for a moment that you are sending to your newspaper a photograph of his royal majesty, the emperor of Japan."

"But, of course, I am," I declared with great earnestness and some peevishness. "The sun was shining right in his face at the moment I pressed the button; he wasn't fifteen feet away. I'm a champion snap shotter. Once let me get my trusty camera on my prey and he's as good as dead. Desperate Ike, the Demon of the Hills, never fails!"

"I will bet five pounds," said the captain, slowly, "to one pound, that you have NOT a picture of the emperor of Japan."

"But that wouldn't be fair to you," I protested. "I know!"

"Five pounds to one pound," insisted the captain.

"Done!" said I. We took the bamboo case and carefully broke the seals, took out the film and unrolled it. The first negative was the one I had taken as the emperor went by. Police, spectators, the royal carriage—they were all there. But a small section of film had been neatly rubbed off in the center of the negative. The emperor of Japan had gently but firmly been removed, and there was just a white space where he should have been.

"I know these Japs," said the captain, as he pocketed my good English pound, "you had the same chance of getting a photograph of 'a sacred high personage' out of Japan as a jolly old snowball has of keeping over night in the middle of a silly old blast furnace in full operation."

But now photographs of the Japanese emperor and the whole royal family seem to be all over the place. Certainly Japan gives symptoms of being anything but reactionary. Great heavens! Maybe state-socialism has slipped in!

FROM THE TRIBUNE'S COLUMNS

65 YEARS AGO TODAY

NOVEMBER 7, 1863.

CAIRO.—The steamer Luminary brings news of the battle in Pine Bluff, Ark., on Oct. 15, when Gen. Marmaduke with 4,200 rebel cavalry attempted to surprise Col. Clayton with 700 infantry. Clayton had a half hour's notice of the rebel approach. He hastily built cotton barricades in the streets about the courthouse and mounted eleven cannon commanding the streets. Marmaduke attacked on three sides without giving notice to women and children to leave. They were removed under the banks of the river, where they remained through a cold, dreary day. Marmaduke sent a flag of truce demanding unconditional surrender. Clayton replied that the 5th Kansas didn't know the meaning of the word surrender. Then the battle was on. At 10 o'clock Marmaduke ordered a general charge. Clayton withheld his cannister and rifle fire until the rebels were within 100 feet. He then ordered his men to fire and the havoc was fearful. Marmaduke was repulsed but later made two more charges, the result each time being the same. Finally Clayton made a cavalry dash and drove the invaders from the town. They left 300 killed. The Union loss was 11 killed and 33 wounded. Nearly every private house in the city was plundered by the rebels.

CHICAGO.—Today closes the two weeks' session of the Northwestern fair held for the benefit of the sanitary commission which will devote the proceeds to ameliorating the condition of soldiers in the field.

CHICAGO. — James N. Banks, A. M., M. D., of Chicago, and Miss Melissa Benham of Canandaigua, N. Y., were married in Dubuque, Ia., on Nov. 3 by the Rev. P. E. Brown.

30 YEARS AGO TODAY.

NOVEMBER 7, 1898.

WASHINGTON. — Explosion and fire practically destroyed the historic Supreme court chamber, the congressional law library, containing 75,000 volumes, and several rooms adjoining the court chamber in the national capitol this afternoon. The damage may amount to $1,000,000. The cause seems beyond doubt to have been escaping gas.

LONDON.—The military authorities at Davenport, the site of the largest naval arsenal in Great Britain, received orders for the immediate mobilization of all troops in the western district. The Daily Chronicle professes to have "important military news which it would not be advisable to publish without the sanction of the war office."

CHICAGO.—In New York, Chicago, or Philadelphia within three days representatives of all the Chicago south side street railway companies will meet for the purpose of completing an agreement of consolidation. Charles T. Yerkes is recognized as the engineer behind the combination.

CHICAGO.—Miss Florence Amy Lane, daughter of Mr. and Mrs. Francis Bowman Lane, and Dr. George Nathaniel Pratt Jr. will be married this evening at the Church of the Epiphany.

10 YEARS AGO TODAY

NOVEMBER 7, 1918.

LONDON.—The Daily News says at 3 a. m. that the German peace delegates have arrived at the western front and been permitted to pass through the allied lines. The delegates will be received by Marshal Foch at daylight this morning.

PARIS.—The war office statement records what is probably the greatest advance made in one bound by any army since the start of the great war. Over a front of more than 100 miles the collapsing German armies have been driven back a distance ranging from two to nearly seven miles by the French. The enemy retirement extends from the region of La Capelle south and eastward to Omicourt, where the French right linked up with the victorious American first army before Sedan.

ITALIAN HEADQUARTERS IN EASTERN ITALY.—The Italian army is gathering in the booty of its great victory. The captured material now includes 200,000 horses and 6,000 guns. By a rough count 1,000,000 Austrian prisoners are now in Italian hands.

LONDON.—The house of commons passed on third reading the bill permitting women to sit in parliament.

FOOTBALL WITHOUT A SMILE.

Gary, Ind., Nov. 3.—I have just read your editorial, "Much Too Good at West Point," printed in today's issue of THE TRIBUNE, and wish to invite your attention to some errors therein.

Federal funds appropriated for the United States Military academy are not used to support varsity athletic teams. These teams are entirely supported by the Army Athletic association, which receives its funds from proceeds of important games, played away from West Point, and from annual donations from members of the association. Neither do government funds directly pay for the expenses of the corps of cadets when it accompanies the team on its few trips. The cadets themselves are charged with the cost of such travel, and pay for it out of their pay, which is small, and with which they must entirely support themselves.

The Army football team still, as it did ten years ago, labors under handicaps not existent at other institutions. No cadet on a varsity team misses any of his military training by being a member of such team; his work with the team is practically all done in the few leisure hours granted cadets, and when other cadets are undergoing athletic and physical training. The team members must also pass all the rigid academic requirements at the academy, and I have personally known the teams to be weakened by the ineligibility of players for this reason.

Athletic training is a most important part of the training of a soldier. Every cadet must participate in several forms of athletics, and only the best make the varsity teams. I think this is the reason which may be ascribed to the fact that the present Army team, representing a comparatively small student body, is "entirely too good," and not, as you would maintain, because the military academy has become a football team and not an educational institution.

LEWIS T. ROSS.

HE LIKES 'EM ROYAL.

Beloit, Wis., Nov. 5.—Concerning your November 1 editorial, "Boloney Titles," I am a student at Beloit college and formerly spent two years at the University of Chicago, where I did research work in world war history.

I have the honor of being acquainted with some of the most distinguished European nobility of today, including a former king. Often my friends poke fun at me for carrying on a correspondence with people who are addressed, for instance, as "Your Majesty." However, I find that beneath it all they are often either moved by jealousy, or refuse to admit their inward respect for titles.

We Americans may be very enthusiastic about disclaiming all trappings of royalty, but at home before the mirror 90 per cent of our citizens would be all too glad if they could see the Order of the Garter affixed to their persons. And when they can't, it is the same old cry of sour grapes.

Reminds me of the collegiates who never could rate Phi Beta Kappa keys themselves, but who spend the rest of their lives criticising the virtues of a Phi Bete.

JOHN FRUSH KNOX.

A WONDER.

Evanston, Ill., Nov. 4.—I was very much impressed by your interesting editorial, "Boloney Titles." However, THE SUNDAY TRIBUNE carried a picture of the great Irish tenor, John McCormack, and his family. It also carried a paragraph which stated that he has been made a papal count. Doesn't like one of your so-called titles" or doesn't it work in I'll bet you don't dare to pri you do it will be a wonder.

AUTO LICENSE PLA

Chicago, Nov. 5.—A recent to this column asked why possible to have a special s tag made for Chicago regi thus identifying them as such coöperation between the stat permit the sale of this license to the end that the state and c be issued simultaneously.

This is exactly what the partment of the city of C been advocating for some t fall I personally took the m Springfield with a view of h licenses between 200,000 and signed to Chicago owners, w sold in Chicago, state and c the expense. It appears, how legislation is needed, and w the next session a state li Chicago with the letter "C" designation will be provided authority to issue state and c at the same time.

Under the present method o ment, our officers during th the year hail thousands of cars bearing Illinois state li failure to display city vehicle prove to be out of town own Chicago owners adopt the sub claiming not to be residents cago. Such a system becomes is slow, antiquated, and expe there appears to be no good re the state and city cannot agree lation so advantageous to both.

SMITH BEATEN IN HOME STATE BY OVER 100,000

But Democratic Senator and Governor Go In.

(Continued from first page.)

he topped Col. Theodore Roosevelt Jr. by 518,000 while President Coolidge was carrying the city by 136,000 over John W. Davis.

Roosevelt and Copeland Win.

Franklin D. Roosevelt, Democrat, defeated Attorney General Albert Ottinger, Republican, for the governorship of New York state on the basis of returns from 7,380 election districts out of 8,267 in the state. A plurality of about 50,000 for Mr. Roosevelt was indicated on these figures, and it is possible that this plurality may be cut somewhat by the returns from the missing districts, but not enough to give Mr. Ottinger the state.

Senator Royal S. Copeland, candidate for reëlection on the Democratic ticket, apparently had won from former Ambassador Alanson B. Houghton by an indicated plurality of about 250,000. Senator Copeland ran surprisingly well in New York City, where his plurality seems likely to reach 569,000, or about 140,000 more than the plurality received by Gov. Smith, heretofore regarded as the strongest candidate in the city, personally, who ever ran for public office in the city.

Assuages Grief over Smith.

The victories for Mr. Roosevelt and Senator Copeland, both Protestant, went some distance toward assuaging the local Democrats for Gov. Smith's defeat.

Mr. Roosevelt had an actual lead of 79,883, with 879 out of the 8,267 election districts in the state missing, the vote being Roosevelt 1,964,655 and Ottinger 1,884,772.

Outside New York City 4,088 election districts out of 4,774 gave Roosevelt 894,128 and Ottinger 1,201,020, an actual plurality of 206,896 and an indicated upstate plurality for Ottinger of 358,050.

In New York City 3,300 election districts gave Roosevelt 1,070,527 and Ottinger 683,752, an actual plurality of 386,775 and an indicated plurality of 408,000.

Mr. Roosevelt ran ahead of Gov. Smith in virtually every county upstate, while Mr. Ottinger cut down the Roosevelt vote somewhat in New York City.

Returns from upstate were slow, but as they began coming in in increasing volume Hoover's lead over Smith increased steadily until with only 922 districts missing the vote stood Hoover 1,911,671 to Smith's 1,869,215. This gives Hoover an actual lead of 42,456 with the New York City Smith plurality included. The remaining upstate districts will send the total well past the 100,000 mark and Republicans are claiming a 150,000 victory.

Elect Woman Congressman.

Returns on the other candidates on the state ticket were being counted slowly but it was established early in the evening that New York would send its first woman to congress. Mrs. Ruth Pratt, Republican from the 17th [silk stocking] district, defeated Philip Berolzheimer.

"I did not run for congress as a woman but as a citizen," said Mrs. Pratt, foe of Tammany, when her victory was conceded.

It was in Queens that Gov. Smith was hardest hit. The sewer scandal which cost taxpayers of that borough $19,000,000 under Democratic administration kept the candidate's plurality down to 25,000. Under normal conditions he would have carried Queens by 75,000.

Tammany Rally Fails.

Tammany scanned the midnight election figures ruefully, for Tammany had worked as it never had worked before to put Al Smith, its favorite son, over in grand style. Tammany failed, for New York City did not vote strong enough to enable Smith to meet the tidal wave of upstate Republican votes.

Tonight Tammany couldn't put its finger on the trouble, so intricate were the factors contributing to Smith's defeat in his own city and state.

Tammany felt it might have been the women, for that is one group the Braves haven't yet fully organized. There was the religious factor and the wet issue, with the attitude of the women on these two matters undetermined. One of the braves shook his head sadly tonight.

"Al suited the home folks fine for governor," he reflected. "I guess they did not want him to go away to Washington."

Roosevelt Charges Fraud.

Franklin D. Roosevelt, Democratic candidate for governor, charged shortly after midnight that fraud was being committed in counting the votes in 1,000 districts upstate. He said he was sending one hundred lawyers to the districts to investigate.

"Owing to the extreme delay with which approximately 1,000 upstate districts are sending in returns," Roosevelt said, "the Democratic state committee has become convinced that fraud is being committed in an attempt to elect Ottinger as governor.

"Accordingly, Edward Dore, chairman of the law committee of the Democratic state committee, John G. Saxe and Maurice Bloch, minority leader of the assembly, are leaving New York this morning for upstate cities, together with a staff of 100 lawyers to uncover such frauds as have been committed and to prevent any further frauds."

Head of Johnston City Democrats Dies Suddenly

Johnson City, Ill., Nov. 6.—[Special.]—Gilbert Burns, 32, chairman of the Democratic club of this city, died this morning at the Miner's hospital at West Frankfort following an attack of acute indigestion. Burns was well known over southern Illinois as a leader in the Illinois miners' union and civic organizations in this city.

CHOKES ON FALSE TEETH.

Monticello, Ind., Nov. 6.—[Special.]—Swallowing her false teeth as she lay asleep at the home of her nephew, Thomas Barnes, living near Burnettsville, Mrs. Sarah Dreka, aged 82, was found dead in bed.

ELECTION DAY IS OVER, BUT HUNT FOR SALTIS ISN'T

In the midst of the hurry and scurry of election day yesterday, Chicago police did not lose sight of the fact that they have been looking in vain for

170

170 days for Joe Saltis, south side beer baron. United States Marshal H. C. W. Laubenheimer, who also has sought Mr. Saltis without result for 37 days, had hopes that some one of his deputies might unexpectedly take the beer baron into custody.

Chicago police want Saltis to serve a sixty days' Bridewell sentence and to pay a $50 fine for gun toting, imposed by Municipal Judge George A. Curran nearly two years ago. The federal men want Mr. Saltis in response to an order requiring his immediate arrest for bond forfeiture issued by Federal Judge James H. Wilkerson.

Both agencies seeking the elusive beer baron indicated yesterday that, now the excitement of politics is expected to cool for a while, they intend redoubling their efforts to catch Saltis, who during his twenty year career as a south side gangster has never served a moment as a convicted man behind the bars.

Police Hunt for Killers Is Still Unsuccessful

Police Capt. Charles Larkin of Sheffield station yesterday continued an unsuccessful search for three unidentified men, who on Monday shot and killed Affio Fricano, 36 years old, in the front yard of Fricano's home at 2455 North Racine avenue. One Afria Fricino, 2616 North Racine avenue, was sent to prison ten years ago for the murder of Antonio Mule, and Capt. Larkin is attempting to trace a connection between this circumstance and the murder of Fricano.

Rockford Man Is Held for Shooting to Death Cousin

Rockford, Ill., Nov. 6.—(AP)—Recommendation that John Marinelli be held to the grand jury for slaying his cousin, James Marinelli, was made by the coroner's jury at its inquest today. The shooting took place at the Roma club, an Italian organization, of which the slain man was steward.

HE ISN'T CONSTIPATED ANY MORE

Thanks to Kellogg's wonderful ALL-BRAN

Mr. Grinslade wrote, of his own accord, to tell us how much he valued ALL-BRAN in relieving constipation.

June 1, 1927

"Just a few words to let the company know what Kellogg's ALL-BRAN has done for me. I was constipated for several years until I went to eating your PEP and ALL-BRAN. I am now rid of constipation and it is all due to the use of your products, and I will recommend it to anyone that is bothered with constipation."

Yours truly,
H. M. GRINSLADE,
1189 Laguna Ave., Los Angeles

Constipation is a dreadful thing. It undermines health. It steals happiness. Throbbing heads, aching backs, spots before the eyes, bad complexions are just a few of its telltale symptoms.

Don't let it get in its deadly work on you. Protect yourself now. Kellogg's ALL-BRAN is guaranteed to prevent and relieve constipation. A health cereal—ALL-BRAN is 100% bran. Doctors recommend it. Delicious with milk or cream, or with fruit or honey added. Eat two tablespoonfuls daily—chronic cases, with every meal. Use in cooking. At all grocers. Made by Kellogg in Battle Creek.

Kellogg's ALL-BRAN

HOOVER SWEEPS OHIO; 700,000 PLURALITY SEEN

Fess and Burton Win Senate Seats.

Columbus, O., Nov. 6.—Ohio's twenty-four electoral votes were practically assured for Herbert Hoover, Republican candidate for President, when returns received up until midnight, comprising approximately one-third of the state's 8,930 precincts, gave the Republican standard bearer a majority of about two to one.

The status of the Buckeye state never was in doubt in the minds of political schemers. From the first scattered returns to be received Hoover took the lead and steadily gained until it was predicted that he would pile up a lead of about 700,000 votes.

In 3,212 precincts Hoover had 530,116 votes to 255,891 for Smith, according to the unofficial tabulations.

Al Carries One County.

To show how complete was the victory of Hoover in Ohio, only one precinct, that in Auglaize county, normally a strong Democratic district, went for Smith, and that by only 11 votes.

Hoover, expected to be weak in the northern part of the state, carried everything before the landslide. National Republican Committeeman Maurice Maschke predicted that if Hoover would maintain his present ration throughout the remainder of the returns he would pile up a majority that would be approximately 800,000. This, however, is somewhat doubtful, as only a slight majority of the Cleveland and Cincinnati precincts generally conceded to be more favorable to Smith had reported.

In the gubernatorial contest Myers Y. Cooper, Republican, had 213,537 in 1,730 precincts, while Congressman Martin L. Davey had 187,966.

G. O. P. Senators Win.

In the long term senatorial race Senator Simeon D. Fess led his opponent, Charles V. Traux by about 12,000, while in the short term race Congressman Theodore E. Burton led Graham P. Hunt, both these results being based on returns from 1,433 precincts.

Republican candidates for state offices were leading their Democratic opponents by majorities ranging from 2,000 up to more than 10,000.

Judges Florence E. Allen and Robert H. Day, incumbents on the Supreme court bench, seem certain of remaining on the job. Judge John E. Geiger was running third.

Congressman John C. Speaks, with an overwhelming majority, was assured his seat in congress on the Republican ticket, while Joseph T. Tracy and Bert B. Buckley, state auditor and treasurer respectively, were practically reëlected.

TWO MAJOR PARTIES PAY OUT $1,250,000 TO SOW RADIO SEED

New York, Nov. 6.—(AP)—During the last two months the radio bureaus of the national committees have sown on the air political seed that cost more than $1,250,000 and tonight the candidates will learn who has harvested the crop as votes.

The Democratic national committee announces it spent $600,000 for broadcasting and the Republican committee reports the spending of "as much as the Democrats." The radio bill of the minor parties is but a few thousand dollars.

The grand total of something over a million and a quarter would have been increased to well over $2,000,000 had the parties been made to pay for the broadcasting of the presidential acceptance speeches and the convention sessions, broadcasting that was done by the radio chains on their own account. As it was, however, the two major parties spent for radio broadcasting just about one-seventh of their entire campaign funds.

Of the money the Democrats spent on radio campaigning, 25 per cent or $150,000 was for the broadcasting of the sixteen major addresses of the party's presidential nominee, Alfred E. Smith. The cost of broadcasting the addresses of Herbert Hoover, the Republican candidate for the presidency, which numbered but seven, was only $64,000, or little more than one-tenth of his party's national radio fund.

COALITIONISTS OF PORTO RICO WIN SENATE CONTROL

SAN JUAN, Porto Rico, Nov. 6.—(AP)—Porto Rico today had the quietest, and probably the closest, election in 25 years. Soon after the polls closed this evening, leaders of the coalitionists claimed a victory in five of the seven senatorial districts, taking control of the senate from the Alianza.

The Alianza claimed the reëlection for his fifth term as mayor of San Juan of Robert H. Todd, who four years ago won his office on the opposite ticket.

The Coalitionist party with Senator Santiago Iglesias as leader is made up of the old Socialist party with part of the former Republican. The Alianza, which has been in power for four years, was formed by merging the Unionist party and a majority of the Republicans. While the island casts no vote for President, it did vote today for resident commissioner to Washington and all insular and municipal officials.

Japan Emperor Resumes Journey to Enthronement

TOKIO, Nov. 7.—(AP)—Continuing his journey to Kyoto, where he will be enthroned as the 124th imperial ruler of Japan, Emperor Hirohito left Nagoya at 11:10 this morning on his luxurious special train. The emperor had spent the night at the detached palace at Nagoya.

HOOVER CARRIES RUNNING MATES IN NEW JERSEY

G. O. P. Candidates Ride on Wave of Victory.

Newark, N. J., Nov. 7.—(AP)—Sweeping on through precinct after precinct with increasing pluralities, Herbert Hoover carried Republican candidates for state office with him in New Jersey.

With more than one-third of the count completed, Hamilton F. Kean, Republican candidate to succeed Edward I. Edwards, Democrat, in the United States senate, and State Senator Morgan F. Larson, Republican gubernatorial candidate, had accumulated leads which appeared well beyond the power of additional Democratic strength from Essex or Hudson counties.

Republican members of the house of representatives and of the state legislature also were leading their opponents by substantial majorities.

The apparent victories in contests for the United States senate and governor were a smashing blow at the power of Mayor Frank Hague of Jersey City, who is vice chairman of the Democratic national committee.

In three gubernatorial elections Hague's county of Hudson has turned back the tide of Republican votes from other parts of the state to elect Democratic candidates.

Mississippi Safe for Al; He Leads Hoover by 64,000

Jackson, Miss., Nov. 6.—(AP)—The ten electoral votes of Mississippi appeared to be safely in the Democratic column when returns from half the precincts showed Smith leading by 64,000. Reports from 810 of the 1,590 precincts give Smith 83,301; Hoover, 19,284.

Pittman (Dem.) Returned to U. S. Senate by Nevada

Reno, Nev., Nov. 6.—[U. P.]—Senator Key Pittman, Democratic leader, apparently had overcome the Republican trend in his state and was reëlected over Sam Platt, Republican candidate, on the basis of nearly complete returns.

Gov. Hunt Cuts Down G. O. P. Lead in Arizona

Phoenix, Ariz., Nov. 7.—[U. P.]—Gov. George W. P. Hunt had reduced the lead of his Republican opponent, John Phillips, to only 642 votes when 246 out of 463 precincts had reported their tabulations early today (Wednesday).

Hoover Likely to Carry South Dakota by 60,000

Sioux Falls, S. D., Nov. 7.—(AP)—Jumping into the lead right from the start, Herbert Hoover was leading Al Smith by more than 30,000 votes when the half-way mark in counting the state's votes was reached at midnight. The vote stood: Hoover, 83,336; Smith, 53,584. Gov. W. J. Bulow, Democrat, led his Republican opponent, Buell F. Jones, by 6,633 votes. The figures were Bulow, 64,588; Jones, 57,955.

Woman, 87, Carried to Polls to Cast First Vote for Smith

Mrs. Eleanor Yockey, 87 years old, who heard every radio campaign address by the presidential candidates, was carried from her home at 6320 Lakewood avenue to the polls yesterday, where she cast her first vote for Gov. Smith. Mrs. Yockey came to Chicago before the great fire of 1871 and lived in a house on the site of the present Pullman building at Adams street and Michigan avenue.

DINGBAT OBERTA BEATEN IN RACE FOR ASSEMBLY

G. O. P. Retains Control of Both Houses.

Perhaps the outstanding feature of the legislative contests in Chicago was the smashing defeat of John [Dingbat] Oberta, hoodlum candidate for state senator in the Fourth district, delivered by his Democratic opponent, Frank McDermott. On the basis of early returns Dingbat, a Joe Saltis henchman, was trimmed by more than 20,000 votes.

A close race in the second district indicated that State Senator George Van Lent would be unseated by his Democratic opponent, Joseph Mendel. In 10 precincts out of 61 in the second district Mendel received 1,617 votes and Van Lent 961.

Even before the primary it was recognized by the limitation of the number of nominees in the various districts that there was no chance of the Democrats gaining control of the lower house; but it appears now that they have not materially reduced the Republican majority in that chamber.

Senate Is Unchanged.

And in the senate, with twenty Republicans among the twenty-six holdovers, there was no chance of upsetting control, since there was no likelihood of the Democrats winning more than half the twenty-five seats filled at this election. But here again is no indication that the minority party has made any substantial gain.

The lineup of the two houses in the last assembly was this:

	House.	Senate.
Republicans	92	40
Democrats	60	11
Independent	1	..
Republican majority	31	29

VOTELESS CAPITAL STAGES "HUMILIATION DAY" PARADE PROTEST

[Chicago Tribune Press Service.]

Washington, D. C., Nov. 6.—[Special.]—While citizens elsewhere in the country were voting today thousands of Washingtonians joined in a "Humiliation day" demonstration to emphasize the disfranchisement of residents of the District of Columbia. Padlocked and crêpe hung ballot boxes were displayed in shop windows or on street corners, airplanes bombarded the city with "Humiliation day" protest circulars, and a spectacular street parade of voteless citizens culminated in a demonstration before the White House.

American Legion posts and all of the business and civic organizations of the city participated in the parade, which was headed by police and included a number of floats depicting other sections of the country voting while citizens in the national capital have no voice in the choice of a President and congressmen.

The demonstration was arranged under the auspices of a joint committee on national representation which is leading the fight for submission of a constitutional amendment empowering congress to "admit the residents of the District of Columbia to the status of citizens of a state for the purpose of representation in congress and the electoral college."

GUARD CHICAGO'S BALLOTS; START CANVASS TODAY

A committee representing the Deneen faction and the Republican party, headed by Anthony Czarnecki, United States collector of customs in Chicago, Judge Daniel Trude and Harry Hoff, conferred with County Judge Edmund K. Jarecki last night and decided to post a guard of two men over the ballots delivered to the election commissioner's office. Two men will be on guard throughout the night and today.

It was also decided, in conjunction with the Democratic officials, that the canvass will begin today at 4 o'clock in the afternoon, starting with the first precinct of the First ward. The regular canvass will begin next Tuesday.

Puts Rheumatics on Their Feet

Wonderful Effect of Nurito That Actually Enables the Helpless to Go Back to Work.

DRUGGISTS GUARANTEE IT

Rheumatic sufferers are certainly going wild with joy at the discovery of Nurito. For the first time they have found something they can absolutely depend upon to rid them of the pain of rheumatism, sciatica, lumbago, neuralgia or neuritis. And to make it more emphatic, if it doesn't drive away the worst pain with two or three doses we will refund your money. A New York specialist was finally induced to put up his famous prescription as a great public benefit. It works like a charm, fast and powerful, but harmless even to children, no opiates or other narcotics. By all means make a trial of this remarkable prescription that gets the helpless out of bed, sends them back to work, happy and free. Get it at all—

COUNTY CAVAN ALL AGOG OVER U. S. VOTE COUNT

DUBLIN, Irish Free State, Nov. 6.—(AP)—Nowhere is the outcome of the United States presidential elections more eagerly awaited than in the bog land of County Cavan, the ancestral home of Gov. Alfred E. Smith. Here is a colony of Smiths. All farmers are proud of their famous namesake.

Paris Gets News at Breakfast.

PARIS, Nov. 6.—(AP)—Twenty-five thousand Paris Americans will get their first news of the presidential election at about the time they are having their rolls and coffee tomorrow morning. First definite returns are expected to be received here in the neighborhood of 6 or 7 o'clock.

Some of the most enthusiastic partisans are taking no chances, however, and will remain up all night in the hopes of hearing the familiar "another county heard from" at an earlier hour. At least three cafés patronized largely by an American clientele have arranged for a bulletin service and special announcements will be posted outside the offices of a number of the big newspapers.

Forty-five Americans in France voted in today's election of the President of the United States. Forty of the absentee voters were women. They cast their ballots through the American consulate in Paris.

Interest in Britain Keen.

LONDON, Nov. 6.—(AP)—Great Britain is watching with keen although detached interest the big battle of the ballots across the ocean today. Herbert Hoover has been long known to Englishmen through his wartime activities and Gov. Smith has been so continuously and fully described in dispatches that the people talk about the Republican and Democratic candidates with almost the same intimacy with which they discuss Premier Baldwin and former Premier Lloyd George.

Germany to Broadcast Result.

BERLIN, Nov. 6.—(AP)—German interest in the American election is attested by the fact that the government broadcasting service will announce the results of the balloting every half hour beginning at 1 a. m. tomorrow [7 p. m. today, eastern standard time].

Peel Your Skin to Natural Beauty

To give your skin that natural appearance of clear, unblemished loveliness, use daily a little pure Mercolized Wax. Procure an ounce from your druggist and use as directed. The Wax gradually absorbs the coarse, faded or discolored film skin in almost invisible particles. Soon the under skin is revealed clear, velvety-soft and girlish. Mercolized Wax brings out the hidden beauty. To quickly remove wrinkles and restore facial contour, use as an astringent, 1 ounce powdered Saxolite and 1 half pint witch hazel.

CHICAGO DOES ITS VOTING IN RECORD PEACE AND QUIET

No Violence, Not Even a Kidnaping Reported.

Insofar as peace and quiet were concerned, yesterday's election in Chicago was like a Sunday school picnic, contrasting as night does with day with the primary of last April. Not one act of violence was reported; not one kidnaping was even attempted, no slugging was discovered. The Twentieth ward was without disorder.

Chicago struggled through the greatest vote in its history in a manner pleasing to County Judge Edmund K. Jarecki and to Special Assistant Attorney General Frank J. Loesch. Nothing like yesterday's voting regularity has been known in Chicago for a generation.

Reasons for the Peace.

This was ascribed to several reasons, including the following:

The vigor with which Special Prosecutor Loesch pursued his investigation of the bloodshed and violence of the spring nominating election.

The stern policy of Judge Jarecki in punishing judges and clerks who tolerated or took part in vote cheating or ballot stealing.

The breakup of the alliance of crime and corrupt politics through the defeat last spring of the most of the Thompson-Crowe-Galpin-Eller candidates.

The fact that the state's attorney, the sheriff, and the mayor, having been whipped in the primary, were not personally interested in the outcome and were unable or unwilling to protect or promise to protect hoodlums in terroristic tactics which in past contests have meant many thousands of votes to the machine.

Police Protect Voters.

The chief of police and the commissioner of detectives this time were giving protection to the good citizens and the judges and clerks, regardless of party or faction.

Deputy Commissioner John P. Stege, in charge of the Chicago detective force, made tours of the city all day and said he thought he headed off considerable trouble in the arrest of ten Saltis gangsters who were expected to go about trying to force the election of John [Dingbat] Oberta for state senator. Stege found ten of the gangsters sitting around a table in Jack Geiss' saloon, all with pencils and paper, ready for a series of assignments to night duty at various polling places. Instead they spent the night in cells.

Loesch Pleased with Quiet.

So pleased was Mr. Loesch with the conduct of the election that when asked for his opinion, he said:

"Today will stand out as the most remarkable election day in Chicago's history since it has been a great city. The absence of all violence, terrorism, and bloodshed; the reduction of fraudulent voting in the river wards to almost a cipher; the extraordinary peace and quiet with which the election was conducted, due to the vigilance of the county judge and the election commissioners and the alertness of police and citizen watchers, together with the serious manner in which the citizens cast their votes and exerted themselves to perform their patriotic duty, present an extraordinary contrast with previous elections for the last generation.

"A part of this result may well be claimed as due to the work of the special grand juries sitting during the last five months, which relentlessly investigated the alliance between crime and corrupt politics, and published the results in their reports, and returned indictments to the Criminal court.

"Whatever the result of the election, it has proved that when the people of Chicago rise in their might to secure peaceful election conditions in a lawful manner, with results honestly returned they can have such election."

HOOVER MAKES CLEAN SWEEP IN MINNESOTA; SHIPSTEAD WINS, TOO

St. Paul, Minn., Nov. 6.—(AP)—Herbert Hoover carried Minnesota in Tuesday's election, Senator Henrik Shipstead, Farmer-Laborite, was reelected, and Gov. Theodore Christianson, Republican, was chosen for the third gubernatorial term.

With 870 of the state's 3,762 precincts reported, Hoover was leading Smith by nearly 40,000, the vote standing: Hoover, 167,003; Smith, 129,072. This included most of Ramsey [St. Paul] county, where Smith had a 4,000 vote lead.

Senator Shipstead's total was consistently swelled by late returns, assuring his reelection over Arthur E. Nelson, the Republican candidate, by a decisive margin. In 476 precincts Shipstead had 102,358 votes and Nelson 51,584

Joseph Wolf, Democratic national committeeman, conceded that Hoover had carried Minnesota, giving him the state's twelve electoral votes.

MANY CLASHES ARE REPORTED AT POLLING PLACES

One Killed in Kentucky, One in West Virginia.

Charleston, W. Va., Nov. 6.—(AP)—Clyde Moore was shot and killed at a polling place near Left Hand hill in an isolated section of Roane county today during a political argument, state police headquarters were advised by an officer in that district. The report said that Judd Huffman had shot Moore.

Shot in Political Quarrel.

Spencer, W. Va., Nov. 6.—(AP)—Shot at a polling place near Left Hand hill, Clyde Moore, 25, was seriously wounded today. E. H. Huffman was arrested and committed to the Roane county jail.

Moore was brought to a hospital here with a bullet wound in his stomach. At the hospital it was said that he probably would die. Few details of the shooting were received. The men were reported to have been engaged in a political argument.

Killed at Polls.

Cynthiana, Ky., Nov. 6.—(AP)—Ferd Lyons was killed today at Robinson station, near here, and Homer Reeves who was arrested charged with the shooting declared it resulted from an argument over politics and religion. William Lyons, brother of the slain man, declared, however, there had been no argument.

William Lyons, storekeeper at Robinson station, told sheriff's deputies that Reeves had entered the store and threatened to shoot him and that a few minutes later he went outside and killed Ferd Lyons.

Reeves declared that Ferd Lyons had attacked him with a knife during the argument and that he shot in self-defense. William Lyons said he and his brother were Hoover supporters and Reeves was a Smith man.

Jail Election Officials.

Newbern, N. C., Nov. 6.—(AP)—Five men were arrested here today and other warrants have been sworn out charging conspiracy to prevent free exercise of the franchise.

Those arrested were C. D. Cherry and L. G. Newman, Ghent poll holders; A. A. Kafer, chairman of the county elections board, and C. A. Ryman and Winfield Gaskins, poll holders in Bridgeton, across the river from this city. Cherry, Newman, and Kafer were released under bond of $1,000 after a hearing while Ryman and Gaskins have not been given a hearing yet.

Took Ballots from Pockets.

The poll holders are alleged to have prevented voters from casting ballots taken from their pockets. All maintained they had been instructed by Chairman Kafer to allow only ballots taken from tables in the voting precincts to be cast.

Newbern is the home of Senator Simmons, who, though a Democrat, has been active against the candidacy of Gov. Smith.

Senator Simmons, active in urging the arrest of the poll holders, predicted that there would be 100 arrests before night.

At the insistence of the senator a warrant was sworn out for R. H. Kehoe, a poll holder in the third district. It had not been served at noon.

Jersey Police Quell Trouble.

Newark, N. J., Nov. 6.—(AP)—Disorders late today took a squad of mounted police to the office of Charles Stoebling, commissioner of registration, in Jersey City, when a crowd stormed the office after it was learned that under a recent law persons in Hudson county who had moved since registration must go to the county seat for reinstatement on the voting list.

Mayor Frank Hague of Jersey City, vice chairman of the Democratic national committee, accused the commissioner of striking the names of voters from the list by a "trick" and of "keeping them waiting for hours."

A number of women fainted in the crowd which had gathered to seek reinstatement as voters, and were taken away in ambulances.

The day has passed in comparative quiet, with election officials estimating that by 4 o'clock 75 per cent of the registered voters had visited the polls. All persons in line when the polls closed were to be allowed to vote.

Mild excitement was aroused in Bayonne when several hundred challenged voters were delayed in attempts to obtain hearing before a county judge. Many persons were reinstated in both Hudson and Essex counties in time to vote. In Bayonne four were arrested charged with illegal voting, and four others in Essex county were arrested on similar charges but were released and reinstated.

In Atlantic City a police lieutenant was arrested, charged with beating a watcher of the opposing party with a club. A constable who attempted to arrest a patrolman was arrested himself by three officers.

Fight Watching Returns.

Springfield, Ill., Nov. 6.—(AP)—A turbulent crowd in front of the Illinois State Register, debating the merits of their respective choices for President, proved a counter attraction for those listening to Associated Press election returns tonight when a "gang fight" started. In dispersing the fight a policeman broke his club over the head of one of the participants. Several of the fighters were taken to the police station, blood stained the sidewalks below the Associated Press election headquarters.

KILLS NEGRO IN QUARREL.

Frank Bargentino, colored, 35, 75 East 18th street, was shot and killed yesterday by Sam Gordon, also colored, of 1830 Sheldon street. The killing occurred in the office of the Illinois Auto Parts company, 2106 South State street.

HOOVER'S IOWA MAJORITY MAY TOTAL 300,000

All Congressmen Probably Republican.

Des Moines, Ia., Nov. 7.—[Special.]—Leading by more than 150,000 votes at midnight, Herbert Hoover was assured of approximately a 300,000 majority in Iowa over Gov. Smith, to absolutely clinch his overwhelming victory in the state. Hoover's lead was on returns from 1,592 of the state's 2,450 precincts.

In these precincts Hoover had 425,300 and Smith 254,107.

The expected farm revolt in the fourth, tenth and eleventh districts absolutely failed to come up to expectations, and Smith may not carry a single rural county when the final results are tabulated.

Hoover's strength in the rural counties of the eastern second and third districts also overcame easily Smith support in the Mississippi river cities of Dubuque, Clinton, and Davenport.

The Republican victory virtually assures the election of the entire state ticket and the eleven congressional candidates of the party.

In the fourth district Congressman Gilbert N. Haugen, co-author of the vetoed McNary-Haugen bill, support of which was expected to react favorably for Smith, was assured of victory, as were W. F. Kopp in the First district, F. D. Letts in the Second, T. J. B. Robinson in the Third, Cyrenus Cole in the Fifth, C. W. Ramsey in the Sixth, C. C. Dowell in the Seventh, Lloyd Thurston in the Eighth, Charles E. Swanson in the ninth, L. J. Dickinson in the tenth, and Ed H. Campbell in the eleventh.

The Republican state ticket, now as certain of victory as is Hoover himself, consists of:

Governor, John Hammill; lieutenant governor, Arch W. McFarland; secretary of state, Ed M. Smith; auditor of state, J. W. Long; treasurer of state, Ray E. Johnson; attorney general, John Fletcher; secretary of agriculture, Mark G. Thornburg; railroad commissioners, B. M. Richardson and Fred P. Woodruff; Supreme court justices, William D. Evans, James W. Kindig, Truman S. Stevens, and Henry F. Wagner.

Iowa's $100,000,000 state bond issue for completion of the road system is apparently carried.

HOOVER LEADS IN MICHIGAN BY 3 TO 1 VOTE

Detroit, Mich., Nov. 6.—(AP)—With nearly one-sixth of the precincts in the state heard from, Herbert Hoover retained his nearly three to one lead over Gov. Alfred E. Smith.

The returns included one outlying precinct in Wayne county (Detroit), wherein the Democrats claimed they would make their strongest showing.

In 469 precincts Hoover had 127,671, Smith 45,469.

Gov. Fred W. Green and the entire Republican state ticket held a two and one-half to one or better advantage. With 344 precincts in, Green had 90,950; William A. Comstock [Democrat], 33,877.

In 224 precincts Senator Arthur H. Vandenburg polled 45,921, against 15,847 for his Democratic opponent, John W. Bailey.

TAKE U. S. MAIL IN ROBBERY.

Galesburg, Ill., Nov. 6.—(AP)—A sack of United States mail and merchandise valued at $2,000 was the loot obtained by burglars who robbed the postoffice and two general stores at Lynn Center, near here, last night.

DELAY TRIAL OF ELLER AIDS TO LET JURY VOTE

Trial of the sixteen henchmen of Boss Morris Eller of the 20th ward, in progress before Judge John M. O'Connor in the criminal court, was suspended yesterday to allow the jurors to go to their polling places to vote. The twelve men were placed in a bus in charge of two bailiffs at the Alexandria hotel, where the state has been maintaining them as guests, and they then proceeded leisurely to the polls.

The defense, which so far has produced alibis for Peter Pacelli, former policeman on State's Attorney Crowe's staff, and State Senator James B. Leonardo, will continue this morning with testimony in behalf af another of the defendants. The defense attorneys plan to take up the case of one after the other until they have presented a defense for each of the sixteen men on trial.

The defendants are charged with conspiracy, including the murder of Octavius C. Granady, colored opponent of Morris Eller for committeeman of the 20th ward, who was shot down on the street last primary day.

FARMER KILLED BY AUTO.

Dubuque, Ia., Nov. 6.—[Special.]—Orin Tracy, Strawberry Point, Ia., was killed last night near his home when a car driven by Edgar Opperman crashed into a hay wagon.

Alabama Village Gives Hoover 23 to 0 Majority

Birmingham, Ala., Nov. 6.—[U.P.]—Friendship, a village in Calhoun county, gave Herbert Hoover a 23 to 0 majority over Gov. Alfred E. Smith today, complete returns from there showed. Calhoun county normally is Democratic by two to one.

Smith 226, Hoover 28 in Al's Old Home District

New York, Nov. 6.—[Special.]—Gov. Alfred E. Smith's old neighbors in the Oliver street district of New York City stuck by him in the voting today. The ballots in that district showed 226 for the governor and 28 for Hoover.

NO-COLD CODE

Dr. Kegel's Rules for Members of No-Cold Club:

Avoid overheating and chilling. Maintain 68 degrees F. temperatures in your home . . . Avoid exposure to chilling *especially* after a meal.

Keep your home and office well ventilated.

Admit as much sunshine as possible through open windows.

See that the air is kept moist in your home.

Prevent fatigue, but take light, regular exercise.

Avoid overeating — drink plenty of water.

Form regular habits of body elimination.

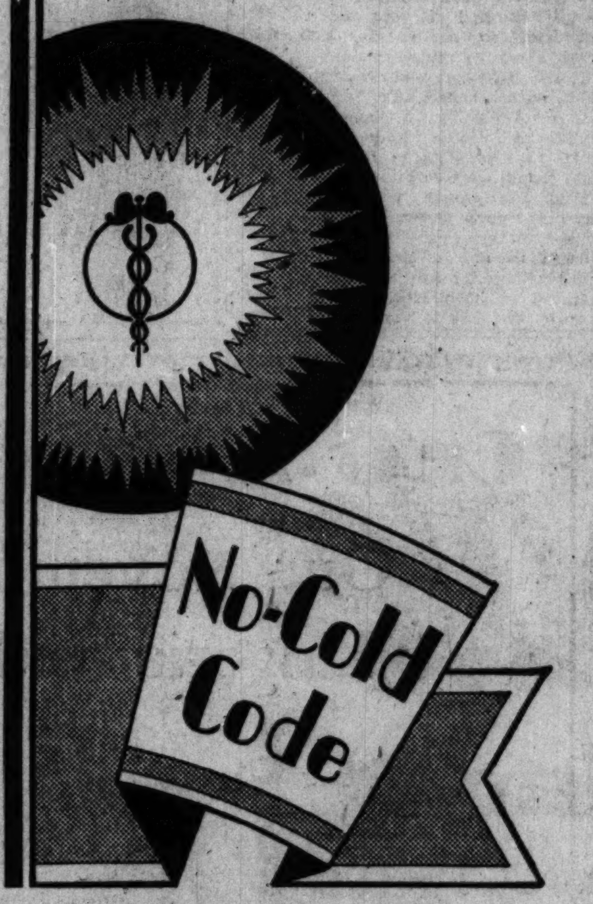
Breathe through your nose. Inhale plenty of pure and fresh air. Sleep with your windows open.

Avoid raising unnecessary dust.

Correct your physical defects, such as diseased teeth, tonsils, etc.

"Overheating stands foremost among the environmental conditions as a cause of colds. The remarkable studies of the New York Commission on Ventilation . . . show that an increase of 2 degrees F. above the correct normal room temperature brought a 70% increase in ailments of the nose and throat . . . Today the perfection of automatic heat regulating devices makes it possible to maintain in every home the ideal room temperatures without constant personal attention to the heating plant."

— excerpt from No-Cold Club bulletin issued by Chicago Department of Health.



CHICAGO HEALTH COMMISSIONER DECLARES WAR ON THE COMMON COLD

"No-Cold Code" of Dr. Kegel stresses danger of overheated homes in winter

The No-Cold Club sponsored by the Chicago Health Department is one of the most important movements ever launched to prevent serious illness and keep people well and happy during the winter months. It strikes at the root of ailments of the nose, throat, and lungs, which cause over half of all absences from work or school due to illness, and which are largely responsible for this year's 48% increase in Chicago deaths from pneumonia (January to July).

Anyone may join. Write to Dr. Arnold H. Kegel and ask for a copy of this No-Cold Club bulletin, giving full explanation of the rules quoted above. Then co-operate with the Health Department by carrying out the club pledge.

Note Dr. Kegel's rules above, and observe that overheating homes comes first on the list. This problem deserves your serious attention now as the heating season advances.

Automatic Heat Control Prevents Overheating

You cannot avoid this dangerous condition in your home with old-fashioned hand regulation of the heating plant. The only way to protect your family is to install an automatic temperature regulator and rid yourself completely of this troublesome responsibility.

Our interesting "10-point Demonstration" pictures for you the steady, even operation and real comfort you can enjoy, while actually saving money on fuel. The whole story takes only twenty minutes. Get your family together some day or evening and see how simple your heating problem becomes with automatic control to watch the fire day and night—to shut it down every evening and advance it in the early morning so you have warm rooms to dress in. The demonstration outfit is complete in itself and requires no connection with your heating plant. Phone for an appointment.

GEORGIA VOTE IS RECORD; MANY NEGROES BALLOT

Republicans Join Hands with Smith Bolters.

Atlanta, Ga., Nov. 6.—[Special.]—With 495,265 persons in Georgia eligible to vote and with the greatest increase in one year over any other in history in the number of women registered, all parties predicted that the total vote today would be the biggest Georgia ever has polled. Indications are that it has exceeded 300,000.

The size of the increase is best shown by comparisons with other years. For many years the vote in the state race between Joe Brown and Hoke Smith for governor, which Brown won in 1908, a total of 210,000 was the largest. Then came a recent contest for governor in which more than 230,000 voters were polled.

G. O. P. Making Showing.

In the presidential contest, however, this is the first year that Republicans have ever hoped to make a decent showing. In the Coolidge-Davis race Davis polled 123,000 to 30,000 for Coolidge.

The anti-Smiths are claiming they will carry Fulton county, the largest in the state and the county in which Atlanta is located. They have rolled up an impressive following through the influence of the preachers, the W. C. T. U., the women generally and the Ku Klux Klan. Since polls in Fulton do not close until 7 p. m. it will be midnight or after before definite results will be known.

The best showing ever made by a Republican candidate in this county was the vote received in 1896 by McKinley, who was given 2,006 votes to 4,500 for Bryan. Roosevelt in 1904 could only poll 1,766 to Parker's 5,781. In all there are 60,000 persons in Fulton county, in which is situated Atlanta, registered and the heaviest vote in its history is indicated up to date.

Woman Vote Is Heavy.

From all over the state reports are reaching headquarters of the Democrats, the Republicans and the anti-Smithites that the woman vote is heavier than ever, that the regular Republicans are active everywhere and are believed to be polling their full strength and that the Negro vote has increased perceptibly.

While several months ago there was indicated a trend to stay away from the polls on the part of those opposed to Smith, there was only slight evidence of this today. Formation of a militant anti-Smith party, which with small funds has conducted an admirably effective publicity campaign, has given a large number of the disaffected, the foes of Smith, a haven. Also the campaign has been waged so vigorously on the part of the Democrats that numerous others who would have liked to stay on the fence have been forced to declare themselves one way or the oher. Most of them have decided to remain Democrats.

Republicans are claiming it gives the Democrats an unfair advantage through the coupling of the national and the state tickets. The result is, they say, that many of their followers are voting the Democrat ticket in the national election, fearing that if they do otherwise they will jeopardize their vote on the state ticket.

A number of ordinaries, it is reported, have refused to consolidate the Hoover and the anti-Smith electoral tickets as demanded by other parties. If they persist in this the matter will be taken direct to the governor and if he should back up the ordinaries, appeals to the courts are to follow, Smith foes predict. The two parties have separate ballots, but the electors of the two are the same. No prohibition ticket was entered for Georgians to vote on.

WOMAN COMMITS SUICIDE.

Mrs. Carla Hedemark, 30 years old, 2414 West Jackson boulevard, committed suicide in her home last night by inhaling gas. She was found dead by her husband, Erhart.

Completes Vote First; Stands: Hoover, 28; Al, 3

New Ashford, Mass., Nov. 6.—(AP)—To this town nestled in the heart of the Berkshires today went the distinction of being the first place in the entire country to complete its vote for President. It gave Hoover 28, Smith 3. And the vote was flashed to the nation at 6:23 a. m.

HILLES FIRST TO SEND CONGRATULATIONS ON 'MARVELOUS' VICTORY

New York, Nov. 6.—(AP)—Charles D. Hilles, Republican national committeeman from New York, tonight shortly after 10 o'clock sent a telegram to Herbert Hoover congratulating him on "the marvelous achievement of winning."

The congratulatory telegram sent by Mr. Hilles to the Republican nominee read:

"You have merited the marvelous achievement of winning by adhering to a discussion of economic doctrines in a year in which other issues, improperly injected, were expected by the opposition to be determinative.

"By infusing into the campaign your own honest self-respect and respect for others, you gave it tone and direction. The people have voted not only to hold fast to all that is good in government, but also to reward you for diligence and uprightness in the multiplied relationship of your many sided life.

"I extend heartiest congratulations to you and to Mrs. Hoover."

Moses Also Congratulates.

Concord, N. H., Nov. 6.—(AP)—Senator George H. Moses, eastern director of Hoover's campaign, tonight sent the following telegram to Herbert Hoover at Palo Alto:

"New Hampshire, the first of the primary states to adhere to your cause, today gladly gives you its electoral vote and stands for your reelection as firmly as it had stood for your election."

New Hampshire was the first state to declare its support of Hoover in a primary election.

S. AFRICA CABINET QUITS; HERTZOG FORMS NEW ONE

[Chicago Tribune Press Service.]

CAPE TOWN, South Africa, Nov. 6.—The South African government of Premier J. B. M. Hertzog resigned this morning, and a new government, also formed by him, was sworn in this afternoon. The situation was caused by the refusal of Minister of Posts and Telegraphs W. B. Madeley to resign, following the demand of Premier Hertzog.

Mr. Madeley received a deputation from the colored workers' union, who protested against working conditions. The prime minister previously had asked Mr. Madeley not to receive the deputation. When his request was disregarded, the prime minister demanded the resignation of Minister Madeley, which was refused.

The new government was formed without Mr. Madeley. His post was taken by H. W. Sampson.

PEASANTS RISE IN ROUMANIA AND MAY CRASH GATE

Threaten to Force Maniu In as Premier.

BY JAY ALLEN.

[Chicago Tribune Press Service.]

BUCHAREST, Roumania, Nov. 6.—The peasants of Roumania may crash the gate to power in the palace of Bucharest if denied the right to build a cabinet with their leader Juliu Maniu at the head.

This possibility appeared ominously today in Transylvania, as peasant disorders spread.

Apparently convinced that their day in court has arrived, peasants of Transylvania are in the grip of a remarkable ferment at Hermanstadt, the provincial capital, and other towns and villages. They are strutting along the streets crying "long live Maniu! Down with Bratiano!"

Ask Free Train Rides.

Impatient with the regency's hesitation in charging their leader with the mission of forming the government, they have simply taken charge. The railway administration of the province is frantically beseeching Bucharest for advice on how to handle the thousands of peasants who want to ride on trains free of charge.

"We are the rulers of this country now," they coolly inform the conductors. "Maniu, not Bratiano, is running the show, and we ride for nothing."

All attempts to eject them have failed. When the trains, loaded to the guards with joy-riding yokels, were stopped, the unwelcome passengers swarmed on the locomotives, forcing the engineers to continue at the throttle.

Await Arrival of Titulescu

At Klausenburg, a university town of 30,000, the prefect was forced to ask the military authorities for protection, when irate peasants stormed his palace because he had censored the peasant paper Patria.

Politicians of Bucharest are awaiting the arrival of Ambassador Nicholas Titulescu from London. Fearsome of trouble, and even of Vintila Bratiano's life, the Liberal party tonight, however, gave up its demands for a coalition government under the leadership of the ambassador from London. M. Maniu coolly refused to participate in such a makeshift cabinet, insisting that the day of the peasant party has come, and failure to recognize him is apt to bring disaster to the country.

Reveal Bluff of Bratiano.

Vintila Bratiano's final bluff of keeping the reins of power which his brother Jon left to him was shown up today when the newspaper Cuvuntul revealed that the Schroeder company, English bankers who are partially involved in the plans to float a loan of $200,000,000 to put the country on its feet, refused to have anything to do with a government which did not include the peasants. M. Bratiano, in an attempt to force the regency's hand, claimed the contrary, and even showed a supposed telegram from the Schroeder firm to prove it.

In the presidential race returns from 140 districts gave Hoover 30,722 and Smith 17,219. In the same districts the vote for other candidates was: Senate: John G. DEADWOOD DICK TO SEE CHICAGO FROM AIR TODAY

Apparently as pleased over an airplane as he was with his first pony years ago, Deadwood Dick, 82 year old plainsman and dime novel hero, will take to the air again today. Deadwood Dick, whose name is Richard W. Clark, arrived in Chicago on Monday by airplane on his first return trip to Illinois since he rode by oxen to the Dakotas fifty years ago.

Today the plainsman will tour Chicago by airplane and will point out the most thrilling sights to his guests, among whom will be Baron de Geer, prominent in the steel industry in Sweden. Then at 9:45 tonight Deadwood Dick will broadcast his impressions of his air trip from South Dakota and of Chicago over W-G-N, THE TRIBUNE's radio station on the Drake hotel.

The visitor was a guest of Alex Johnson, vice president of the Chicago and North Western railway, at the Rotary club luncheon yesterday. Tomorrow he will continue his journey over the Rapid Air Lines, Inc., to Washington, D. C., where he expects to deliver an invitation to President Coolidge to return to the Black Hills for his vacation next year.

Hoover's Birthplace Votes Ten to One for Native Son

West Branch, Ia., Nov. 6.—(AP)—Herbert Hoover's birthplace returned a majority of more than ten to one today in favor of its native son over Gov. Alfred E. Smith.

The vote, which was the largest ever cast in this Quaker settlement, stood: Hoover, 523; Smith, 46.

A celebration is planned for Thursday in the event Hoover is elected President. Gov. John Hammill has been asked to speak on that occasion.

You'll Like This Pair of Glasses!

●

But really round, now, and not the old oval ones you used to wear. The lenses are of a generous size and the rims and bridge-piece are of finely engraved white gold. Not only are these glasses extremely good-looking but with their broad cushion pads on the nose-piece and their spiral cable ends, they are really most comfortable. Suitable for both men and women.

Our Registered Optometrists will make examination for the lenses required, or have them made from your own Doctor's prescription.

AVOID UGLY PIMPLES

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, bowels and liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's no sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with a "dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Olive Tablets are a purely vegetable compound mixed with olive oil; know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints and Olive Tablets are the immensely effective result. Take nightly for a week. See how much better you feel and look. 15c, 30c, 60c.

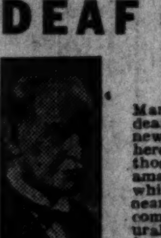
Praise New Invention



Many local people suffering deafness are today praising a new invention demonstrated here last week. Scores of those who attended were amazed at the ease with which they could hear both near and distant sounds. All commented on the truly natural tone and the absolute freedom from buzzing or static.

New German Discovery

Based on ten years' experience in creating the finest known hearing aids, this new invention provides results heretofore unknown—hearing aid so perfected that users can almost forget their deafness. Weighing but a few ounces, it yet possesses tremendous power, volume and clarity of tone. And with its tiny earpiece tucked comfortably in the ear, it is actually less conspicuous than ordinary eyeglasses.

Demonstration Continued

We have arranged to continue demonstrating this new European discovery and strongly urge those who were unable to attend last week to call now. There is no charge for demonstration or consultation. No obligation to buy anything. Hours 9:00 A. M. to 5:00 P. M. If you cannot call, write for complete description.

MEXICAN JURORS FEAR TO GO ON WITH TORAL CASE

Obregon Assassin's Trial Stirs Bitterness.

MEXICO CITY, Nov. 6.—[U. P.]—Tension was great today in the little suburb of San Angel as the murder trial of Jose de Leon Toral and Mother Superior Concepcion was resumed, after a riot forced adjournment last night. The court session was brief. Testimony may be concluded tomorrow.

All spectators have been barred from the court room for the remaining days of the trial, and jurors are petitioning that they may be permitted to resign.

The riot came during the first night session. One hundred members of the Obregonista party—which had been headed by Alvaro Obregon, the man Toral is accused of murdering—rushed into the court room yelling threats of death at Toral, the nun and their attorneys.

"If justice is not done we will make it with our own hands," the rioters shouted at the jury.

Attorney General Padilla silenced the crowd with a speech in which he promised a fair trial but the jurors were escorted to their homes under heavy guard. They all had informed the court they desired to resign.

The court told the jurors it was impossible for them to quit and they would be brought back by force if necessary.

"Then you might as well bring some figures, because we are afraid," one of the jurors replied. "We have been breaking our heads trying to understand everything, and now we are threatened."

One juryman was dismissed by the court after he had announced his intention to write to President Calles telling of the desire of the entire group to resign rather than further endanger their lives.

DUCE OUTLINES DUTIES OF GRAND FASCIST COUNCIL

ROME, Nov. 6.—(AP)—Premier Mussolini today presented to the senate a bill dealing with the functions and powers of the Fascist grand council. This body last September approved a measure giving to itself a legal and constitutional status as an element of the government.

The new measure provides that the Fascist grand council shall be the supreme body which shall coördinate all the activities of the régime and give advice on all, including proposed new laws, matters submitted by the government.

The premier will be the president of the council, which will be made up of the presidents of the senate and chamber of deputies, the ministry, the commander of the militia, various under secretaries, and representatives of the confederations of workers, farmers, and industrials. Meetings of this body are to be secret and the members serve without pay.

CANADA RUM FOR U. S. ELECTION BREAKS RECORD

[Chicago Tribune Press Service.]

TORONTO, Ont., Nov. 6.—Not even Christmas will see a bigger booze trade than the Canadian rum runners have been conducting across the United States border for the United States election festivities, according to the rum runners' own smiling admissions today. The demand has been overwhelming and the United States preventive men not so hard to miss, they say. The deluge has proceeded not only in the east, but across Lake Erie and the Detroit river.

Only two truckloads of whisky, owned by the Windsor Terminal Warehouse and Transport company and financed, it is said, by Sidney and Maruiel Nathanson, brothers, of Windsor, came to grief at the Windsor border today.

On Friday of next week Sir Henry Drayton, Ontario liquor controller, and William Euler, dominion minister of customs, will meet at Ottawa to discuss ways and means of controlling liquor exports from Canada to the United States. Ontario is helpless to deal with it under the Canadian constitution. The dominion government can check it or stop it by the passage of a law making it a crime to ship liquor to a dry country. It is said that such a step will be discussed by Sir Henry and Mr. Euler and officials of the two governments.

GANGSTER SHOT RIDING THROUGH ALLEY; MAY DIE

Pistol bullets pierced the head, neck, and right hand of Sam Pusateri, 23 years old, 716 Gardner street, at dusk last evening as he rode in a car through an alley near Larrabee and Division streets with a companion who fled.

Pusateri, who has north side gang affiliations and a burglary record, staggered from the car to the nearest house, occupied by a colored family. He was carried from there to a drug store and the Chicago avenue police removed him to the Bridewell hospital. He is expected to die before morning.

Left speechless by his wounds, Pusateri wrote a statement to the effect that he was robbed and driven to the alley, where the gunmen shot him. The police, after examining the car, expressed disbelief of his story. They judged, from the position of bullet-holes in the car, that Pusateri had been shot by a companion in the machine. No weapon was found on his person or in the auto.

The license on the car was issued to Sam Culatti, 5223 Addison street. At that address, a police squad found an aged woman who, in broken English, said Culatti had operated a still there some months ago but had moved elsewhere since then. A city wide search for Culatti was ordered.

A gangster shooting which occurred last Friday came to police knowledge last night when Mike Cemilluca, 34 years old, 1501 Larrabee street, was taken in custody by Lieut. Paul Riccio. Riccio declared he had learned yesterady that gangsters fired at Cemilluca as he stood on the porch of his home, wounding him slightly. Cemilluca refused to name his assailants who are believed to be rivals of the Aiello gang with which Cemilluca is allegedly allied.

STREAM OF LAVA POURS ON TOWN, DESTROYS HOMES

Fate of Mascali Sealed by Mount Etna.

BY DAVID DARRAH.

[Chicago Tribune Press Service.]

ROME, Nov. 6.—A fearful spectacle of fire and destruction, comparable with a night artillery offensive during the world war, is being enacted tonight on the eastern coast of Sicily, between Taormina and Catania, where the roaring and groaning monster, Mount Etna, has burst into renewed fury.

The stream of lava from the crater of Monte Naca, the famous aperture which opened in 1865, was propelled with such velocity and force today that the molten river reached Annunziata, which town it skirted, and then flowed on to Mascali, which it reached late this evening. Both towns have been evacuated without loss of life. Much destruction is reported. The lava has begun to destroy the houses and the village appears to be doomed.

Authorities are on the spot directing the evacuation work, which is being carried out by troops. Minister of Public Works Giovanni Guiriati left a council of ministers in Rome today in order to hurry to the scene of the eruption.

Priests Lead Exodus.

Weird scenes are witnessed tonight. Fire and smoke lights up the landscape, while the huge wedge of smoke belches ominously out of Mount Etna. Numerous trees and orchards are burning. In the thin, livid, uncanny twilight, long processions, composed chiefly of peasant women and headed by country priests, are moving along, trying to exorcise the subterranean demon, whose furies have wrecked their farms for ages past. The priests are carrying relics of St. Vitus and St. Leonardo, hoping their intercession will stop the spewing lava.

The roads are filled with carts, trucks and vehicles of every description, loaded down with household goods, women and children. The evacuation resembles scenes at the war front following a retreat.

With the lava on the mile and a half front already invading Mascali, which is only a mile from the sea, railroad communications between Messina and Catania and Syracuse will be cut soon.

Orchards Destroyed.

The most important flow of lava follows the course of the River Pietro Fucille Vallonazzo, forming a molten, burning ribbon, running down from the crater of Monte Naca to Mascali, just missing the villages of Puntalazzo and Nunciata. On its scorching path the lava has destroyed rich orchards of chestnut trees and farms.

The main lava stream was augmented this evening as dozens of smaller ones joined the main confluence, wiping out the small gauge railroad line used to carry tourists up to the crater. The cascade of lava was extended early this morning as far as the region of Anarca.

Edna Wallace Hopper Here as Flapper of Sixty Plus

Edna Wallace Hopper, first wife of De Wolfe Hopper, comedian, stepped off the Twentieth Century limited yesterday, chirped a greeting to a press agent who met her, and whisked away through the crowd to her hotel. Her face was smooth, carefully powdered and rouged, and her mouth was done in deep carmine. Back in 1922, when her face was lifted by a plastic surgeon, she admitted 62 years. Now, in estimating her age, she takes refuge in the indefinite sixties.

TAKEN BY DEATH

Mr. Conlon was 54 years old and is survived by his widow, Margaret, and four children.

Mr. Conlon served as state representative from the 29th district from 1908 to 1910, and later continuously from 1912 to 1922. After leaving the legislature he was made superintendent of the Municipal (now the Navy) pier, serving as such during 1924 and 1925. He was chief investigator for former Corporation Counsel Francis X. Busch during the Dever administration.

ROTHSTEIN DIES WITHOUT TELLING NAME OF SLAYER

Gambler Shot for Not Paying $303,000 Loss.

BY TOM PETTEY.

New York, Nov. 6.—[Special.]—Arnold Rothstein, last of the "gentleman racketeers" has gone his shadowy way. He died with a bullet in his middle and the stigma of "welcher" hanging over his bed at 10:25 this morning in Polyclinic hospital.

Stubbornly silent until the end, Broadway's plunging master of the gaming tables who wouldn't pay a [illegible] gambling debt because he thought he had been "taken" died without telling the police anything. Last night he wouldn't and today he couldn't.

Hot Headed Creditor.

Whether hired "mobsmen" from Chicago fired the bullet from a two inch long revolver muzzle; whether a hot headed "creditor" grew impatient and blazed away, or whether Rothstein, cornered, tried to fight his way out and fell in battle the police could not say with certainty. They still are seeking the five big time gamblers who sat with Rothstein Sunday night in the Park Central hotel in the hotel that one of them will spill the story.

This much the police do know—that Rothstein welched and died.

Seated at Table.

It is their theory that "Arnie" was shot as he was seated at a table trying to talk his way out. One of the five men in the room—probably a hired gunman—reached under the table and let Rothstein have it when his love of a dollar proved greater than his love of life.

The autopsy performed at Bellevue morgue bears out this belief, for the path of the bullet ranged upward from the point it entered the body in the groin.

Nigger Nate Raymond, the Pacific coast surething gambler, is the only one who took part in the half million dollar "high spade" game last September which cost Rothstein his life, the police have been able to find. Raymond has told his story. According to the police, he did not attend the "creditors" meeting. From Raymond's tale and from other sources in Manhattan's sporting world the police have pieced together this picture of events leading up to the assassination of New York's biggest gambler and racketeer since the days of Canfield.

Meet Big Time Gamblers.

A month ago Jimmy Meehan, New York and Chicago gangster, met a trio of California big time gamblers in a hotel in the latter city.

"When you come to New York, look me up," Meehan told them, "I'll put you in with the hot torpedoes."

They arrived a week later and Meehan took them to call on Arnold Rothstein. Picking out Nigger Nate Raymond, Meehan said to Rothstein:

"Here's a good kid, good pay, and a hot sport. Take him and his crowd on in your game. I'm backing them with my word and my cash."

Rothstein smiled, reflected for a moment, and that night the play began. Then came the big game where $10,000 changed hands on the turn of a spade. Raymond early in the evening lost $19,219. "Humpy" McManus lost $51,000. The St. Louis kid, Myer Boston, and another player known only as "Titantic" broke about even.

From Cash to Chips.

Hours later, Rothstein's luck changed and before the game was over he lost $340,000 to Raymond. Then the game ended, but all Raymond got was a verbal promise from Rothstein to pay. He didn't even get his $19,219 back that he had lost earlier in the day before the game changed from cash to chips. That went to some of the small winners.

Since Labor day Raymond has been compelled to live on what his wife, Clair Ray, former show girl, could afford to give him. Last Thursday he made a final appeal to Rothstein to pay up, telling him of his embarrassment. Rothstein countered with the charge the game was crooked.

Since then, Arnold swears he hasn't seen the Broadway gambler. He knew of the creditors' meeting, but strangely enough he says he didn't care to attend. Interwoven in the picture is a mysterious visit to New York a week ago by a Chicago racketeer identified only as "Al Capone's" brother. This, the police say, fits in with the underworld stories of a Chicago "mob" being called in to "collect" from Rothsetin. Meehan's Chicago connections also lend credence to this part of the story.

Confided to Friends.

While Rothstein told police nothing, it is believed he confided in friends who saw him after the shooting when he was taken from the side entrance of Park Central hotel to Polyclinic hospital. His death magnified rumors of reprisals by gangster followers against the slayer.

Police are taking extra precautions, but they say the fact that Rothstein died branded a welcher will cause even the most loyal followers of the gambler to let the entire matter fade out. They do not fear a gun war.

Family of Five Die When Farm House Burns Down

BRIDGEWATER, N. S., Nov. 6.—(AP)—A family of five was burned to death at South Conquerall, near here last night. The tragedy was discovered when a neighbor saw smoke arising from the Albert Nass farm. Investigation revealed a mass of smoking ruins. No one escaped from the house—and the complete story of the fire was left to conjecture.

BANK OF FRANCE STOCK FALLS AS POINCARE QUITS

Cabinet Breaks in Row Over Religion.

BY HENRY WALES.

[Chicago Tribune Press Service.]
[Copyright: 1928: By The Chicago Tribune.]

PARIS, Nov. 6.—The Poincaré government resigned today.

In power two years and five months, during which time he rescued France from the brink of financial disaster and stabilized the currency, the grizzled premier, Raymond Poincaré, saw himself forced out of office by the almost single handed efforts of his bitter enemy, Joseph Caillaux. He forced through a resolution in the Radical Socialist party condemning the premier's finance bill, and especially its religious articles, which provided for the return of Roman Catholic monastic orders to France. The party had agreed on Sunday to allow Edouard Herriot and the other radical ministers to continue their collaboration with M. Poincaré a while longer.

The sudden fall of the cabinet, coming as it did only a couple of hours before parliament was due to reconvene this afternoon, caused consternation throughout the country.

French Stocks Fall.

Financial circles are dismayed. The government crisis had a serious reaction on the bourse, where French stocks fell off badly. Bank of France stock fell 1,000 francs [about $40], while there were corresponding drops in other stocks.

The exchange was not affected, and the franc maintained its strength, but there is an uneasy feeling here that it may soon start a downward plunge unless Premier Poincare is returned to power.

His close political associates said tonight that he had no desire to do so, being tired of his thankless task, and anxious to let the burden fall on other shoulders. However, it is certain President Gaston Doumergue will use all his influence to get the war time president to accept the office once more.

Premier Poincare handed President Doumergue the resignation of the cabinet at 12:30 o'clock today, but the government's doom really was sealed late last night by a handful of obscure delegates to the annual congress of the radical socialist party, gathered in the provincial indoor circus hall of the little town of Angers.

Young Radicals Force Break.

There, shortly after midnight, after the four party leaders, Edouard Herriot, Albert Sarraut, Leon Perrier, and M. Quelle, had left town to attend the cabinet meeting in Paris. M. Callaux forced the militant young radicals to vote the resolution which necessitated the quartet of radical ministers resigning from the national union government.

This they did early this morning, and the premier, with the support of the largest parliamentary party gone, promptly convoked the remaining cabinet members and announced the government's resignation.

It was the first time in the history of the republic that a government ever was forced out by any action except that of an adverse parliamentary vote. Never before has the simple fact of a resolution voted by a political party brought down a cabinet.

If Premier Poincare refuses to form another government it is probable Foreign Minister Aristide Briand will be called to head a cabinet.

THREE BOYS PLAY INDIAN WAR; ONE SHOT, NEARDEATH

Emmett Higgins, 16 years old, 8431 Maryland avenue, was shot in the head and critically wounded yesterday when he and two other boys were playing with a pistol in the home of Joseph Romanelli, 16 years old, 8005 Eberhart avenue.

Higgins was removed to the Jackson Park hospital. The Burnside police took in custody John Romanich, 15 years old, 8054 Yates avenue. It was said that the three boys were playing Indian war when Romanich, believing the weapon empty, pointed it at Higgins.

The Romanelli flat is over the polling place for the 81st precinct of the 8th ward. Voters and election officials were startled by the gun shot and first reports to police were that an election shooting had occurred.

COOLIDGE SEES VINDICATION OF FOREIGN POLICY

Nicaragua Election Was Latest Evidence.

Aboard President's Train Returning to Washington, D. C., Nov. 6.—[Special.]—President Coolidge, commenting today upon this government's policies in Latin America and the far east, considers that the American attitude adopted towards Nicaragua, Mexico, and China have been successful as shown recently in the peaceful election in Nicaragua and the trend of events in Mexico and China.

The disputes have been sufficiently closed in his opinion for most of the marines to be safely withdrawn from Nicaragua and China with the assurance that American lives and property in those countries will be safe.

As he nears the end of his administration, less than four more months ahead, the President believes that all of the controversial disputes with foreign countries will have been composed or well on the way to settlement, so that he will complete his administration of seven and a half years with the United States enjoying good relations with the world and domestic tranquillity and prosperity.

Nicaragua Election Pleases.

In his opinion the outcome of the elections in Nicaragua has been particularly successful and especially agreeable to the United States. He believes they demonstrated that this country pursued the right course. The marines were in that country for many years, and he was anxious to withdraw them from a contact of that kind. They were once nearly all withdrawn, but at the earnest solicitation of that country were returned before they had been away thirty days.

They were sent then, the President observed, to protect American property and lives while a terrible warfare was in progress. Col. Stimson was sent to Nicaragua and plans were made which were successfully carried out in the election last Sunday—an orderly and peaceful election which apparently is an expression of the will of that country. The American policy in Nicaragua, it was asserted, had been very similar to the policy in Mexico and China, of trying peacefully to compose differences.

Succeeding in China.

In the President's opinion, the United States is succeeding admirably in Mexico and China. In China, where there was a real crisis in the spring and winter of 1926, the differences have been so quieted that this government has under consideration raising the legation to an embassy.

President Coolidge also let it be known that he was hopeful of getting a final settlement in the Tacna-Arica controversy. It is quite apparent to him that there is now a new spirit in Chile and Peru. They have resumed diplomatic relations and as neighbors have large commercial interests. Developments give assurance that the dispute of forty years will soon be settled.

Victory for "Good Will."

The President opposed those who besought him to make a strong military move against China. He let it be known today that he had always opposed such suggestions which emanated here and abroad, thinking such a course would prevent the people from settling their own differences and intensify the conditions of revolt and disorder that had existed for the last few years. Instead this government refused to interfere in the domestic disputes and did nothing more than protect the interest of the American people in China.

The policy dictated by President Coolidge in relation to all these different countries has been one of peace, conciliation, good will, patience and coöperation.

ARREST HUSBAND OF GIRL KILLED IN DALLAS MURDERS

Tulsa, Okla., Nov. 6.—(AP)—Roy Lynch, 24, husband of Mrs. Bessie Lynch, who with Mrs. Cleo Lieto was clubbed to death at a lonely spot near Dallas Sunday, was arrested here today by three Dallas detectives who trailed him here earlier in the day.

Lynch waived extradition and was started for Dallas soon after his arrest.

"I know what you want," Lynch said, "but I'm not guilty."

A search of his clothing revealed a copy of yesterday's edition of two newspapers containing stories of the killings at Dallas. Lynch was held in jail here some time ago, he told officers, on a charge of transporting whisky.

SHOTS FIRED IN TAKING ALLEGED RUM SHIP AT SEA

Same Vessel That Figured in International Spat.

San Francisco, Cal., Nov. 6.—(AP)—After a sea fight in which scores of shots were fired the alleged rum ship L'Aquilla was en route to San Francisco today in tow of coast guard cutters, according to information received here by United States Attorney George J. Hatfield.

L'Aquilla formerly was the federal ship which figured in a similar battle on March 1, 1926. It was released after long international negotiations, on a ruling by Federal Judge George M. Bourquin.

Hatfield's information today did not say whether there had been any casualties in the fight but said the L'Aquilla was damaged. The capture was made by the cutter Cahokia about 250 or 300 miles southwest of here. The captured ship is under British registry and was en route from Amsterdam to Shanghai.

Green Asks Illinois to Give Back 'Airplane Thief'

Lansing, Mich., Nov. 6.—(AP)—Gov. Fred W. Green believes he has issued the first request for extradition of an alleged airplane thief. Joseph Martin, charged with stealing a plane near St. Joseph, Mich., loading it onto a truck and taking it to Chicago, has been arrested in Chicago by state police. Gov. Green asked the governor of Illinois to send him back to Michigan to face the charge.

ZEPPELIN BACK AT BASE AFTER VISIT TO BERLIN

FRIEDRICHSHAVEN, Germany, Nov. 6.—(AP)—The Graf Zeppelin, which took off from the Staaken airdrome in the suburbs of Berlin at 7:06 a. m., landed at its home port here at 3:30 this afternoon.

The airship carried, besides her crew and 35 honor guests, ten passengers who paid $240 each for the trip to Friedrichshafen. Dr. Hugo Eckener, commander of the ship, remained in Berlin for a series of conferences. The airship was in charge of her senior officers, Capts. Ernst A. Lehmann and Hans C. Flemming. The airship flew over Potsdam, Dessau, Halle, and Plauen on her way home.

Dr. Eckener called at the American embassy today and expressed cordial appreciation to Dewitt C. Poole, American chargé d'affaires, for the coöperation of the American navy in connection with the dirigible's landing at Lakehurst and the reception in general accorded to him and his crew during their brief stay in the United States.

PUT BURNED GIRL IN DEATH TRANCE, MYSTIC ASSERTS

Letter Confesses Blame for Furnace Killing.

State's Attorney A. V. Smith of Waukegan disclosed last night the contents of a letter written him by the self-asserted slayer of Alfrieda Knaak, Deerfield Sunday school teacher, who was fatally burned in the blazing furnace of the Lake Bluff village jail.

The writer proclaimed himself a student of the occult for the last 20 years and an adept in Egyptian love lore. He stated he had placed Miss Knaak in a hypnotic trance, saw her place her limbs in the bed of coals, and fled in terror when he perceived that the experiment by which he hoped to rid her of her love for Charles Hitchcock, Lake Bluff policeman, had failed.

Trace Writer of Letter.

Prosecutor Smith termed the letter remarkable because of its rationality, and because the composition gave evidence of more than average intelligence. The letter, postmarked at Chicago last Saturday, reached his office Monday. Smith said an effort would be made to trace it and Hitchcock would be questioned to learn if he knew the writer.

"I can't suppress the truth any longer and I want to tell you and the world how 'Bub' was burned," the letter began. The reference to Miss Knaak as "Bub" was obscure because none knew her by that name.

"For the last 20 years I have been a student of occultism, mysticism, hypnotism and an experimenter in occult science. Bub and I spent much time together and there were no secrets between us. For that reason I knew of her infatuation for Charlie Hitchcock and I knew how hard it was for her to overcome it. Of course, Charlie never knew, for Bub was [illegible] and kept it hidden—but if you knew anything at all of the Freudian theory of suppression you will understand that that merely increased her [illegible] a hundredfold.

Tells of Experiments.

"From Bub's and my experiments in hypnotism I learned she was an excellent subject—supersensitive, psychic to the finest degree and very impressionable. We delved deeper and deeper into our devilish subject; she, merely to forget, and I because of my thirst for things unnatural. I could render her cataleptic and absolutely insensible to heat, cold, hunger or pain.

"But one thing I could not do—purge her of the memory of Charlie Hitchcock. We decided on a final test that would rid her forever of Charlie. Cytherea, goddess of the ancient fire, was the only one who could burn all memory of Charlie from her mind.

"I placed her in a deep sleep, as far into the third degree of hypnotism as she had ever been. I gave her the suggestion that all feeling would leave her body, that she would pass through the fire, and that the only thing that would burn would be her memory of Charlie.

"I still think the experiment would have been a success under the proper circumstances. Although she suffered no pain, I could see immediately that she was being physically burned. At that I became frightened. I had been helping her hold her limbs in the fire, but I dropped her and ran out, hooked the door, and went home. I thought she would die before she came out of the hypnosis, but I know now that she didn't, although she did not suffer, except during the moments before she died.

Not Ordinary Crank.

"I can't tell you more, except that I am the reincarnation of a priest of Cytherea in Egypt. You will never know who I am because I am protected by strong powers. I can say no more—my head is swimming and my master bids me desist."

The letter was signed with the cryptic symbols A-Os-Wun-Aken.

"The writer of that letter was no ordinary crank," the state's attorney commented. "Either he is an ingenuous fictionist or else he knows something of the girl's death. The letter betrays an extraordinary knowledge of the facts—that Miss Knaak apparently suffered no pain, that she professed a spiritual love for Hitchcock, that she wanted to be cleansed. All these circumstances have been revealed in the girl's half coherent statements."

While the letter was under scrutiny, deputy sheriffs kept surveillance over the Lake Bluff home of Oscar J. Kloer, violinist and close friend of Hitchcock. Kloer, after a protracted questioning by police and newspaper men, collapsed in his car near the Lake Bluff police station yesterday. He had driven there to consult Dr. A. J. Rissinger, who found him suffering from acute indigestion induced by extreme nervousness. Kloer denied knowing Miss Knaak, but admitted he had no alibi for his movements after 10:20 p. m. the night before the girl was found in the basement of the police station. As he was helped into the house after his collapse, Kloer mumbled:

"I have no alibi—this is the end."

FIVE, RUN DOWN BY AUTOMOBILES, DIE OF INJURIES

2 Women, 2 Men and Boy Raise Toll to 893.

Two women, two men, and a child died yesterday of injuries incurred when they were run down by autos in various parts of the city, raising the total casualty list in Cook county to 893 killed since Jan. 1. The dead:

Mrs. Mary Campbell, 70 years old, 10106 South Seeley avenue, knocked down by a car at 101st street and Western avenue, incurring internal injuries which caused her death at St. Francis hospital, Blue Island, where she was taken by the driver, Ernest R. Freedman, 1238 West 72d street. Freedman was held for the inquest.

Mrs. Sida Bobich, 38 years old, 10836 Torrence avenue, struck last Friday by a skidding car as she crossed Torrence avenue at 109th street. The accident caused her to give premature birth to a boy at the South Chicago hospital. The infant is expected to live.

Theodore Waczolc, 7 years old, 2647 Hudson avenue, hit by a cab as he crossed the intersection of Washtenaw and Haddon avenues. The cab driver, Rudolph Eskovitz, 2645 Iowa street, took the boy to the Norwegian American hospital, where he was pronounced dead.

Henry Mandell, 55 years old, 1152 North Wells street, fatally injured when he was run down at La Salle street and Chicago avenue by a car driven by John Cormican, 21 years old, 56 West Goethe street.

William Cahill, 60 years old, 4146 Washington boulevard, was fatally injured when he was struck by an automobile as he crossed Kedzie avenue at Ohio street. James Manuson, 22 years old, 1107 South Albany avenue, the driver, took the injured man to the Franklin Boulevard hospital where he died. Manuson was held.

TRAFFIC AT SOO THIS YEAR MAY BREAK RECORDS

More Grain and Ore than Ever Before.

Sault Ste. Marie, Mich., Nov. 6.—[Special.]—Traffic at the Soo locks in wheat and iron ore bids fair to exceed any previous year, it was declared by government officials today. It was announced that more than 268 million bushels of wheat have been shipped through here on lake freighters and over 48 million tons of iron ore. With a full month yet to go before navigation closes for the year, it is confidently believed that one hundred million more bushels of wheat will be shipped through. Last year's total was 330 million bushels.

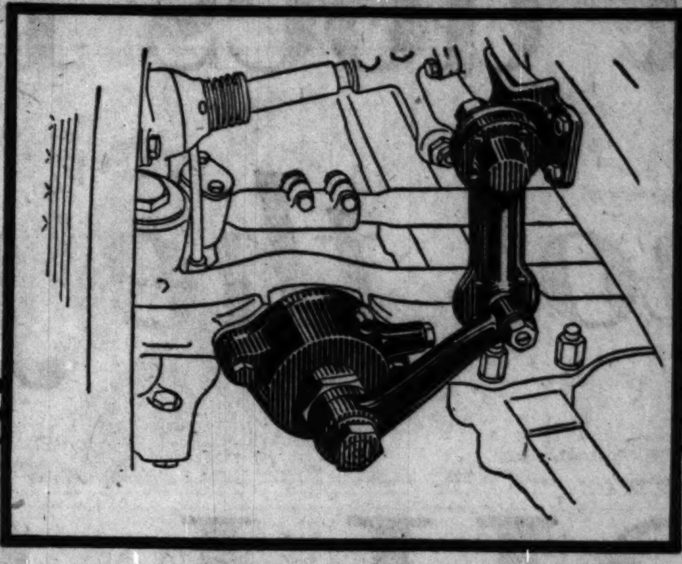
Indications are that the movement of ore will be from two to three million tons greater this year than last. All of the Pittsburgh steamship fleet of ore carriers are still on the lakes, bringing down the red mineral.

Last year a total of 49 million tons of ore passed this port downbound. In the six months this season in which the locks have been opened, the passing steamers have carried more than forty-eight and a half million tons, and the average monthly tonnage this season has been in excess of eight million, so with another month to go, last year's records will be smashed.

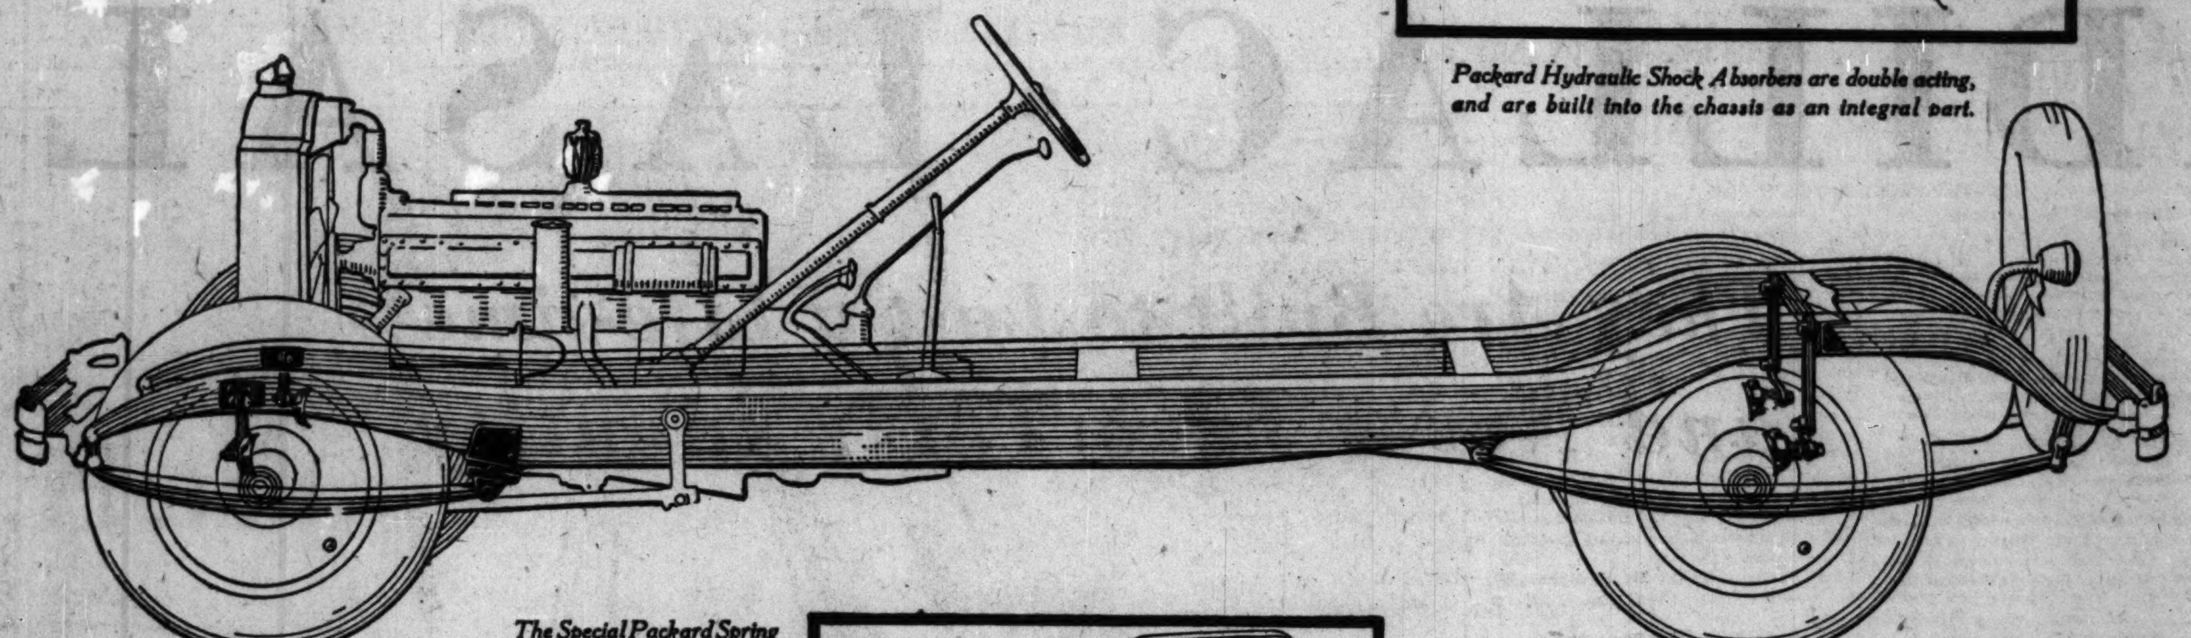
The monthly lock report, made public today showed that total of all classes of freight up to Nov. 1 this year has been 75 million tons, all October records in the history of the canal being broken by the 13,608,971 tons carried last month.

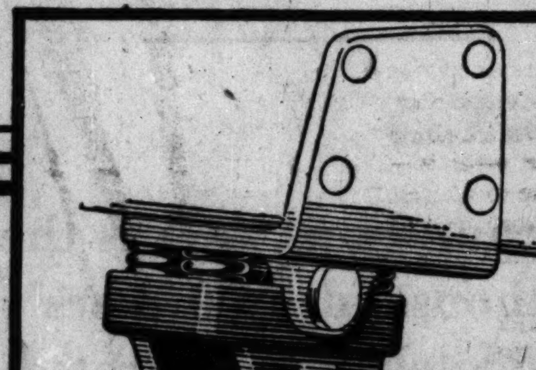
The October report lists the following shipments: Flour, 1,551,170 barrels; wheat, 79,677,238 bushels; other grains, 25,510,634 bushels; iron ore, 8,430,591 tons; soft coal, 1,609,615 tons; hard coal, 77,962 tons; oil, 44,048 tons.

The PACKARD Shock Absorbing System



Packard Hydraulic Shock Absorbers are double acting, and are built into the chassis as an integral part.





The Special Packard Spring Mounting which cancels steering whip and "shimmy".

-- makes the Packard Eight *the easiest riding car in the world*

THE *easiest riding car in the world*—literal truth—we cannot emphasize that important statement too strongly.

Your first ride in the new Packard—be it the Standard, Custom or DeLuxe Eight—will convince you that the exclusive Packard Shock Absorbing System provides riding comfort and driving ease never before achieved.

Packard-designed and Packard-built hydraulic shock absorbers, *double acting*, are built into the chassis—an integral part—with ball joint ends lubricated by Packard's centralized oiling system. Spring compression is softened—recoil smoothly and gently controlled. Even with heaviest load there is no "striking through," no bouncing rebound—instead a gentle cradling action which, combined with Packard's deep and luxurious new cushions, means divan-like comfort on all roads.

A special shock absorbing device, into which the left front spring is mounted at the rear, eliminates completely all steering jars—cancels out all steering whip and "shimmy." So safe and easy is the new Packard steering that the car can be guided over the most uneven roads with only the tips of two fingers touching the wheel.

We want you to drive one of the beautiful and distinctive new Packard models—experience for yourself its almost magical riding comfort. At least come in and see our exhibitions of charts explaining briefly and clearly why the new Shock Absorbing System makes the Packard not only *the easiest riding car in the world*, but the *safest*.

Should you wish to purchase, we will appraise your present car fairly, and apply its value on the price of the new model you choose. The average used car makes or exceeds the down payment. If you prefer to buy from income, as so many do, the remainder can be arranged in convenient monthly payments.

CADILLAC · LaSALLE

They Are Built to Last a Life-time and Never Lose Their Identity

---

MANY who have longed for a Cadillac, are today finding that wish fulfilled in a Cadillac, or in a Cadillac-built La Salle, that has passed from the hands of its first owner.

Such purchases represent the exercise of common sense judgment, because Cadillac and La Salle cars are built to last a life-time—with just reasonable care.

No other car offers the same advantages of long-life performance, because no others are powered with the famous Cadillac-La Salle 90-degree, V-type, 8-cylinder motor—by long odds the simplest and most dependable of all types of Eights, as General Motors engineers, laboratories and testing grounds, as well as the hundreds of thousands in owners' hands, have completely demonstrated.

Purchasers thus realize that it does not matter at all if they do not happen to be the first owner, for they know that Cadillac and La Salle cars never lose that identity which distinguishes them from all other fine cars.

Back of this confidence in Cadillac and La Salle is the complete assurance of absolutely fair dealing, no matter what make of used car may be selected, because Cadillac-La Salle dealers also exercise common sense business judgment. They know good will is their greatest asset. They want the buyer satisfied, because they want him to return—perhaps, eventually, to buy a new car. They know good will inspires many customers to recommend the Cadillac-La Salle dealer to their friends who want good used cars.

Because the Cadillac-La Salle dealer occupies an advantageous position, his used car stock is large, varied and well-conditioned. These cars are reasonably priced because no Cadillac-La Salle dealer is forced to take trade-ins at fictitious values. It's well worth your while to investigate these statements.

• • •

A dependable and far-reaching dealer body serves Cadillac and La Salle owners. It operates under a national service policy clearly defined. Wherever you drive you can secure the same efficient service under factory regulation at prices limited by us.

ARMY'S STAR BACK WORRIES NOTRE DAME

OHIO GREASES GRID WHEELS TO BEAT IOWA

Wilce Plans Shakeup in Forward Wall.

Columbus, O., Nov. 6.—[Special.]—Ohio State started strenuous training today in preparation for its gridiron battle Saturday with Iowa for the lead in the Big Ten conference, minus the services of five stars—Fouch, Raskowski, Barratt, Coffee, and Cory.

It was definitely announced tonight that Barratt would be unable to get in the Iowa game Saturday and at the same time Coach Wilce announced that Larkins, varsity tackle, would be moved over to the pivot position and Selby or Ujhelyi from guard to tackle with one of the reserve tackles, probably Reboulet, in the guard position.

Hold Scrimmage with Scrubs.

This condition may weaken Ohio considerably but the substitutes are reported to be as capable as the regulars. Kruskamp also will be in Cory's position at full back with Eby, Kriss, and Holman constituting the remainder of the back field.

The varsity met the scrubs in tonight's practice and a second such meeting with the yearlings, using Iowa plays, is planned for tomorrow.

In addition to fighting for conference lead, the Buckeyes will also be striving to even their won and lost record with the Hawkeyes. In the last six years Iowa has won three, tied one and lost two. Iowa, along with Michigan and Illinois, are the only Big Ten teams to hold an edge over the Buckeyes.

Hawks Have Won Three.

The Hawks won or tied the first four games, and it has been only in the last two years that the Buckeyes have been able to gain a single victory. The complete series scores follow:

1922—Ohio State, 9; Iowa, 12.
1923—Ohio State, 0; Iowa, 20.
1924—Ohio State, 0; Iowa, 0.
1925—Ohio State, 0; Iowa, 15.
1926—Ohio State, 23; Iowa, 16.
1927—Ohio State, 13; Iowa, 6.

Iowa Coach Rags Varsity on Grid Drill

Iowa City, Ia., Nov. 6.—[Special.]—Varsity linemen and blocking backs came in for severe criticism from Coach Ingwersen tonight as he sent his Iowa football squad through scrimmage drill in preparation for the Ohio State game Saturday. The varsity was far from impressive either on offense or defense.

Second string forwards and ends sifted through and around the first team line to smear the varsity's forward pass attempts.

The scrubs made the best gains of the season against the first eleven. With only one more practice remaining before the Iowans start Thursday for Columbus, Ingwersen found plenty of flaws in the play of his varsity and made many substitutions.

Farroh, regular blocking half back, was on the sidelines all afternoon with a recurrence of the lameness in his back which has bothered him for more than a week and which kept him out of uniform against South Dakota last Saturday. McLain, full back, fumbled repeatedly and was unable to do any passing because of his bandaged hand.

ARKANSAS WILL REMAIN OUT OF VALLEY CIRCUIT

Des Moines, Ia., Nov. 6.—(AP)—Dr. L. S. Ross, secretary of the Missouri Valley conference, today confirmed a report that Arkansas university had declined an invitation to enter the Missouri Valley conference. Dr. Ross stated that he had been informed that Arkansas' relations with the Southwestern conference were cordial and the school preferred to affiliate with the southwestern circuit.

The statement of Dr. Ross also declared that Butler university had declined to join the Missouri Valley conference, but that Creighton had accepted. No invitation, he said, had been tendered to Marquette university.

KNIGHT, BIG TEN OFFICIAL, CHOSEN STATE ATTORNEY

Rockford, Ill., Nov. 6.—[Special.]—William D. Knight of Rockford, Dartmouth graduate and conference football official, was reëlected state's attorney of Winnebago county today without opposition. In the April primary he received the largest plurality ever given a candidate for that position in the county. Mr. Knight is secretary of the Illinois State's Attorneys association, is a former commander of the local post of the American Legion, and in 1922 was state senior vice commander of that organization.

AERIAL PERFORMERS HERE SATURDAY

Bill Griffin (left), Northwestern's newly discovered sophomore grid star, poised to toss a pass. Griffin not only is an excellent passer and a good runner, but he has a plentiful amount of football brains. Bill Woerner (right) is one of Purdue's best receivers in the Boilermakers' overhead attack. Frank Baker (insert) is a regular occupant of one end of the Purple line. The Wildcat pass attack depends to a great extent on what Baker does.

N. U. Relies on Light Team; Phelan Speeds Up Purdue

Barring injuries and unexpected sensationalism upon the part of some underling, Northwestern university will rely on its lightweight lineup of the Minnesota game to match Purdue's speed Saturday. That was Coach Dick Hanley's decision after practice last night.

Although the squad is one of the heaviest in years, the regular lineup as now organized probably is the lightest available combination of first string material. The line doesn't average 176 pounds, while the back field is a pound or so lighter. The speed of the Wildcats, however, is expected to offset the weight deficiencies. Three newcomers to the starting lineup of the Gopher game are the chief reasons for the drop in weight. Bill Griffin, the diminutive half back, scales only 156 pounds. Tom Verdell, whose defensive ability is expected to keep him in the running at end, weighs 154, while Francis Sullivan, star sophomore guard, tips the scale at 170.

Three Seek End Position.

The only spot about which there is any question as to the starters are the ends, where Ted Egbert, Larry Oliphant and Don Massie, all sophomores, still are contending for first string berths. Baker and Verdell retain the starting call, however.

John Hazen, by virtue of his great game against the Gophers, is a fixture at one tackle, while the other two alternating regulars, Frank Sinkler and Harry Kent, will work at the other side of the line, depending upon which convalesces the faster. Anderson and Sullivan at guards and Erickson at center complete the forwards.

Get Glimpse of Purdue Attack.

In Griffin's providing a defensive tonic to the back field, his smallness of stature is no handicap. Despite his slight size, he can leap up and intercept enemy forward passes with far better results than the taller backs. He is a deadly safety man, which combined with his offensive ability, is certain to keep him in the lineup. Levison, Calderwood and Holmer will complete the back field.

Although actual scrimmage was not indulged in, the Wildcats got their first glimpse of Purdue's diversified attack last night. The freshmen performed the Boilermakers' offensive repertoire and the varsity shadow scrimmaged the plays. The only real scrimmage of the week is on tonight's schedule.

Purdue's backs have a versatile attack, utilizing both passing and running plays to advantage. They haven't concentrated on the midsection of the line as yet, but are expected to try those spots against the Purple.

Harry Kent was the only Wildcat missing when the roll was called in the Purple camp last night. He was excused until tonight to allow him to overcome the after effects of his attack of influenza which confined him to the infirmary last week.

The game, which will feature the dad's day activities in Evanston, will be the twentieth meeting of teams of the two schools. Northwestern has won 10 of the 19 games, and Purdue nine.

Lafayette, Ind., Nov. 6.—[Special.]—Gearing up his offensive to the pitch which it hit against Wisconsin and Chicago occupied the attention of Coach Phelan of Purdue this afternoon as he sent the Boilermakers through another strenuous scrimmage session in preparation for the invasion of Dyche stadium at Evanston Saturday against Northwestern.

Although Bill Miller was relieved of the plaster cast on his leg today, Phelan has slight hope of being able to use the sturdy full back on Saturday.

Northwestern's deceptive plays as presented by a group of freshmen this afternoon provided a few puzzles for the Boilermaker defense, and the Purdue coaching staff promised a skull drill on Purple plays for tomorrow before the squad takes its next crack at stopping the offensive of the Evanston team.

With the exception of Miller, Purdue's backs appeared to be in the best of condition during the drill, and Pest Welch, Glen Harmeson, Al Guthrie, and Eb Caraway are to try all their ground gaining wiles against the Wildcats.

Brown, the unheralded sophomore half back, who startled the coaches early in the season with consistent performances, seems to have come back again after being handicapped by injuries, and after a fine performance in the Case game last Saturday has been giving the varsity considerable to worry about in scrimmage sessions.

Coaches Bark at Laggard Players in Michigan Camp

Ann Arbor, Mich., Nov. 6.—[Special.]—Michigan's varsity gridmen today familiarized themselves with the Navy's tactics as executed by a group of Coach Bennie Oosterbaan's freshmen.

Oosterbaan, after scouting the midshipmen in their encounters with Notre Dame, Duke, and Pennsylvania, reported the Wolverines would find the Annapolis sailors "tough cookies."

Heeding this warning, the members of the Maize and Blue coaching staff spent the day taking every precaution to avert a let down in the team morale and repeatedly barked at the lagging players.

It was obvious there is not the same spirit at the Michigan camp this week as there was just before the Illinois contest, but the characteristic Wolverine fight is expected to be restored before Saturday.

The long period of time Coach Oosterbaan has spent in scouting the Navy may or not may produce results Saturday, but Coach Tad Wieman today lauded Coach George Veenkers for the accurate reports he brought to the Michigan camp on the style of the Illinois play.

Among the features of today's workout was a long punting and place kicking exhibition in which the principal figures were Dan Holmes, sophomore quarter back, and Joe Gembis, veteran full back, who kicked the goal against Illinois. Gembis, with a strong gale at his back, booted a dozen successful field goals from distances varying between 35 and 50 yards.

NAVY DRILLS ON PASSES

Annapolis, Md., Nov. 6.—[Special.]—Planning to have the squad free of cripples for the Michigan game in Baltimore Saturday, Bill Ingram took care that there should be no extra hard work for his team and devoted a large part of the practice this afternoon to perfecting forward pass plays.

The backs and ends were drilled and the backs were also given some work in stopping opponents' passes, the plays being of the variety that Michigan has used this season.

Ingram said the team which faces Michigan will be about the same as the one started against Pennsylvania. Byng, instead of Morton, will be at right end, and there is a possibility that Spring will be picked instead of Castree for left half.

Spears Drafts Two Reserves to Aid Gophers

Minneapolis, Minn., Nov. 6.—[Special.]—Dr. Spears and his Gophers today went to work in preparation for the Indiana game Saturday. The players engaged in a strenuous practice that started earlier than usual because of the holiday.

Tanner, one of Minnesota's cripples, was in uniform and ran through signals. His injured leg was so much improved that he is certain to play Saturday. Gibson, Johnson and Nagurski, however, were kept idle. All Pharmer could do was run signals.

In rebuilding his crippled team, Dr. Spears recalled Hoffner, an end, and Weston, a full back, from the B squad. Only the second stringers scrimmaged this afternoon, but the healthy regulars put in a busy day polishing their offense.

Appman was at Gibson's guard position and Emlein played left tackle in place of Nagurski.

PAGE HAS PROBLEM

Bloomington, Ind., Nov. 6.—[Special.]—With many of his stars on the injured list Coach Page faces a difficult problem in attempting to drive his small squad into two teams to meet Minnesota and Kentucky reserves in the double header bill next Saturday.

It is practically certain that Randolph, Indiana's stellar lineman, will be out of the game. Although no official announcement has been made it is thought that Harrell, Indiana's star punter and quarter back, playing his last year of collegiate football, is out for the season. Capt. Bennett is handicapped with a weak shoulder and it is known that Reinhardt is out of Saturday's game.

Need 6 Teams to Complete Church Basketball Loop

Six church basketball teams are needed to complete the schedule of two ten team leagues in the annual Northwest Side Church Athletic association heavyweight basketball championship. Fourteen teams have already entered the league, which will be a round robin.

Army Meets N. Dame in Big Game of East Sans Noise

BY WESTBROOK PEGLER.

[Chicago Tribune Press Service.]

New York, Nov. 6.—[Special.]—The Army-Notre Dame game, the main event of this week's program in the east, is strangely uncollegiate or noncollegiate or whatever the word may be which denotes that those present do not drive up in palsied flivvers, do not go about with their socks dangling down or with the works of correspondence school cartoonists scrawled upon their raincoats and indulge in very few measured exhortations ending in "team, team, team."

Collegiateness or collegiatism, as it is understood in the middle west, is virtually extinct at Harvard and Yale where the young gentlemen seem to regard some of the midwestern eccentricities of dress and conduct as child's play or bad taste. In fact, I have been informed that at Harvard and Yale the expression "do not be collegiate" is merely another way of saying "do not be a ruddy fool," which is another way of saying "be yourself," which is still another way of saying several things that cannot be said in a home newspaper.

Illinois Band Scared 'Em.

At Harvard and Yale the members of the bands wear nothing more distinctive than white duck pants, and if you were to say that their drum majors look like street cleaners they would say that the drum majors of Illinois and Ohio State look like animal trainers from Ringling's or lodge members from Alabama.

The time the Illinois band marched at Franklin field in Philadelphia, some of the spectators, unaccustomed to the panoply of middle western football, yelled, "Where are the lions?" as the drum major strutted by, hitting his chin with his knees, wagging his guardsman's shako, and spreading his chest under the 18 karat splendor of gold hawse lines made into frogs.

Restraint is the motif in these regions, and the restraint is most binding at the Army-Notre Dame game because, with the exception of the cadet corps, numbering only 2,500 or so, the crowd is a great nonpartisan turnout of persons from Harvard, Yale, Rutgers, Knox, Oxford, Southwestern, Arizona Normal, Heidelberg, Miss Spence's school, St. Something's academy, Public School No. 134, and a lot of tin roof colleges that you never even heard of.

Noise Resembles World Series.

The Notre Dame alumni take up a block of seats and let go an occasional ululation, but they get around only once a year, so most of them forget the words, if you could call the gibberish of a college yell words. Moreover, after a man has been out of school ten or fifteen years, he feels a bit self-conscious about yelling such things as "Mishkiwah-Wah, Bishkiwah-Wah, Moli-Moki," which, I give you my word, are the words of a college yell sometimes chanted with great ardor and intensity by the patients at a highly respected center of learning down in Pennsylvania.

So at the Army-Notre Dame game the noises and the interest of the crowd are generally nonpartisan and more characteristic of the world series than of the college football game. The cadets are great rooters, because they are a cocky lot, taught to think of themselves as the corps against the whole damn world, and they bark out a cheer every now and again that just lifts your hat off, twirls it three times around, and sets it back on your head. But 2,500 among 75,000 or 80,000 aren't many.

Army's Uniforms Draw Crowds.

The Army's box office power is tailored right into the uniforms of the cadets, but Notre Dame has developed a regular clientele in New York after years of showing here against Penn State, Georgia Tech, Rutgers, and the Army. They are customers though more than adherents.

The Notre Dame boys don't play at home very often their football itinerary would fill an experienced traveling man, tired of looking out of train windows, with a bitter sense of hurt and wrong. One year they had a substitute player who made all the trips but never worked up perspiration and they called him "Fifteen-thousand-miles-and-never-made-a-down O'Brien."

They hear very little cheering for Notre Dame in the course of a normal autumn, as they are usually playing among strangers like a barnstorming heavyweight fighter, and their record in the face of this suggests that perhaps the young men who yell phrases like "Mishkiwah-wah, Bishkiwah-wah, Moli-Moki," are wasting this goofiness on the autumn air.

I am taking a chance in saying that "Mishki-wah-wah, Bishkiwah-wah, Moli-Moki" is a goofy thing for young ladies and gentlemen to exclaim, but goofiness begins somewhere and I will just let it go at that, when large sums of money are being expended on the improvement of the intellects of young ladies and gentlemen, it must depress the taxpayers to attend a football game and hear them yelling, "Mishiwah-wah, Bishkiwah-wah, Moli-Moki," with feeling and accord.

GIANTS DEFEAT POTTSVILLE, 13-7, IN PRO BATTLE

New York, Nov. 6.—(AP)—The New York Giants, champions of the National Professional Football league, defeated the Pottsville Miners by a score of 13 to 7 in a league game at the Polo grounds this afternoon.

The Giant outfit, although minus Bruce Caldwell, Jack McBride and Haggerty, outplayed the visitors all the way. Eckhart scored the first touchdown for the Giants in the second quarter and in the third Hinkey Haines ran 20 yards around right end for the other, Eckhart kicking successfully for the extra point.

Pottsville avoided a shutout when Latone plunged across the goal line in the final period after a fumble had been recovered on his opponents' ten yard mark.

Twelve Chicagoans Help Campion in Grid Success

Prairie du Chien, Wis., Nov. 6.—[Special.]—Campion academy, headed for the Catholic high school football championship of Wisconsin, owes a huge amount of its grid success to twelve Chicago boys. Chicagoans who are members of Coach Hoffman's winning aggregation are Radke, star back; O'Connell, left end; Connors, alternate end: Bill Murphy, Harry Hodgins, Scholl, Galvin, O'Hara, O'Connor, Printy, Murray, and Silvestri.

Campion has piled up 169 points against 6 for its opponents. One of the most notable triumphs was over Columbia academy, long a stumbling block in the path of the local eleven. Campion drubbed Columbia, 31 to 0, last Saturday.

LOYOLA ACADEMY TURNS ST. MEL BACK, 18 TO 0

Loyola academy yesterday scored its second victory in the Catholic High School Football league by defeating St. Mel, 18 to 0, at Mills stadium. Collins, 135 pound half back, dove over the line for the first score in the opening period.

In the second period Lukanitsch, behind perfect interference, ran 60 yards for the second touchdown and in the same quarter Purcell plunged over for the other score. Lineup:

Sea Gets Rough, Girl's Channel Swim Fails

DONAGHADEE, Ireland, Nov. 6.—[U.P.]—Mercedes Gleitz, London stenographer and channel swimmer, today failed in her attempt to swim the Irish channel. She was forced from the water when the sea suddenly roughened and made further progress impossible. Miss Gleitz had covered 10 of the 22 miles of cold channel water in three and one-half hours when she was forced to abandon her attempt.

'CAGLE' STOPPED IN IRISH DRILL, BUT SATURDAY?

Rockne Leads Team East Tomorrow.

South Bend, Ind., Nov. 6.—[Special.]—Chris Cagle today flashed across the Notre Dame practice field for the benefit of the second string eleven, so that it might know what to expect of him when the Army and Irish clash Saturday.

The second stringers swarmed all over him and stopped him cold. But it wasn't the real Cagle, of course. Joe Morrissey acted his part, and Joe himself admits he is no Cagle. Accordingly, the betting odds around South Bend still favor the Army.

Outside of the scrimmage between the second string and a reserve eleven using Army plays, preparations for the game proceeded slowly. The first stringers made their first appearance of the week, but only engaged in limbering up exercises.

Regulars Need Rest.

They still are in a battered condition, and rest is what they need if they are to make a creditable showing against the cadets. The Army's first string players rested last Saturday while the Notre Dame regulars were battling Penn State.

The regulars will get their first real drill tomorrow afternoon, when they engage in dummy scrimmage with a reserve eleven. They will leave for New York Thursday noon. It is not known how many of the injured men will be ready for the game. Carideo and Gebert were used in Brady's place at quarter back in signal drill today, and Billy Dew was being groomed to appear at right half in Chevigny's position.

Pep Meeting in Gymnasium.

Enthusiasm over the game is mounting high among the students and pep meetings are being held every evening this week. The entire student body is to meet the team as it leaves the practice field Wednesday, and a huge pep meeting will be held in the gymnasium. Coach Rockne and members of the team will speak.

ARMY POLISHES DEFENSE

West Point, N. Y., Nov. 6.—[Special.]—Continuing its intensive preparations for the game with Notre Dame next Saturday, Army's squad worked until long after darkness had settled down over the plains gridiron this evening. The cadets were drilled in defensive tactics chiefly, both the varsity and reserve teams going through a scrimmage session with the scrubs.

Coach Biff Jones spent much time with his charges in an effort to get more smoothness to the attack, calling a halt in the big team's advance at frequent intervals to correct mistakes. Jones gave all his varsity players a brief workout during the rough drill, but was careful to guard against injuries.

NIAGARA BRINGS FAST TEAM FOR DE PAUL BATTLE

When De Paul university plays the Niagara eleven in the Sisters of Mercy benefit game at Soldiers' field Sunday, the Blue Demons will meet one of the strongest teams in the east.

Niagara has not lost a conference game in four years. The Purple has been defeated this year only by the powerful teams of New York university and Cornell. De Paul and Niagara clashed in two previous games, with the easterners taking the long end of the score on both occasions. Coach Anderson's eleven is stronger this year and a close struggle is in prospect.

One of the stars on the Niagara squad is Jack Sneider of Chicago, who played at Mooseheart in his prep days. Sneider is one of the shiftiest ball carriers on the team, a passer of ability and one of the best punters on Coach Dwyer's team.

De Paul's freshman squad, strengthened by several of the regulars and using Niagara plays, scrimmaged against the varsity in yesterday's practice.

GENIE CAPTURES PIMLICO STAKE BY 1½ LENGTHS

[RACE RESULTS ON PAGE 32.]

Pimlico, Md., Nov. 6.—[Special.]—The second big stake of the meeting went to Gifford A. Cochran's Genie when he was an easy winner of the Bowie handicap at a mile and a half here today, adding its $9,500 to the Riggs purse which he captured on the opening day.

In one of the most impressive races of his career the 3 year old Man o' War colt defeated Walter J. Salmon's Display by a length and a half with Edith Cavell, last year's winner, Hydromel, Sir Harry, Black Maria and Endless further back in the order named.

Display was the heavily played favorite.

Display lost without disgrace, for he was beaten by a strong swift running colt that had speed and endurance when it was most needed—in the last furlong, when Salmon's horse made his bid. Genie was clocked in 2:34 2-5 and paid $5.76 for a $2 ticket.

PRO GOLFERS GO SOUTH TO REAP $60,000 HARVEST

Prizes in Opens Break Record, as Usual.

BY HARLAND ROHM.

While even the hardiest of northern golfers are about ready to rub down the shafts of their clubs with linseed oil and store them for the winter, the annual prize money harvest of the professionals is beginning. Most of the playing pros already are in the south and west for the annual swing around the circuit of winter tournaments.

As usual, the record in prize money is broken this year, with a total of well over $60,000 offered by chambers of commerce and other civic organizations. Since the Los Angeles Junior chamber of commerce began the practice of offering several thousand dollars for a winter open championship, the trend has grown until now a group of the better professional golfers make the swing around the circuit to "shoot for the dough."

West Offers Most Money.

California, by reason of its many large purses, attracts most of the pros for the early winter play, while Texas, Florida, Oklahoma, Arkansas and North Carolina draw the crowd later on. Largest of the purses is the $10,000 Los Angeles open, set for Jan. 11, 12 and 13, with the qualifying round Jan. 9. But before that come the Long Beach open, $5,000; Sacremento, $3,000; Pasadena, $4,000; San Diego, $5,000, and Oregon, $5,000.

That leaves out the newest attraction, the Hawaiian open, Nov. 29 to Dec. 2, with a purse of $5,000, in which at least a dozen of the better American professionals will compete. They sail from San Francisco Nov. 21 and after eight days in the islands return to the United States on Dec. 11—long enough in advance of the important west coast tournaments to regain their land legs.

New Tourney at Bermuda.

Another new tourney will be the Bermuda open, Dec. 13 to 15, at the Riddell's Bay club, while the tournament inaugurated at Nassau last year probably will be held again. After the South Central open at Hot Springs, Ark., with a purse of $4,000, the scene shifts to Florida. The first big event will be the international four ball championship at Miami, followed by the La Garce open at Miami Beach, with others to follow, probably including one or two in Cuba.

The main winter events are professional, of course, but scattered through the season are sufficient others to keep the amateurs and the women winter golfers comfortably occupied shooting for the mugs. The chief winter event for men is the north and south amateur championship at Pinehurst in April, but their will be a dozen others, two of which stand out. The first is the club champions' championship at St. Augustine, Jan. 16 to 19, limited as its name suggests. The other is an inaugural interscholastic-intercollegiate championship, to be held at the Mid-Ocean club in Bermuda. This is a close event limited to students of preparatory schools and colleges.

The main events on the women's schedule are the Bermuda championship at Riddell's bay, Jan. 2 to 5, and the north and south championship at Pinehurst, April 1 to 5.

Albion College Leads in Michigan I.A.A. Grid Races

Albion, Mich., Nov. 6.—[Special.]—Albion college, by its 9 to 6 defeat of Alma college at Alma Saturday, took the undisputed lead in the Michigan Intercollegiate Athletic association football race. Coach Bud Daugherty's eleven is not making any championship claims, however, as two contests are yet to be played. The Methodists will take on Hillsdale on the latter's fieled Saturday.

Maroons Balked by Passes; Badgers Study Stagg's Plays

Assistant Coach Fritz Crisler appeared in the role of a freshman half back in the football drill at the University of Chicago yesterday.

Coach Stagg does not expect to use Fritz against the Badgers Saturday, but he did want to give the Maroons a taste of the forward passing attack they are likely to encounter in the struggle with the Badgers. He asked Crisler to lead this aerial bombardment against the varsity.

Passes Puzzle Varsity.

Crisler led it all right, much to the discomfort of the varsity. He tossed passes of all varieties and the freshmen receivers handled most of them to perfection.

The Maroons did not show any great aptitude in breaking them up. A few were knocked down, but on the next play Crisler would fake a pass and run unmolested for long gains.

All of which makes prospects for a Maroon upset of the Wisconsin homecoming plans rather vague and imaginary.

Maroons Are Hopeful.

If Stagg can work out a defense against the Badger aerial attack there is a remote chance for a Chicago victory. At present that defense has failed to materialize. Three more practice sessions may bring about a different situation.

Madison, Wis., Nov. 6.—[Special.]—The Wisconsin football squad spent most of the afternoon today learning the strong points of the University of Chicago's aerial and running attack. The plays were presented by the All-Americans, a team of ineligibles, who did not have the speed or the skill that is expected of Coach Stagg's Maroons in the homecoming game here Saturday.

The Badgers, at any rate, know some of the plays that will be used by Chicago, even if they did not see them run off perfectly.

Maroon passing plays were completed only half a dozen times.

Cuisinier Shines on Defense.

Bo Cuisinier, the husky little quarter back, who has been Wisconsin's outstanding performer throughout the season, was all over the field, knocking down and intercepting passes.

Others who broke up the overhead game consistently were Lusby, Behr and Gene Rose, who returned to active duty today. The centers, Slim Conroy and Chet Miller, came in for instruction on defense.

While one team was working against Chicago plays and another was going through signals, Coach "Stub" Allison had a third outfit using their running plays against a freshman team. Dell Price and Oberndorfer broke away for some long runs.

Erecting Extra Bleachers.

The ticket situation for Saturday's game remains acute. One thousand extra tickets, calling for seats at the end of the field, will be put on sale tomorrow morning and will be sold before noon, it is anticipated. Bleachers are being constructed at Randall stadium and will be ready shortly before the game.

FINAL PAIRINGS FOR 6 DAY RACE ARE ANNOUNCED

Fifteen evenly balanced teams will compete in Chicago's twentieth international six day bicycle race, which starts in the Coliseum Sunday night. Saturday night preceding the start of the grind there will be a big program of professional, amateur, and motor paced races.

The list of teams follows: Reggie McNamara, Newark, N. J., and Gerard Debaets, Belgium; Freddie Spencer, Plainfield, N. J., and Cecil Walker, Australia; Franco Georgetti, Italy, and Anthony Beckman, Secaucus, N. J.; Jimmy Walthour, New York City, and Franz Deulberg, Germany; Carl Stockholm, Chicago, and Otto Petri, Germany; Alfred Letourner and Paul Brocardo, France; Harris Horder, Australia, and Ernest Kockler, Chicago; Maurice Brocco and Rocco Negrini, Italy; Klaas Van Nek, Holland, and Alphonse Zucchetti, Italy; Jean Cugnot and Armand Blanchonet, France; William Hanley, San Francisco, and Larry Gaffney, Brooklyn, N. Y.; William Keller, Newark, N. J., and Eddie Merkner, Chicago; Tom Bello and Frank Delponte, Italy; Pierre Guyot, France, and Edward Raffo, Union City, N. J.; Paul Wertalik, , Union City, N. J., and William Honeman, Newark, N. J.

Some of these teams have been changed about since the original announcement, but Harmon and Chapman made their final decision on the teams after the recent six day race in Detroit, which was won by Walthour and Deulberg.

Here Are Best Motor Routes to Madison Game

Motoring fans planning to attend the Chicago-Wisconsin football game at Madison Saturday are given two optional routes by the Chicago Motor club. The first, shortest for those residing in the northern part of the county, is via Lake Geneva. Take the Rand road, or Illinois No. 60, to Volo, Ill.-20 to McHenry, U. S.-12 through Lake Geneva, Elkhorn, and Whitewater to Madison. The distance is 153 miles.

The second route is a bit longer. It leaves Chicago via Illinois-5, or the Lake street road, and runs through Elgin to Rockford. Ill.-2 is then used from Rockford to Beloit. From Beloit take U. S.-51, combined with Wis.-26, to Janesville and from there to Madison on Wis.-13. Less traffic will be encountered on this 160 mile route.

Butler's Full Force Ready for Illinois

Indianapolis, Ind., Nov. 6.—[Special.]—For the first time since last September all except two of Potsy Clark's Butler university regulars were out for practice tonight in preparation for the new bowl dedication game with Illinois here Saturday.

Cavosie, sophomore full back from Ironwood, Mich., and Hosier, junior quarter back, were in uniform tonight, still crippled but in shape to play at least a few minutes against the Illini. Davies, end, and Dienhart, half back, remain on the bench.

With his full squad available Clark tried several combinations this afternoon to meet the Illini drive.

ZUP INSPECTS BACKS

Champaign, Ill., Nov. 6.—[Special.]—Coach Zuppke gave the Illini regulars another light workout today, contenting himself with a formation drill. Practically all the first string men who will be available were in suits except Bill McClure, understudy to Crane, who has tonsillitis.

Walker, Mills and Humbert appeared in the back field and apparently this is the alignment that will result from the disability of Jud Timm.

LOMBARD HOLDS LIGHT DRILL FOR CLEVELAND GAME

Galesburg, Ill., Nov. 6.—[Special.]—Lombard football players were given a light workout today, with special attention paid to forward passing. One scrimmage is scheduled for this week, and will be held tomorrow. Coach Harry Bell has ordered the lighter drills after weeks of hard practice and stiff games, as a precaution against staleness, when John Carroll is met at Cleveland Saturday.

Mercer, half back, and Booth, tackle, who were injured in the Carroll game at Waukesha, Wis., last week, joined the squad for practice today.

Kill Vermin If State Is to Have Game

BY BOB BECKER.

When the vermin goes out the game comes in, is the way the scientific, up to date state conservation departments figure the relation between game birds and their furred and feathered enemies.

Pennsylvania paid more than $120,000 for bounties on vermin killed last year in that state. This war on vermin and the fact that Pennsylvania has applied science instead of politics to its conservation department have produced a great system of game refuges. A wise administration of the game code also has given the state more game than it had twenty years ago.

It's a hunter's paradise, with plenty of game for everybody. This year the deer have increased so abundantly that they're obliged to kill off some of the does in order to protect the farmers' crops.

As one prominent Minnesota conservationist said, "If crows, owls, house cats, skunks, weasels and other vermin were hunted as hard as our game birds and mammals are pursued we'd have more game." Pennsylvania follows this policy by killing off the enemies of small game, thus increasing the yield per acre of quail, rabbits, grouse and other small game.

The conservation department has an organized vermin control bureau which wages a constant war against the birds and animals which if unmolested kill thousands of head of game every year. Illinois needs this kind of an organization. As it is much of the money spent on importing game birds to stock our coverts is wasted, as thousands of crows, owls, weasels, and other destroyers of small birds and mammals make heavy inroads on the bird population.

BELANGER RISKS CANADIAN TITLE IN DILLON BOUT

Harry Dillon of Winnipeg, Canada, and Charley Belanger, the recognized light heavyweight champion of Canada, will meet in the windup of the boxing show at White City on Monday night. Both have appeared in local rings and Promoter Mique Malloy has set the weight at 175 pounds, placing Belanger's title at stake. Five other fights will round out the card.

Buccaneers' Club Goes on Rocks; Receiver Sought

New York, Nov. 6.—[Special.]—The Buccaneers' club, of which Vincent Richards, tennis star, was president and one of the organizers, is now insolvent, with assets of about $5,000 and debts of more than $30,000. This was alleged in a petition filed in the Supreme court by the majority of the board of governors asking for the dissolution of the organization and for the appointment of a receiver.

The chief asset is a five masted brigantine, the Buccaneer, which has been libeled for $10,000 in a suit by an employé of the former owners of the vessel.

The petition said the club was formed to advance marine sports and athletics and to promote sailing and ship building and interest in the revival of the American merchant marine, but these purposes are not being carried out and the club is losing money.

BIG TEN TEAMS EVENLY MATCHED, RESULTS SHOW

Iowa and Ohio State of Equal Strength.

BY WALTER ECKERSALL.

Further proof that the 1928 football season has produced the most evenly matched Western conference teams in years will be presented at Columbus, O., Saturday when Iowa and Ohio State meet in a game which will have a bearing on the Big Ten championship.

The closely fought struggles reflect the ability of the coaches in charge of the various squads. The results indicate that several elevens have improved with the playing of every game.

Iowa defeated Minnesota, 7 to 6, in one of the hardest fought Western conference games in years. For three quarters the elevens battled on even terms. In the final period Minnesota scored a touchdown, but failed to register the extra point. A minute later Iowa evened the count by scoring a touchdown and then gained the lead by scoring the extra point by a placement kick.

Rivals Evenly Matched.

After losing to Iowa, the Gophers were defeated by Northwestern, 10 to 9. In both instances the teams were so evenly matched that one play spelled defeat for one eleven and victory for another. In the Minnesota-Iowa game, Pape's dash inside his left tackle resulted in the defeat of Minnesota. In the Northwestern game it was Calderwood's recovery of a fumble which resulted in the touchdown and points which gave the Purple a victory.

Illinois defeated Northwestern, 6 to 0. In the closing minutes of play the Purple threatened and once missed a first down by inches near the Illini goal. Illinois got the jump on the Wildcats, who in the final period threw a scare into the Illinois team and its thousands of homecoming rooters.

Michigan won from Illinois, 3 to 0, in one of the biggest surprises of the conference season. The Orange and Blue, however, nearly tied the score when Peters' drop kick struck the cross bar and bounded back into the field of play. Earlier in the season, the Wolverines succumbed to Indiana, 6 to 0. The teams were evenly matched, and the Hoosiers had to use every formation they had been taught.

More Evidences of Equal Strength.

Wisconsin and Purdue battled to a 19 to 19 tie. It was a hair raising battle in which the Boilermakers took an early lead, only to have the Badgers come from behind to tie the count. The Cardinals had to play all the football it knew to win from Michigan, 6 to 0.

Ohio State defeated Northwestern, 10 to 0, and Minnesota won from Chicago, 33 to 7; but the Maroons and Purple have improved since those defeats. In both struggles, fumbling and intercepted passes were big factors.

Judging from past performances, the remaining games on the conference schedule should be close. Mistakes have been corrected, and it is safe to say the closing struggles of the Big Ten season will be featured by nearly perfect football. From a competitive standpoint it is one of the most interesting seasons in Western conference football.

SPEAKING OF SPORTS

BY DON MAXWELL.

Our Chicago Bears have an active press agent. All last week he kept the mailman busy carrying articles about a wonderful football player who was to dazzle the Bears and the fans here Sunday.

Chicago had seen Grange at his best. Bennie Friedman had been here, to be sure, and he's no slouch. Wildcat Wilson was good; Llewellyn of Green Bay can punt. But folks, you hadn't seen anything until you'd seen this Gibby Welch.

Gibby—the star of the east.

And did Chicago fans see him? Sure, they did. For just six minutes. And was he good? Well, he attempted to throw three passes. Two were incomplete and a third plunked right in the arms of his own linesman, an awkward occurrence inasmuch as it gave the ball to the Bears and led to another Bruin touchdown.

Gibby Welch, the mighty, the dazzling star, played six minutes. And if that be honest, make the most of it.

Bennie Friedman, in his last appearance on the pro gridiron here, played every minute of the game. He stood up under terrific punishment. He passed, he ran ends, and bucked the Bear line. He tackled hard.

In fact, he did more than any one expected him to do. When the game was over, Paddy Driscoll, who knows football and football players, rearranged his bandages and said:

"Friedman is the greatest football player I've ever seen."

Friedman and Driscoll and Llewellyn, and a lot of other professionals are making their game interesting and their employers' turnstiles click.

But the promotors who kid us with stars who play six minutes are only kidding themselves.

Purdue's invasion of Dyche stadium on Saturday promises an interesting game in more than one respect.

The one I'm thinking of particularly is that fact that it brings in conflict teams trained by two of the young coaches in the conference. Jimmy Phelan, pride of Purdue, and Dick Hanley, the hero of the Gopher conquest.

Phelan has proved his coaching skill for several seasons. Without a great deal of material, hampered by collegiate rules that keep his men in laboratories for most of the afternoon, Jimmy has turned out fighting teams, always alert, always tricky.

If any one doubted Hanley's ability, their doubts should have been removed last week.

Minnesota, on previous record, was a better team from end to end than was Northwestern. Its linemen were heavier and more experienced. Its backs had proved adeptness. They had been under fire.

If you argue that Minnesota might not have been keyed for the Northwestern battle and that the one point defeat by Iowa had lowered its morale, what can you say for Northwestern, beaten by Ohio and Illinois? If ever a team was keyed for a game it was Northwestern for the Illini battle.

Hanley deployed his sophomores, that lighter team, in a masterful way. He used his reserves at the right time. He had strategy in attack—witness the passing that made possible the field goal. The field goal itself was the product of smart football. Suppose Northwestern had attempted to score a touchdown instead of trying for those three points? Had the attempt failed, as the chances are it would, Minnesota might have won, 9 to 7.

Coaching is no sinecure. No one worries about finding excuses for a losing team. "Win or move!" How many coaches failing once in the big leagues ever come back?

It's interesting and pleasing, too, to find two young fellows like Phelan and Hanley who seem on the road to success.

And speaking of coaches, Alonzo Stagg is one of the most courageous gentlemen in the business. Year after year he works, smilingly and in good spirit, attempting to give the Midway a winning team. He alone appreciates, perhaps, what a task that is. The very entrance requirements at the U. of C. are a hurdle almost impossible to surmount. Football stars may be smart, but the average run aren't scholars. And Chicago demands that its players make grades above the average even to enroll on the campus.

Some time when you feel like criticizing the Old Man of the Midway, consider his handicaps.

You'll give him a hand, and a big hand, for trying.

LOYOLA WORKS ON LINE PLAYS TO BEAT ST. LOUIS

Loyola university's first football practice of the week yesterday was limited to a short signal drill and dummy scrimmage, as Coach Dan Lamont did not wish to add to the injured list. The present batch of cripples already is a severe handicap for the St. Louis university game Saturday.

Lamont tried several combinations on the right side of the line, where he may have to replace three men. Ferlita, a 230 pounder, is being groomed to start in Poppelreiter's place at guard.

Poppelreiter is definitely out of the game for two weeks because of an injured shoulder. Sextro is complaining of an injury to his breastbone, and it has developed that Koslowski, center, twisted an ankle.

Showers, Ring Casualty, Now Out of Danger

Billy Showers, the St. Paul middleweight who was taken to the Washington Park hospital last Monday night following his technical knockout by Shuffle Callahan of Chicago Heights at White City, was reported out of danger yesterday.

Dr. Small, who took charge of Showers when he arrived at the hospital, said that Billy suffered a slight concussion, and that the fighter is completely out of danger. Showers talked with friends and fighters yesterday, and will be able to leave the hospital by the end of the week.

Police Release Callahan.

Callahan, who was taken into custody after Showers had been taken to the hospital, was released by Capt. Malone of the Woodlawn police station. Shuffle, however, had to have several stitches taken in cuts over both eyes. He will be unable to fight for at least two months.

The boxing commission will meet today to take action regarding poorly matched fights held in the city. Just recently Danny Gordon proved a very unsatisfactory opponent for Young Jack Thompson at the Hippodrome. The match was made by Joe Coffey, and sanctioned by the commission. Apparently, the commission failed to investigate Gordon's record.

Bout Went Too Long.

It is the opinion of many close followers of the game that Callahan will be seriously hurt in the ring if permitted to fight any longer. Shuffle is a wide open type of fighter who is easy to hit. Wolcott Langford punched him into submission at the Dexter Park pavilion two years ago this winter. Tommy Freeman gave Shuffle a terrible pasting at Cleveland when Callahan was at his peak. Physicians are agreed that fighters cannot continue to take such punching around the head and heart, and still maintain their faculties.

IN the WAKE of the NEWS

IOWA AND OHIO STATE.

IOWA'S Hawkeyes and Ohio State's Buckeyes, the only two Big Ten elevens unbeaten and untied, come together Saturday at Columbus in a contention which will leave only one team at the top of the heap, unless there is a tie, in which event both teams would share honors with Wisconsin, provided, of course, the Cardinal triumphs over the crippled Maroon.

Strangely enough, it was alumni and luncheon club supporters of these same Hawkeyes and Buckeyes who last fall were loudly demanding the decapitation of Coaches Ingwersen and Wilce, as so eloquently told by Co-Worker Burns. They now are scared stiff for fear Ingwersen and Wilce will remember the incident.

That will be a great game at Columbus. Iowa, according to critics who have seen both teams, is more powerful, while Ohio State is more experienced in the back field and more dangerous with its forward passing.

With a line considered slightly better, Iowa has the battering McLain as well as fast running backs.

Ohio may be expected to try end runs and slashes off tackles. If these are stopped it has its passes, and when Ohio State's passes are functioning there are none more dangerous in the entire country, as many apparently victorious elevens have discovered in the last minutes of play.

Title honors for either Iowa or Ohio State would be popular around the circuit, because Michigan, Illinois, Minnesota, and Chicago have held sway since either Iowa or Ohio was on top. Ohio State was champion in 1920. Iowa reigned in 1921 and shared the honor with Michigan in 1922.

Yeah.

I've read about the senate quiz,
Tax reform and election biz,
I peruse the news from Shanghai.
I've interest, too in wet and dry,
But what puts me in pesky frame
Is the scoring slump of Notre Dame.

Of polar trips I've great concern,
For Mussolini dope I yearn,
I devour the tales of Balkan states,
I dirge crime wave within our gates,
But all of this I'd glady skip
If Rockne'd find another Gipp.

•

I followed Eckener and his crew,
Chased Al Smith and Hoover, too,
Dick Byrd's trip gives me a thrill,
I waded through the "Mac-Hagen" bill,
But here's what I would like to see,
Notre Dame, 90; Army, 3.

WIDENER'S ENTRY RUNS ONE-TWO IN HUNTS STAKE

Jolly Roger Is Beaten in Final N. Y. Race.

New York, N. Y., Nov. 6.—[Special.]—The winning of the Temple Gwathmey Memorial steeplechase handicap has become a habit with J. E. Widener and his brilliant gelding, Fairmount, and the scarlet and white stripes were carried past the judges' stand first today at Belmont Park by the Fair Play chestnut in the fifth renewal of the classic.

By his victory Fairmount earned $13,400 and the plate which goes with the event. It was a real Widener day for not only did Fairmount win but his stable mate, Lorenzo, finished strongly to take second, five lengths behind. The Greentree Stable's Jolly Roger was third. Fairmount was the 4 to 5 favorite.

Former Heavy Drinker — Now Successful Business Man—Saved from Ruin by Dr. Keeley's Famous Treatment.

"Yes, sir, I am proud to say I haven't taken a single drink in thirty years. And I used to drink to excess every day before I took the Keeley Treatments," says a former patient. Thousands of others, men and women formerly hopelessly afflicted with the disease of drunkenness, today point with pride to records of many years of total abstinence. To The Keeley Treatment alone they owe their present happiness and freedom from the greatest curse of all time—liquor and drugs. If you know any one suffering from these vicious diseases—write us today. Let us tell you how The Keeley Treatment obtains permanent results in the treatment of liquor and drug addicts. Keeley's record dates back over a period of more than fifty years. The success of the Keeley Treatment is proven by its record in thousands upon thousands of cases. Don't delay. Investigate today. Learn how The Keeley method obtains sure freedom from liquor or drug cravings. Take steps at once to send the victim to The Keeley Institute. Your letter will be treated confidentially.

WISCONSIN WILL ASK 4 CENT GAS TAX FOR ROADS

111 Millions Needed for 5,000 Mile System.

Madison, Wis., Nov. 6.—[Special.]—A tentative draft of a bill to double the present state tax on gasoline of 2 cents to provide about $111,000,000 for the construction of through hard surfaced roads in Wisconsin during the next ten years, has been completed by the state highway commission. It will be submitted to the seventy-one county boards for approval at the November meetings.

W. C. Buetow, state highway engineer, points out that Wisconsin has not a single through hard surfaced road and he explains the present plan, which would make a continuous 5,000 mile system, cutting the state's area without a stretch of inferior road.

Cannot Issue Bonds.

He also points out that the state cannot issue bonds for road building such as other states do and that it is necessary to raise money to keep Wisconsin in step with other states in highway building.

The new plan will be presented to the next legislature for adoption. One of the features of the proposed bill is that it interferes but little with the existing highway law and really forms an auxiliary road building program to the existing statutes.

Counties and cities that have already built part of proposed through routes will be credited for such work in the new apportionment of funds.

Ranks Thirty-sixth in Roads.

"Wisconsin cannot remain in the last rank of those states providing first class highway systems for the traveling public by adhering to the present plan of piecemeal highway construction with its annual crop of detours," Mr. Buetow declares.

"In other words, in proceeding with a 'pay as you go' plan, it will be necessary to obtain funds of the same amounts from other sources as other progressive states are doing, so that Wisconsin will not remain thirty-sixth in rank."

The system would be constructed in the order determined upon for the first five construction seasons. After that the roads to be built would be determined by the highway commission with the funds to be distributed without regard to county lines.

Capital of Albania Gets Electricity, First Paper

TIRANA, Albania, Nov. 6.—(AP)—The streets of this picturesque little Balkan capital were lighted for the first time last night with electric lights. The current was supplied by a plant which is claimed to be the most up to date in eastern Europe. Today the first daily newspaper ever published in Albania made its appearance. It was issued by a company formed to develop Albanian culture by newspapers and reviews of life and literature.

Boy, 14, Shot Accidentally by Duck Hunting Chum

Eugene Spinder, 14 years old, 2611 East 106th street, was shot in the left leg last evening by a hunting companion, Morris Finzelberg, 15 years old, 10806 Torrence avenue. The two boys had been hunting ducks in a boat on Calumet lake. As they came to shore at 117th street, Finzelberg lifted his shotgun from the boat and accidentally shot Spinder. The wounded boy was taken to the South Chicago hospital.

TWO KILLED BY OVEREXERTION.

A man and a woman died yesterday of heart disease as a result of overexertion. [illegible] Roach, 60, 4134 West 39th place, collapsed after assisting two men in carrying barrels of apples and potatoes up a flight of stairs at his home. Miss Lucille [illegible], 55, of 705 Oakwood avenue, died as she rested in a chair after preparing her belongings for moving.

AUTO FATALITIES ARE INCREASING IN WISCONSIN

More Drownings, Too, Statistics Show.

Madison, Wis., Nov. 6.—[Special.]—Maintaining the trend followed every year since the advent of the automobile, the summer of 1928 showed a steady and rapid rise in automobile deaths, the quarterly mortality report of Wisconsin shows.

For the same period in 1926 there was 124 automobile deaths; in 1927, 189; in 1928, 208.

"If it could be impressed on every automobile driver that during the months of July, August, and September of this year 208 persons were killed in this state," the state board comments, "we feel certain that more care will be used in efforts to prevent reckless driving."

Drownings Also Increase.

The records also show a material increase in deaths due to accidental drowning during the past three years. For the third quarter of 1926, 100 such deaths were recorded; for 1927 there were 113, and for the summer months of 1928 the number was 133.

Deaths due to railroad accidents show a steady decline from 46 in the third quarter of 1926 to 28 in the same period in 1928. Deaths from accidental gunshot wounds remain practically constant.

Homicides range from 21 in 1926 to 10 in 1927, and 17 in the 1928 quarter.

For heat prostration the records show 14 deaths for the 1928 summer period, three for 1927, and 15 for 1928. The marked decline in the summer of 1927 is due largely to the unusually cool summer last year.

Deaths from Violence.

Deaths from violence during the 1928 summer period are classified as follows: Automobiles, 208; accidental drowning, 133; suicide, 106; accidental falls, 88; accidental burns and scalds, 24; machinery, 18; homicide, 17; heat prostration, 15; injury by animals, 13; horses and horse vehicles, 12; accidental gunshot wounds, 11; falling trees, 7; electric shock, 7; accidental food poisoning, 6; diving accidents, 5; dynamite explosions, 4; street car accidents, 8; motorcycle accidents, 3; carbon monoxide poisoning, 3; infanticide, 3; airplane accidents, 3; lightning, 2.

Deaths from Diseases.

Forty-three deaths were reported as due to syphilis. Other classifications were as follows: Erysipelas, 12; tetanus, 11; sleepy sickness, 9; meningococcus meningitis, 9; infantile paralysis, 3; gonorrhea, 1; rabies, 1; malaria fever, 1. Deaths from sleepy sickness occurred in the following districts: Columbia, La Crosse, Manitowoc, Milwaukee, Outagamie, Racine, Rock, Winnebago, and Wood counties, one in each. The infantile paralysis deaths occurred in Barron, Pierce, and Waukesha counties, one in each.

ARMY HAS BOUGHT BUT 12 NEW TRUCKS SINCE WAR; USING OLD ONES

[Chicago Tribune Press Service.]

Washington, D. C., Nov. 6.—[Special.]—Only twelve new trucks have been purchased by the war department for the use of the army since the world war, Quartermaster General B. F. Cheatham announced today.

According to the Cheatham statement the army is still using the 1917-'18 vintage motor vehicles, all of which are now obsolete for use in modern warfare.

At the close of the fiscal year 1928 there were on hand 17,794 vehicles of all types and makes, while an average number of 7,413 were operated during the year; 1,456 were disposed of by salvage, sale, exchange, or transfer to other departments of the government. This brings the total of motor vehicles so disposed of since the war to 102,635.

Supplies of all classes of live stock dropped below expectations yesterday, hogs and sheep showing the most decrease. Hog receipts at 25,000 were 7,000 below the advance estimate and smallest for Tuesday in a month, but failed to hold prices steady.

Extreme top and general average moved down 5c at $9.70 and $9.30 respectively, with closing sales lowest of the day. Underweights and pigs broke 15@25c, despite the fact that outsiders are taking the largest proportion of total receipts in several weeks. Although trading seemed comparatively slow all day, only 6,000 were left.

Cows and Heifers Advance.

With demand in the cattle market swinging to butcher stock rather than to steers on recent sessions, the latter ruled weak to unevenly lower, while cows and heifers advanced 15@25c further. Best steers available stopped at $17.40, strictly prime weighty beeves being absent. One of the river markets reported yearlings at $18.00. Inbetween classes sold extremely slow and in some instances are 75c to $1.00 under the high time last week. Calves moved up 25@50c on an active trade. Stockers and feeders met better outlet at stronger prices.

Lambs Advance Sharply.

Sheep receipts at 5,000 were smallest, barring Saturdays, since the middle of April and 16,000 below the average Tuesday run during the last two months. Buyers scrambled for the meager supply available and advances of 25c were general, with spots up more considering quality and lighter sorting. Best available sold at $13.50, with most good grades at $13.10@13.40. Aged and yearling sheep sold steady to 25c higher. "Comebacks" went to feeder buyers at $12.00@13.00.

Receipts at Chicago for today are estimated at 10,000 cattle, 20,000 hogs and 11,000 sheep, against 12,202 cattle, 21,477 hogs and 17,730 sheep the previous Wednesday and 13,786 cattle, 20,497 hogs and 18,799 sheep a year ago.

WHEAT HIGHER IN WINNIPEG AS LIVERPOOL DROPS

BY CHARLES MICHAELS.

Winnipeg and Liverpool grain markets were the only ones open yesterday, all American exchanges being closed for election. Few of the big wire houses were open, and not many traders were down. One of the largest houses reported that it did not have a local order.

Liverpool closed ⅛ to ⅝d lower on wheat, while Winnipeg was strong and closed from ⅜ to ⅛c higher, with November wheat $1.19 bid, December $1.18⅞, May $1.35 and July $1.26¾ bid.

Oats were weak and ¼ to ⅝c lower, with November 51⅛c, December 50⅝c, May 54¼c. Barley for November delivery declined 1c and closed at 87¼c, with May ¼c lower at 71⅝c.

The entire range on grain futures was limited and on wheat was only ⅛c, and on oats ⅛c. Flax was weaker and lower with November $1.92¼, up ⅛c, with December $1.90 bid, off ⅛c, May $1.96. Rye was easier with November $1.01⅝, December $1.00⅝, and May $1.05⅝.

Big Deliveries of Wheat.

Country deliveries of wheat in western Canada on Monday were 4,231,000 bu, against 5,265,000 bu last year. Winnipeg receipts were 3,579 cars, oats 127 cars, barley 246 cars, rye 53 cars, flax 40 cars. Last year wheat receipts were 1,203 cars, oats 80 cars, barley 87 cars, rye 17 cars, and flax 41 cars.

Speculative trading in Winnipeg was light, while the cash market was active. A small export business was worked over night, but demand from shippers and exporters to fill old sales was able to take care of heavy offerings. Elevator companies were good sellers and reported that farmers were letting go of their wheat in liberal quantities.

"Millers took No. 4 wheat in fair quantities, while shippers and exporters were taking all grades from No. 4 down to feed," said Logan & Bryan's wire. Owing to the free selling spreads were unchanged to ½c lower. Top grades were not wanted and No. 2 and No. 3 northern are 3c and 8c under respectively.

Argentine Weather Clear.

Argentine weather was clear after the heavy rains on Sunday and the Buenos Aires market was ⅛c lower at midday.

Deliveries of wheat into the clearing house were 618,000 bu. Winnipeg operators are looking for a two sided market for the time being, with no particular trend either way, although statistics, they say, are very bearish.

Canadian visible supply of wheat increased 4,210,000 bu last week. The detailed visible of all grain with the last three ciphers omitted follows:

	This wk.	Last wk.	Last yr.
Wheat	81,027	76,817	43,436
Oats	3,854	3,157	2,008
Rye	2,326	2,288	2,943

Live heavy hens and spring chickens were 1c lower, with hens 26c, and spring chickens 24½ to 25½c. Geese were 1c higher at 22c.

A fair trade was on in potatoes at 75 to 90c for Wisconsin cobblers in sacks and 70 to 85c for Minnesotas and Dakotas. Receipts were 67 cars against 150 cars a year ago and 469 cars were on track.

Alaska Juneau Gold Mining.

C. M. G., Escanaba, Mich.—Alaska Juneau Gold Mining company was incorporated in West Virginia in 1897.

Its claims are stated to have a length of over a mile on the mineralized Juneau gold belt.

The property is situated near the town of Juneau, Alaska, and comprises the first claims located on this mineral zone.

Gold is its principal product, but some silver and lead are also mined, the value of production in 1927 being $2,328,539 in gold, $34,696 in silver, and $100,027 in lead.

The company has reported a net loss in each of the last six years, at least, except in 1924, when a profit of $90,231 was shown.

The loss for 1927 was $151,789 and that for 1926, $214,415.

The total profit and loss deficit at the end of 1927 amounted to $1,370,025.

The company has been showing improvement in earnings this year as it is working on a richer ore body.

It has paid no dividends on its stock and none can be declared out of surplus profit during the life of its bonds, a considerable amount of which, however, is being retired.

The stock is a mere speculation at present.

BONDS to FIT the INVESTOR

For Liberal Income
Buy Bonds *Now*

INCOME with safety is always the main consideration of the real investor. To him, capital is worth what he can make it earn without sacrifice of security. In older countries, such as England, men are not rated by their capital, but by their income. For instance, one is said to be worth a "thousand pounds a year" rather than the capital amount from which that income is derived.

To-day capital can be invested in bonds to earn a liberal rate of income. Considerably more yield can be had from representative bonds than a year ago, as indicated by an examination of the average yield of new offerings, shown below.

	Last Quarter 1927	First Quarter 1928	Second Quarter 1928	Third Quarter 1928
UTILITY	5.06	5.10	5.30	5.69
INDUSTRIAL	5.62	5.40	5.56	6.12
FOREIGN (not including Canadian)	6.58	6.38	6.01	6.74

The true investor recognizes in to-day's bond prices exceptional values and is taking advantage of them to assure future liberal income. How long this opportunity will last no one can tell. May we suggest a list of issues to suit your particular needs?

WORK, LIVE WELL, SAVE: U. S. RULES FOR PROSPERITY

BY O. A. MATHER.

What are the underlying reasons for the present unexampled prosperity of the American people? How long will it continue? These are probably the most interesting and vital questions before the American people today. Illuminating data concerning them have been compiled by the Alexander Hamilton institute in its current review of business conditions.

Roughly there are several prime factors for American prosperity. First come abundant and diverse natural resources. Next is the ability of our people through inventive genius and productive efficiency to utilize these resources to a greater degree than other peoples have shown. And then come the ability and willingness to accumulate capital.

Consume More, Save More.

Thus, it is the character of the American people that has made the forests, mines and fields yield the largest income ever enjoyed by any people. It has enabled the setting up of new standards of living. But while Americans consume more goods than any other country, they also save more. Thus, our wealth has accumulated until it is now at a new high record for any nation in the world's history.

"Since 1920, when the last census was taken, the population of the United States has increased from 106,000,000 to 120,000,000," the Current Review sets forth. "In 1930 there will be nearly 123,000,000 people in this country. The population will total 141,000,000 in 1940 and 162,000,000 in 1950.

Income and Wealth Increase.

"But the increase in production of goods has outstripped the growth of population. Consequently, the per capita income and wealth of the United States has increased, as well as the total income and wealth.

"During the seven year period 1922-1928, the total annual income of the United States increased from about sixty-six billion dollars to nearly ninety-eight billion dollars. The wealth of the United states increased from three hundred and twenty-one billion dollars to nearly three hundred and ninety-five billion dollars. Indications are that the trend will continue upward in the future.

"No exhaustion of natural resources is in immediate prospect and the application of machinery is steadily expanding. The substantial increase in the population which will occur during the next twenty-five years should be accompanied by an unprecedented expansion of business activity.

Part of Income Saved.

"The total income of the United States this year will reach the highest figure on record. The per capita income also will be record breaking. This indicated by the increase in bank deposits. The 1928 income will total ninety-seven billion five hundred million, against ninety-four billion in 1927. The per capita income this year will total $812 against $792 last year. The 1929 income should amount to one hundred and one billion two hundred million dollars and the per capita to $834.

"The United States expends on the average 86 per cent of its annual income and saves 14 per cent. Expenditures this year will amount to $83,800,000,000, against $80,880,000,000 last year. Savings will total $13,700,000,000 this year, against $13,200,000,000 last year. The prospect is that the United States will expend $87,000,000,000 in 1929 and save $14,200,000,000.

Wealth Outstrips Population.

"The government estimated the total wealth of the United States in 1922 was $321,000,000,000. The savings since that time indicate that the total wealth at the end of 1928 will amount to $394,500,000,000, an increase of 22.9 per cent over the 1922 figure. Wealth has increased at a faster rate than the population. The per capita wealth has increased from $2,938 in 1922 to $3,287 in 1928. The prospect is that the total wealth at the end of 1929 will amount to $408,700,000,000 and the per capita wealth to $3,366.

"The United States is by far the wealthiest country in the world. It is probable the total wealth of the world is little in excess of $1,100,000,000,000. This means the United States, with only 6.3 per cent of the world's population and only 5.3 per cent of the world's land area, has approximately 35 per cent of the world's wealth.

Prosperity Will Continue.

"The prospect at the present time is that the general trend of the income, consumption, savings and wealth of the United States will be upward for an indefinite period. Naturally, reactions will occur from time to time, but these should prove temporary. The entire world is bound to benefit from increasing prosperity in the United States. Countries producing raw materials needed by the United States will enjoy larger incomes because of the increasing consumption requirements of the United States. The growth in the savings of the United States will enable the American people to invest more money abroad. Foreign countries will be able to secure more goods from the United States and develop their own industries.

"It is apparent that the trend at the present time is toward world prosperity. The length of time it will continue depends on how long the nations refrain from war."

SAVANT WRITES OF INSURANCE AS INVESTMENT

BY LEON STOLZ.

An article that can be read profitably by any one whose life is insured or who contemplates taking out insurance appeared in a recent number of the University of Chicago's Journal of Business. The article, by Prof. S. H. Nerlove, is entitled "The Investment Element in Life Insurance Contracts."

Life insurance in almost all its forms, Prof. Nerlove demonstrates, is a table d'hote in two courses. The first course might be called "pure insurance." The second course is investment. Prof. Nerlove is of the opinion that if you want either of these dishes or both of them, you generally can get them to better advantage by ordering a la carte.

The Investment Element.

The nearest approximation to pure insurance, he finds, is term insurance. The investment element becomes larger in ordinary life, still is larger in limited payment policies, and is largest in endowment policies. At the end of fifteen years, a man who took out an ordinary life policy for $1,000 when he was 25 years old has not only bought insurance but he has made, in addition, an investment totaling $160; if he had taken out a 20 payment policy, his investment would total $343; and if he had taken out a 20 year endowment policy, his investment would be $676.

"Evidently," Prof. Nerlove says, "the most significant difference between the various life insurance policies now being sold is the variation in the amount of the 'investment element' they contain. Accordingly, whether or not one should purchase a 20 payment life or an endowment policy instead of an ordinary life policy depends almost entirely upon the advisability of investing funds with life insurance carriers . . ."

Not Most Profitable.

Thereupon, he proceeds to show that, by and large, money can be invested to better advantage by dealing with an investment house than with an insurance company. For one thing, in case of death, before the completion of the term, the investment is wiped out. In addition, the rate of return, with certain considerably exceptions, is generally below that obtainable by prudent purchasers of sound securities. For example, to quote Prof. Nerlove's figures, the young man of 25 stood a 6¾ per cent change of dying before he reached 40 and thereby depriving his heirs of the investment made with the insurance company; and though he took this considerable risk, he will have received only 4½ per cent, compounded, upon his investment when he reaches 40.

"Under present investment conditions," Prof. Nerlove concludes, "it is inadvisable for practically all individuals to purchase investment-life-insurance policies. Insofar as it is impossible to get a desirable life insurance policy without an investment feature, it, of course, will be necessary to some extent to invest funds with life insurance carriers. But it is possible and advisable to avoid buying limited-payment life and endowment policies. The rate of return on the investment element in these policies related to all the risk assumed is less than it is in other investments . . ."

Wisconsin Lumber Interests Ask Lower Freight Rates

Hearing of a petition of the Oshkosh Traffic association and several Wisconsin lumber companies for lower freight rates on the Great Northern and twenty other railroads, was concluded yesterday before the interstate commerce commission and taken under advisement. The petitioners contended the existing rates favor their competitors at Clinton, Dubuque and Muscatine, Ia., Wausau, Wis., and Minneapolis. The carriers averred that the length of haul justified the rate. Attorney William A. Disque heard the testimony for the commission.

ASSOCIATED GAS & ELECTRIC SYSTEM

Objects of Refinancing

Two years ago the management of the Associated System inaugurated an extensive program of refinancing which contemplated:

1. **Retirement of outstanding high coupon bonds and high dividend rate preferred stocks of subsidiary properties.**
2. **Issuance in exchange therefor of Associated System securities which, as the obligations of a larger and financially stronger organization, bear lower interest rates.**

Refinancing accomplished has brought certain definite results:

1. **The credit standing of the Associated System has been so improved that recent financing was done with 4½% bonds as against 5½% bonds a year and a half ago.**
2. **The elimination of underlying securities has brought the bonds, preferred and common stocks of the Associated Gas & Electric Company close to the actual physical properties so that they receive more directly all income from operations.**

To date, over $115,000,000 par value of underlying securities have been retired. This has brought about substantial savings in interest charges, and a simplification of capital structure through consolidation of numerous debt issues into major obligations of the Associated System.

Many mortgage issues have been called for redemption. The amount remaining in the Associated System is less than 10% of the entire capitalization. Many properties are entirely free of debt.

You Can Save TIME . . and make MONEY

Careful investors, who want to get the highest *safe* return from their money, frequently spend a large amount of their own time seeking investment opportunities. Also, if they are told that such-and-such a stock is a "buy," they investigate thoroughly before taking any action. A prudent policy, but not the wisest, for it consumes time *unnecessarily.*

Buy Values

In place of this independent investigation, do this: accept advice, but *only* from an established source, a source that is unbiased, and one that is able to let you *buy values; the right securities at the right time.*

Brookmire Service has measured up to these requirements for many years. It undertakes to save your time, free you from worry, and gain for you a better-than-average return. It is not speculative. It will not make you rich overnight. It *will* give you expert and profit-making advice as it has done and is doing for thousands of others.

Number of replies received and analyzed, 1,576—or 27 per cent. of mailed questionnaires.

List used consisted of all the tenants in more than 100 of the most prominent high-grade apartment houses in New York.

Park Avenue, Fifth Avenue, the Forties, and the Sixties. Home of New York's elegant apartment houses. Home of New York's prosperous residents. Yearly rentals from $720 for a single room to $22,000 for a cooperative apartment.

The wealthiest residential district in the world. The best customers for all high-grade commodities. What paper reaches the largest number of these families? The Sun. *This fact is firmly established by the Herald Tribune survey made by Huber Hoge, Inc.*

THE survey made by Huber Hoge, Inc., for the Herald Tribune is important because it gives a true picture of the relative popularity of the various New York newspapers among the prosperous, intelligent families of New York. The fact that the survey was conducted by an impartial agency, and that the list used was a remarkably large and comprehensive one, makes the findings of this survey of more than ordinary value.

Huber Hoge, Inc., is an advertising agency with a highly specialized real estate department. In making this survey their purpose was to find out which newspaper is most widely read among people of means—which newspaper is the most effective medium for advertisers of high-grade commodities.

To get the desired information, a letter and a questionnaire postcard were sent to every family in over 100 of New York's better-grade apartment houses. The letter was signed by the Herald Tribune, with the request that the questionnaire postcard be returned to Huber Hoge, Inc., for tabulation purposes.

The names and addresses were secured from a number of the most prominent real estate agents dealing in high-grade apartment houses. The letters were sent to every tenant in every apartment house handled by these agents. The list used, therefore, was not a hand-picked, selected list. It was an impartial and complete list.

In all, 5,878 families received the questionnaire. Of these 1,576, or 27 per cent.—an unusually high proportion—filled in and returned the questionnaire.

The annual rentals ranged from $720 for a single room to $22,000 for maintenance of cooperative apartments. This means that most of the families included in the investigation were families with annual incomes of $10,000 or more a year.

Prosperous, smart, intelligent New Yorkers. With money enough to buy what they need and want. Money enough for the better-grade necessities. Money enough for luxuries. Money enough for pleasures, for entertainment, for education.

The best customers for department stores. For real estate concerns. For food advertisers. For radio manufacturers. For automobile advertisers. For all high-grade commodities. What newspaper do they prefer? What's the best medium for advertising to these people? The Sun. This fact is firmly established by the Herald Tribune survey made by Huber Hoge, Inc.

This survey confirms the statement which The Sun has frequently made regarding itself—that among the prosperous, intelligent people it has the largest home circulation in New York. That is why real estate brokers, manufacturers and retailers have found it so profitable to advertise in The Sun.

The Young Pretenders

By Alice Grant Rosman

SYNOPSIS.

While lying helpless in bed after a motor accident, Hugo Donaldson broods over the fact that his father, with whom he'd quarreled just before the smash, has never come into his room to visit him. He decides that he must be dead and that his mother and the servants are keeping it from him.

INSTALLMENT III.

HUGO'S MOTHER.

"They can't know what I think or what I really feel," thought Hugo with defiance, and wickedly determined to mislead the lot of them. The world of people who walked upright were in league against him. They had become his enemies.

"You've had a nice cup of tea. That's right, and now we'll get you freshened up," said Tright.

Hugo had known exactly what was coming. He had been wating for it, and as the clever hands began very deftly moving his bed to the other room, he closed his eyes and shut his teeth hard, and all the misery of his helplessness came down upon him like a dark curtain that smothered even the great secret about his father.

Hugo dared not think during the process of being freshened up. He could not speak, but he listened for the soft hum of the vacuum cleaner next door and to Portal in there, opening the French windows on to the balcony to let in the morning air and the scent of the trees and grasses of Hyde Park, and the far, faint noises of the world. He listened for the crackle of wood as she built up his fire; he pictured her stooping down to it in her blue dress, and getting up again and looking so pleased because she had picked him some primroses with her own hands. He tried to believe he could smell Portal's flowers of spring, instead of all the hospital stinks of this diabolical world over which Tright presided. . . . Tright looking idiotic in his white overall, yet so damnably sure of himself and so unconscious of the soothing gentleness of his hands.

Portal had finished at last. She was going away; he could hear her closing the door of his room but he couldn't picture what she would do next . . . go down to her own breakfast perhaps with a lot of strange people he didn't know, except old Leeder.

Leeder, as one privileged by long acquaintance, would creep in to see him now and then, saying in a stage whisper:

"I hope you're feeling better, Mr. Hugo. Now, there's a horse I've heard for the three-thirty, if you'd like a bit on."

"O, Hugo! you are better this morning. You are in one of your wicked moods?"

And Hugo, for whom money could buy nothing worth having any more, would answer:

"My word, we'll make our fortunes yet." And for the sake of the old days, when these flutters with Leeder had been a secret, rich delight, would give him half a crown. And generally he would lose it, to Leeder's distress, and sometimes he would win a few shillings, which Leeder would bring up to him, as though the fortune were already made.

"I dread to think what her ladyship would say to me," was always Leeder's rather gleeful cry when he had spotted a winner; for Leeder was in it with the rest of them. He never wondered what the master would say, at least in Hugo's hearing.

"But then, of course, he's dead," thought Hugo.

The freshening up was nearly completed; he could think again, looking without malevolence at Tright's absurdly nightgowned figure and his rows and rows of bottles. Eagerly he began planning his momentous question, but Tright was too quick for him. He was aware of the gentlest, unhurried movement of the bed, and:

"That's right," said Tright, wheeling him back to the blue sea, and was off to see about his own breakfast and Hugo's.

Shaved, freshened indeed and, O, so strangely eased and comfortable for the moment, the boy lay back on his pillows, the soft silk of his pajamas cool on his long arms. Nothing wrong with the pajamas. They were blue with a thin stripe of pale yellow, and Hugo knew that in the incredibly long-ago days when he was a blood, he would have thought them distinctly nobby. But now they were just part of the setting, and sometimes, in his bitter moments, he would say to himself viciously:

"I wonder they don't get Tright to curl my hair."

These protests were never spoken aloud, however. He was his mother's prize piece and she must do what she would with him.

The young morning looked in at the window. The stage was set for another day.

. . . .

Breakfast was over and Tright had gone away, but the great question was still unasked. It was almost as though Tright knew, he was in such a hurry this morning, and of course, you had to approach the thing cunningly and carefully. You couldn't just shout it at him.

"Awfully hard to say things, somehow," mused Hugo, "things you really want to say."

The calendar standing on his desk told him it was Tuesday, the 19th of March, but Tuesdays had lost their savor and March seemed merely a useless label, since it couldn't mean the boat race for him any more. It came to Hugo that all the things that had punctuated his life in the past were swept away. Once the year had been round, to him, beautifully round, with Christmas at the bottom and summer on top, with Easter on the right hand side and autumn on the left. The months had been squarish and the weeks short, rather jolly tracks along which one dashed backwards and forwards. All this had gone and only a long, straight, monotonous, road remained.

He began to hate the calendar, for what was the good of Tuesday, 19th of March, to him, when there was nothing to count the days for any more? He turned the nineteen upside down in his mind and made it sixty-one, and somehow he liked it better that way. The 61st of March! Yes, now that would be something like a day. He tried turning over the March, too. Difficult, rather. It would look like . . . like a sort of inscription. Suddenly he thought of a tall man with very blue eyes and little Webster in his glasses and the tombs of Assyrian kings.

"I wish the carpet wasn't so damn blue," said Hugo, miserably.

Some one was coming and his heart gave a jump, but he knew it couldn't really be his father.

"Because he's dead," whispered Hugo.

It was his mother and she didn't hush like Portal, but opened the door cheerfully, as cheerfully as you can open a door that is muffled all round with baize. She came in smiling, with a bright color in her cheeks and a lovely sheen on her brown shingled hair. Her morning suit of some creamy stuff with a touch of green about it, suited her slim figure; her creamy shoes were pointed and small. She could dance well. Hugo knew.

"Such a lovely day, darling, spring at last," said Lady Donaldson, as though she had personally arranged it. "And Tright tells me you have had a splendid night. Won't the doctor be pleased?"

She kissed him and her long, lovely hand with its beautiful rings played with his unresponsive fingers.

"O, rather," said Hugo, noncommittally. What did he care for the spring or the doctor's pleasure, either? Little the doctor knew.

"Aren't there any letters for me?" he demanded in an injured voice.

He wasn't really expecting any and knew he wouldn't like them if they came, but he felt there ought to be letters and, perhaps the world in league against him, was holding them back.

"Not this morning, dear, but there's an invitation for us all for Roland's wedding to Tessie Anstruther, so you must think up what sort of present you would like to send them and I'll go and choose it for you."

"Roland's an ass," said Hugo. "I can't think of anything suitable for an ass except a bale of hay. Let's get him one."

"O, Hugo, darling, you are better this morning. You are in one of your wicked moods," declared his mother, lively and reproachful.

"And when they are being married," proceeded Hugo, "if the parson has any sense at all, he'll say, 'Let us bray.'"

"Hugo, you are positively irreverent, and in Lent, too. Besides," said Lady Donaldson, triumphantly, "they are to be married by the bishop."

"No?" said Hugo, with polite incredulity.

"Yes, darling, of course, because, you remember, he's her uncle."

"Roland is?"

"No, no. How could he marry his niece? It wouldn't be legal. The bishop is Tessie Anstruther's uncle," explained Lady Donaldson.

"And he is going to marry her?" inquired Hugo, innocently.

"Yes, darling. That's what I'm telling you."

"How scandalous!" said Hugo.

Another Weary Girl Turns to South Sea Isle

That's the Sort of Movie "Driftwood" Is.

"DRIFTWOOD."

Produced by Columbia.
Directed by Christy Cabanne.
Presented at the Rialto theater.

THE CAST.

Daisy Smith	Marceline Day
Jimmy Curtis	Don Alvarado
Johnson	Albert Roscoe
Viola	Fritzie Brunette

By Mae Tinée.

Good Morning!

Marceline Day does a sort of Sadie Thompson in this picture. The South Sea island she lands on isn't called Pago Pago and the religious interests aren't in the least concerned about her, but Daisy Smith is much the same sort of derelict maiden Sadie was, and her ideas regarding dress coincide amicably with those of the heroine of "Rain."

"Driftwood" is an interesting and well directed picture, with some splashes of gorgeous scenery excellently photographed. It tells the story of a girl who goes under the assumed name of Smith and comes to Luva—I think that's the name of the island—to forget and start over again. Just what she wants to forget you do not learn.

On the hot little island she finds herself encompassed with much the same sort of danger (male) you gather she has escaped from. In desperation she marries another piece of human driftwood, one Jimmy Curtis, and the film shall show you what happens after that.

This picture brings a number of old favorites back into notice—Fritzi Brunette, Albert Roscoe, and Christy Cabanne, who used to direct Francis X. Bushman. The acting is all commendable. Miss Day does much the best work I have ever seen her do, though she overworks considerably a wry grimace that, apparently, she has cultivated with much care.

Ah, That Paris, and Also Those Sips of Cognac!

"PLASTERED IN PARIS."

Produced by Fox.
Directed by Benjamin Stoloff.
Presented at the Monroe theater.

THE CAST.

Sammy	Sammy Cohen
Bud Swenson	Jack Rennick
Marcelle	Lola Salvi
Sergt. Coucou	Ivan Linon
Hugh	Hugh Allen
Mimi	Marion Byron
French General	Michael Visaroff
Abou-Ben-Abed	Albert Conti
Doctor	August Tollaire

KIND: Farce Comedy.

QUALITY: Nothing to brag about.

COMICAL. No. Silly.

DIRECTION: Fair.

ACTING: Fair, with one exception. Albert Conti is entirely too good to be wasted on this sort of thing.

STORY: From Paris to Palestine go two soldier pals, who have, in a drunken moment, enlisted with the Foreign Legion for five years. Amid desert sands they meet with the brand of adventure they would meet with in this kind of a film.

REMARKS. If "Plastered In Paris" had been condensed in two reels it would have proved more enjoyable. As is, it is tiresome, and some of the scenes are vulgar.

See you soon.

Ogden, Round World Flyer, Engaged to Hollywood Girl

Hollywood, Cal., Nov. 6.—(AP)—The engagement of Lieut. Henry H. Ogden, one of the army round-the-world flyers, to Miss Ulela Snook of this city was announced today. The wedding will take place during the Christmas holidays. Miss Snook and her parents formerly lived in Flint, Mich.

Cochrane, Ex-Husband of Ganna Walska, Is Ill

New York, Nov. 6.—(AP)—Alexander Smith Cochrane, millionaire carpet manufacturer and former husband of Ganna Walska, has been seriously ill at his quarters in the Savoy Plaza hotel, it was learned today. No information was given except that he was "greatly improved."

THEATER

ADDING to its inventory of disinterments, the Goodman Memorial puts on Gogol's celebrated Russian farce of "The Government Inspector," in a translation by Constance Garnett called "The Inspector-General"; and here it is for those who have an interest in celebrated farces of Russian make. The piece is Gogol's treatment of a theme that has done service since the birth of the comic drama, and will continue to do service as long as men are what they are and ever have been: to-wit, thinking bipeds who find formal and ceremonial government necessary to their functioning. Roguery in office, high and low—that is the theme.

◆

The crooked mayor of a small town hears that the Czar's chief inspector is coming to have a look at things, mistakes an itinerant cheat and gambler for the high official, and goes bravely into the processes of bribing him with money, wine, and social show-off. When the time comes for the bewildered but willing impostor to vanish, he does so with pockets bulging with cash forced upon him by venal judges, commissioners, postmasters, and all who hold political office in the town. When the self-duped humbugs learn the truth, they are in agreement to hush it up, and then are thrown into a fresh panic by the arrival of the actual investigator for the Czar. . . . That is the tale; and it has been made into many plays through the centuries.

◆

As a play, "The Inspector-General" is in the ancient fashion of mistaken-identity farce, with soliloquy in explanation at intervals, and the type of "aside" based on the belief that the third person is unable to hear something said about him or concerning him by the first person to the second person. Its defect as 1928 fun is not that it is antique fun, but that it is in the antique mode. . . . B. Iden Payne makes his first appearance with the Goodman performers; and he and the others perform with a mistaken energy that, properly organized, would build a subway in the course of a fortnight's run.

News-Notes of the Stage.

"The Shannons of Broadway" will be made known to Chicago Sunday night in the Cort. It is a piece about variety-stage actors written by James Gleason and Lucille Webster [Mrs. Gleason] for their use; and they headed the cast last season in New-York.

◆

"She Got What She Wanted" was listed here last Friday as among the New-York novelties of the current week. The piece—which is by George Rosener, of the cast of "My Maryland"—is to be shown next week in Brooklyn, with the actress who rejoices in the name of Galina Kopernak at the head of the cast.

◆

J. P. McEvoy's revue named "Americana" was unexpectedly retired from circulation last Saturday night, after five or six performances in New-York.

◆

And "Possession," by Edgar Selwyn, is to be thrown away next Saturday night. Miss Mary Boland and Miss Edna Hibbard are among its performers.

◆

Miss Peggy Wood, Kenneth Mackenna, Miss Katherine Wilson, and A. G. Andrews are well-knowns cast in Austin Strong's new piece, "G. H. Q." The title, Mr. Strong explains, means "the general headquarters of the mind."

◆

There is talk of a one-volume edition of the plays written by Ferenc Molnar, now represented in New-York by "Olympia," and about to be by "The Red Mill," now named "Mima"; and I don't know how a printer can nicely get even such of Molnar's plays as are known in this country into a single volume.

◆

"The Sacred Flame" is now given out as the title of the new play by W. Somerset Maugham in which Miss Claire Eames is to have the principal rôle.

◆

"And So to Bed," a comedy about Pepys shown last season in New-York, is about to be revived for a tour.

The Inquiring Reporter

Every Day He Asks Five Persons, Picked at Random, a Question.

The Tribune will pay $5 for each question accepted for the Inquiring Reporter to ask. Send name and address with your question to "Inquiring Reporter," Chicago Tribune. For today's question, Nora Muller, 4417 Beacon street, was awarded $5.

The Question.

Do you think men's clothing needs new ideas and more color?

The Answers.

Dan Galler, 4516 North Troy street, violinist — The person who sent in that question raises a good subject for discussion and action. Men need a greater variety of choice in style and color through which to find expression and match the personality of the wearer.

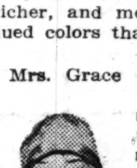
◆

Mrs. Ethel Carr, 1355 North Parkside avenue, housewife —I don't believe so. Men have always been conservative in dress. If men were to bloom out in the colors of the rainbow, it would show bad taste. The nature of their work and their dignified position in the world do not permit it.

◆

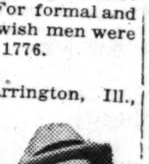
Arthur Frier, 5012 Kimball avenue, clothing salesman—Experience shows that the answer is no. Extremes in men's styles are only temporarily popular. At present men's clothing is showing a tendency towards darker, richer, and more subdued colors than ever.

◆



Mrs. Grace Joyce Johnson, 1909 Washington boulevard, music teacher—I feel that if somber colors make women appear gloomy, they make men appear so. Men should have attractive styles and bright, cheerful colors, but not in any sense feminine. For formal and semi-formal occasions I wish men were to dress as they did in 1776.

◆



Clarence James, Barrington, Ill., Maurice L. Rothschild salesman — No. The styles that are coming in this winter are showing a return to the more conservative lines and colors, and that is for the best. The average man never looked so well dressed as when in plain, subdued colors and conservative styles.

Show of Children's Books Reveals Many Delightful Editions

BY ELEANOR JEWETT.

A charming exhibition of illustrated books for children opens today in the children's museum at the Art institute. Ranged along the walls of the two rooms are cases filled with the most fascinating stories, opened at the most fascinating of illustrations. There are the animals of the zoo and animals that never lived anywhere save in the imagination of their artist-creator—for example, the giraffe who stretched his neck and in the end revealed himself as a plump little man and the neck and head an assumed disguise.

There are songs and stories from England, from Italy, from France and Germany, and even from Czecho-Slovakia. Among the English books is found the work of four celebrated illustrators, Walter Crane, Kate Greenaway, Ralph Caldecott and Arthur Rackham. Arthur Rackham, by the way, uses silhouettes in illustration with great effect.

Among the American books are stories and illustrations by Tony Sarg and illustrations by Willy Pogany [or should he be classed with the foreigners?] and an entrancing "Millions of Cats" by Wanda Gag, whose modernistic paintings have created a furor in New York.

A case of Boutet de Monvel books, the gift of George F. Porter, brings charm to one end of the first gallery, and across from them are books exquisitely illustrated by Willebeek Le Mair.

The children's museum is very proud of a recent gift from Frank G. Logan. Mr. Logan has presented the museum with an original wood block by Auguste Le Pere and the last impression drawn from it. The two make an extraordinarily interesting exhibit. The wood block is "L'Ecluse du Canal St. Martin, Paris." It is hoped that this may be the first step in getting together a process case of wood engraving. When complete the case would show in detail the various steps through which the artist goes to produce the finished print.

The exhibition will continue through the month.

But Britons Can Be Sure This Really Is Cognac

[Chicago Tribune Press Service.]

LONDON, Nov. 6.—Along with jazz and cocktails, England has now imported another lively American institution in the shape of a brisk bootlegging business which has sprung up off the Cornish coast.

Fine French cognac smuggled into this tight little island by alleged French fishermen, however, gives the game a flavor decidedly superior to that played on America's Atlantic seaboard.

Famous Buddhist Art to Be Brought to the U. S.

[Chicago Tribune Press Service.]

LONDON, Nov. 6.—Priceless frescoes of Ajanta by the artist monks of Buddhism between 100 B. C. and 700 A. D. will be included in the rare collection of Indian paintings, both old and new, which will be taken to America next January by Dr. James H. Cousins, and first shown in Philadelphia.

Dr. Cousins has been working in India for the last fifteen years and has been connected with the renaissance of Indian art

Several of the paintings which make up the remarkable collection were brought to light in the ancient caves of Bagh near Gwalior, which, like Ajanta, is situated in central India. Still another art cache was surrendered by the south of India when rare art treasures were unearthed in a Hindu temple at Sittanavasar, near Pudukottai in the Madras presidency. The latter group is representative of the highly advanced stage of Hindu painting in the seventh or eighth century of the Christian era.

From this period well on into the 16th century, however, India was ravaged by internal strife.

Frank Crane, Touring World, Dies in France

Writer Formerly Preacher in Chicago.

[Chicago Tribune Press Service.]

NICE, France, Nov. 6.—Dr. Frank Crane, former Chicago minister and widely known writer, died here today of cerebral hemorrhage. He was 67 years of age. Together with Mrs. Crane and party, he was on a tour of the world when the end came. The body will be cremated at Marseilles. The widow will sail for home on Nov. 14, it is reported.

Dr. Crane is remembered by older residents of Chicago as the pastor of Trinity and Hyde Park Methodist Episcopal churches, where he preached from 1896 to 1903. He was born May 21, 1861, at Urbana, Ill. He attended the public schools of Springfield, Ill., and Wesleyan university at Bloomington.

◆

His first charge in the religious field was the First Methodist church of Omaha. Following this he came to Chicago, where he attracted much attention.

In 1904 he was called to the Union Congregational church of Worcester, Mass. He preached there for five years, and then decided to devote his time to writing inspirational and success articles for newspapers.

◆

Dr. Crane's syndicated works reached an estimated audience of 5,000,000. He was also the editor of "Current Opinion" and was author of a number of books, among them "Adventures in Common Sense," "The Crane Classics," "Just Human," and "War and World Government."

He leaves, in addition to his widow, a son, James L. Crane, and a daughter, Mrs. Alfred E. Drake. Of late years Dr. Crane had made his residence in New York.

John Crane, a brother, died in a similar manner during the great war in the editorial rooms of THE TRIBUNE, by whom he was employed.

If Bathtubs Mean Cleanliness We're a Snowwhite Nation

by Antoinette Donnelly

A business survey of thirty-seven communities, made a while ago, showed that 84.8 per cent of the people in them had bathtubs. Which proves, if you believe in porcelain signs, that the virtue next to godliness isn't so far behind. Or, can you prove the virtue of cleanliness by the number of bathtubs?

A European mother complained to an American neighbor that she didn't know what'd come over that daughter of hers since she started working. She's got the most new fangled notions. A bath every night, she wanted, and clean towels, too, if she'd let her have them, which she wouldn't as her laundry was big enough now and, anyway, you don't need a bath every day to keep clean. Her mother never had it and her father never had it and nobody ever told them they weren't clean people.

The parent belonged to the restrained order of Saturday-nighters. She probably is blissfully unaware that a lot of water flows through faucets at the instigation of health authorities, who agree that the daily bath is necessary for health, self-respect and consideration for others.

The entire body is constantly giving off perspiration. It dries so quickly that, except in hot weather or after hard exercise, we do not realize its presence. But the slightly saline film of dried moisture on the body must be washed off every day if all danger of its making itself known is to be avoided.

Then, some people have to deal with something worse than this normal perspiration. Sometimes the sweat glands work overtime. This occurs chiefly under the arms, along the soles of the feet and in the palms of the hands. The cause of such superactivity of the glands is often a depletion of vitality, improper elimination and a highly nervous condition.

After the daily bath, local aids should be pressed into service. There are astringent powders, pastes and liquids. If you are in doubt about which to get, I could send you in return for a stamped addressed envelope a formula which many women have found highly satisfactory.

BEAUTY ANSWERS

BY ANTOINETTE DONNELLY.

A. H.: THE CANDIES AND PASTRIES you eat are responsible for much of your excess weight. A young lady of twenty-one, five feet three inches, should weigh 123 pounds. Better send a stamped, addressed envelope for my reducing instructions and take off some of the excess, don't you think?

E. H.: IF YOUR HAIR IS UNmanageable after washing a couple of persistent brushings will supply the necessary oil to make it remain in place. If it is very stubborn rub a little olive oil or sweet almond oil into the scalp before brushing. Send a stamped addressed envelope for my booklet on the hair.

Wife Is Jealous, but Story Shows She Has Cause to Be

BY DORIS BLAKE.

"Am I right or wrong in telling my husband that he should not go out to lunch with his assistant? I think it will cause gossip. She is a young married woman. He says it is proper as she just goes to talk things over. But I told him it didn't look right and I would not stand for it. He says I am jealous.

"He's been doing it daily since summer. I don't see why she can't go along with the other girls in the office. Mrs B."

He's probably right when he says you're jealous—but why shouldn't you be? What wife wouldn't be, under the circumstances? I don't think any one else could see any legitimate reason for the daily rendezvous.

It's been my experience and that of my business colleagues that a man can, between the hours of 9 and 12, 1 and 5:30, talk over all the business affairs that are required of him and his assistant. If he can't arrange it, there's something woefully lacking in his ability to concentrate and certainly taking an attractive young married woman assistant out to luncheon daily isn't going to help his powers of concentration.

Gossip? The office will buzz with it. You're right on that score, too. And even in our age of tolerance, the affair will be looked upon as an affair, whether it has reached that stage or not, and both man and girl will be treated to some of the good old fashioned contempt which seeks to keep on abiding in "tolerant" humans for the transgressor.

Perhaps, if somebody else took your husband aside and told him in convincing terms exactly what you've been trying to let him understand, he might be more amenable to reason. If he's innocent of motive, he might be made aware of the position he's putting the girl in.

Anyway, it's bad business for his progress if he's an employé himself, and for the morale of his office if he is employer.

There's still another little angle for the outsider to confide in the man's ear. It's about that nice gesture of loyalty to and consideration for the feelings of the woman who's holding up her end on the virtues that make marriages go.

Tribune Cook Book

BY JANE EDDINGTON.

Boiling Up the Raisins.

There will be no attempt in this little bit to cover all the problems of fruit cake making, but year in and year out I receive letters asking: "Why does my fruit cake sink to the bottom of the cake?" And in my own kitchen I have seen different assistants, and some years back myself, turn out fruit cakes the bottoms of which have a number of broken places or actual holes because the fruit has stuck to the bottom of an unpapered tin.

It is always best to line a fruit tin with paper. Rarely when the cake is cold will fruit stick to that when it is peeled off. When hot certain fruit cakes will easily break into many parts, up or down or across, whereas these same cakes become quite solid and easy to slice in thin slices when they are cold, or after they have ripened. Trying to handle such a cake much when hot is to invite failure.

Now the main way of keeping fruit from sinking to the bottom of a cake is to flour it perfectly, and then sift off the flour. One tablespoon of flour will flour several cups of fruit and there will still be some to shake and sift off. If too much is used and it is not shaken and sifted off there may be bunches of raw flour next the fruit of a slice.

But I have an idea that the real reason why so many cooks have trouble in baking a fruit cake so that the fruit will not sink to the bottom, is that they use too hot an oven. Boiling temperature is 212 degrees. We rarely try to bake a cake in anything below 300 degrees, but some kinds of cake need a hotter oven than this, at the start, but only briefly.

If a fruit cake is put into a 400 degree oven, and kept in it the sides soon set and as the batter heats through and gets hotter and hotter it actually boils. Because it contains shortening that melts and sugar that dissolves a hot batter may be too thin to hold up fruit, and so goes to the bottom and the larger the pieces of fruit, the more likely they are to go down, yet these large pieces are attractive in slices, far more so than finely chopped fruit.

One positive proof that the fire has been too hot is seen when the sides of the cake are set and stiff and low as compared with the middle which may be a small mountain. Worse, the batter boiling up may have broken through.

Richthofen Reception.

Mr. and Mrs. W. Harry Newmeyer are to give a musical and reception at the Cooper-Carlton hotel this evening for Baroness Louise von Richthofen, the aunt of the late German war ace. Assisting to receive will be Mrs. Josephine Tuck-Baker, Baroness von Turk-Rohn, Mrs. L. Brackett Bishop, Mrs. D. Harry Hammer, and Mrs. Helen Gordon Spellman. About 150 invitations have been issued for the affair.

This Is Day of Match of North Shore and British Girls' Hockey

BY THALIA.

This may be just the day after election for most of the world, but for many young women of the north shore, many of whom are not yet old enough to cast their vote, it's the day of the big hockey match with the team of British girls who have been here since Sunday, being guests of members of the North Shore Hockey association.

Sunday evening, Mrs. Emmons Blaine Jr. gave a luncheon for them; Monday evening, Mrs. Hallett Thorne and Mrs. Thomas MacLaren, president of the association, took them to the theater; yesterday Mrs. Blaine, Miss Elizabeth Lamson and Miss Harriet Leonard took them for an outing to Geneva, and last night the association escorted them to see the jai-alai game. Mrs. Henry Tenney gives a buffet luncheon for them this noon, and following the game at the Indian Hill Country club this afternoon there's to be a large tea and dinner for them.

Tomorrow before the English girls leave for Buffalo to see Niagara falls, the Chicago association is to give a dinner for them. The 14 British players and substitutes are house guests of various members of the team, including Mrs. Blaine, who has three guests; Miss Peggy Waidner, who plays one of the important positions for the North Shore team, has one; Marion Montgomery, captain of the team, two; Harriet Leonard, two; Bernice Bulley, one; Elizabeth Lamson, one; Mrs. Thomas MacLaren, president of the association, one, and Miss Margot Atkin, two. The team includes also Mrs. Lewis Taylor, Mrs. Tenney, Mrs. Harry Allen, Miss Iris Boulton, Miss Margaret De Lay, and Miss Margaret Kimbark.

English Speaking union members who have made reservations for the luncheon at the Palmer house today for J. J. Mallon, warden of Toynbee hall, London, include Mrs. Chauncey B. Borland, Mrs. L. Hamilton McCormick, Miss Caroline Kirkland, Miss Jane Addams, Graham Aldis, Mr. and Mrs. Alan Dixon, Mr. and Mrs. John [illegible], and Mrs. John V. Farwell.

Miss Harriet Monroe, Miss Marion [illegible], Miss Agnes Foreman, Miss Tennessee Anderson, Mrs. Walter [illegible], Mrs. J. Sidney Burnet, Mrs. Ralph Richardson, and Mrs. Herbert Valentine Burrows are to be hostesses at the first tea of the Romany club's season on Friday afternoon. Mrs. Samuel Scott of New York City is to speak on "In Abraham's Bosom," the Pulitzer prize play to open here on Nov. 12.

Miss Louise Brewer, who is to be one of Miss Dorothy Vilas' bridesmaids for her wedding next Wednesday to John D. C. Towne Jr., is giving a dinner this evening at the residence of her parents, Mr. and Mrs. E. Harris Brewer of 1811 Ritchie place, for those members of the wedding party who are now in town. Afterwards Miss Miriam Neff, also a bridesmaid, is to give a theater party. Miss Louise Coburn arrived yesterday morning from Greenwich, Conn., to be here for the festivities, and the bride-to-be's brother and sister-in-law, the Ward Vilases, who have been living in New York on account of Mrs. Vilas' health, arrive today. The other out of town people will get here the day before the wedding.

Mrs. Charles Deering is in Chicago, staying with her daughter, Mrs. Chauncey McCormick of 2450 Lake View avenue, until about Dec. 1, when she will go to Florida.

The John Alden Carpenters are to vacate their apartment at 942 Lake Shore drive on Dec. 1, when they will occupy one of the studio apartments at 142 East Walton place for a short time before flitting off. Mrs. Leverett Thompson is to have their apartment. The Tiffany Blakes have come in town from Lake Forest and are at the Ambassador East for the winter.

Mrs. James H. Channon and her debutante daughter, Miss Mary Letitia Channon, are at the Lake Shore Drive hotel for the winter. They plan to leave soon after the season closes for Europe.

Mr. and Mrs. Archibald T. Naugle of 100 Lake Shore drive have delayed their departure for [illegible] this week and [illegible] the present are staying at the Lake Shore Drive hotel.

Finds Indian Music Same as in Days of Conquest of Mexico

MEXICO CITY, Nov. 6.—"After more than four centuries the Indians of the mountains about the valley of Mexico still are using the ancient musical notation of the time of the conquest," said Dr. José M. Iasso, who has just returned from an extended trip among the Indians who speak the Aztec and Otomi tongues.

Dr. Lasso says both those races of Indians practically had the same culture which they inherited from earlier civilized races and that, among their most treasured possessions of a cultural nature before the coming of the white man to Mexico, in the sixteenth century, was a system of musical notation sufficiently well developed to record the music of all their songs, which were very extensive and used on public occasions and in family reunions.

"The courts of Texcoco, Mexico, Tlaxcala and Huehuetzinco," Dr. Lasso said, "each had its court musician who also was court poet and singer and held the front of the stage on all ceremonial occasions.

"This ancient notation was recorded by means of syllables, as in our do, re, mi notation. These notes, which began with do and followed the same scale upward were ti, qui, to, co.

Kill to End Pain, Says Ghandi in New Message to Hindus

AHMEDABAD, Nov. 6.—A fine distinction between killing and nonkilling, in which the "separation of the suffering soul from a diseased body" is justified, is made by Mahatma Gandhi in his new book, "Young India."

The writer states: "Just as a surgeon does not commit 'himsa' (killing), but practices the purest 'ahimsa' (nonkilling), when he wields his knife on his patient's body for the latter's benefit, similarly one may find it necessary under certain imperative circumstances to go a step further and sever life from the body in the interest of the sufferer.

"It may be objected that whereas the surgeon performs his operation to save the life of the patient, in the other case we do just the reverse. But on a deeper analysis it will be found that the ultimate object sought to be served in both cases is the same, viz., to relieve the suffering soul within from pain. In the one case you do it by severing the diseased portion from the body. In the other you do it by severing from the soul the body that has become an instrument of torture to it.

"In either case it is the relief to the soul within from pain that is aimed at, the body without the life within being incapable of feeling either pleasure or pain.

"Other cases can be imagined in which not to kill would spell 'himsa,' while killing would be 'ahimsa.' Suppose, for instance, that I find my daughter—whose wish at the moment I have no means of ascertaining—is threatened with violation and there is no way by which I can save her. Then it would be the purest form of 'ahimsa' on my part to put an end to her life and surrender myself to the fury of the incensed ruffian."

World Group of Nurses Plans Montreal Convention

MONTREAL, Nov. 6.—Montreal will be the host to 7,000 nurses next summer here from all parts of the world to attend the congress of the International Council of Nurses. Nineteen countries will be represented at the congress which will take place here during the entire week, beginning July 8, 1929, T. C. Kirby, manager of the Montreal Motorists' league, has announced and will assist the organization in every way.

Held in a different country every four years, the last congress took place in Helsingfors, Finland, in 1925, and the choice for next year fell upon Canada with China a close second. Thanks to the eloquence of several American nurses from China, who pleaded that China badly needed further western influence, Canada withdrew her invitation and it was decided to hold the 1929 congress in China.

After two years of preparation, however, the Chinese civil war caused the nurses in China to ask the Grand Council of Nurses if Canada would renew her invitation. This was done and at the last biennial meeting of the grand council in Geneva, Canada was decided upon as the venue for the coming congress.

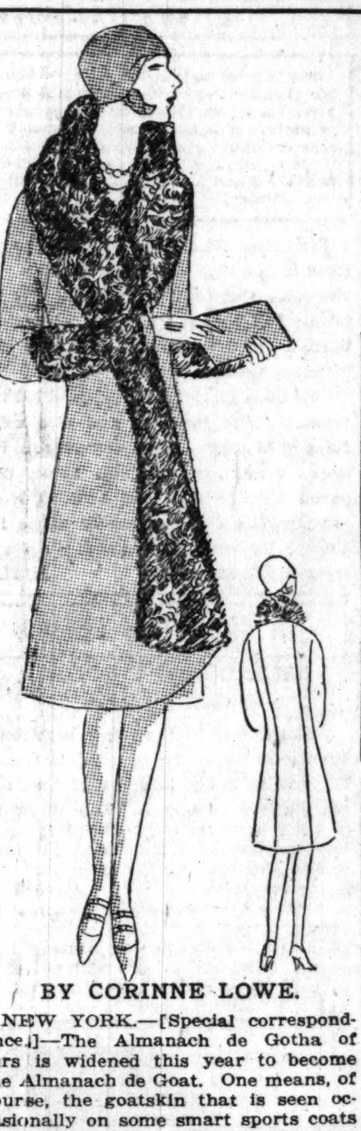
Navy Blue Broadcloth Takes Astrakhan Collar



BY CORINNE LOWE.

NEW YORK.—[Special correspondence.]—The Almanach de Gotha of furs is widened this year to become the Almanach de Goat. One means, of course, the goatskin that is seen occasionally on some smart sports coats that have climbed into the very best society. One recalls in this instance that a certain fashionable woman at the recent Meadowbrook polo matches appeared in a gray woolen coat with wide cape-like collar and deep cuffs of matching goatskin. Nor did she look a bit like Ingomar the Barbarian or any other primitive character. On the contrary, the effect was altogether smart and attractive.

There seems to be a perpetual battle in process between the curly or flat pelts and the good old long haired variety. Although there is a notable emphasis placed upon the former, all of the fox family is holding its own. The use of fox is especially striking upon the Paquin coats, embracing the collar that has scored such a tremendous success this season. One means the type that stands up high and aloof from the throat in the back. Today we are showing a stunning coat which follows the standard of the curly pelts. For it is gray astrakhan that trims this stunning model of navy blue broadcloth. Incidentally, the application of this fur affords opportunity for observing once more that it is the unusual application of fur which counts this year rather than the pelt itself.

Here is another of the fashionable princess effects molding the figure and flaring at the hem. It is topped by a gray felt hat to match the fur and completed by navy kid shoes and bag.

Will Debate on Jews.

"Is Assimilation a Desirable Cure for the Jew?" will be the subject of a debate tomorrow evening at the Jewish People's institute, 3500 Douglas boulevard, between Clarence S. Darrow and Rabbi Gerson B. Levi. Mr. Darrow will uphold the affirmative.

Here Is a Letter Well Worth Reading and Receiving

Mrs. Gladys Huntington Bevans

Here is one of the many letters I receive so well worth reading—and receiving.

"My dear Mrs. Bevans: I have been slow in thanking you for your kind and interesting letter and the story of the old sailor [from Milne's 'Now We Are Six']. The children were delighted with it and my second boy insists on my reading it to every one who comes.

"Your interesting letter encourages me to the danger of becoming a nuisance. The problems that four children under [illegible] present offer further excuse, but I will not begin on them in this letter, as I wish here only to express my grateful thanks for your letter.

"One thing has occurred to me from your advising mothers to teach children to say they are sorry if they are, and the advantage it is to a grownup to be able to say he is sorry.

"I know one grownup who can't say it. As you suggested, he can show it in innumerable ways, but not say it. I am very much of the opinion that it is because his mother insisted on his saying he was sorry when he had committed a misdemeanor for which she was sorry. I think many times he did not understand well enough to know whether he was sorry or not—and perhaps he really was not sorry sometimes when he was forced to say he was.

"At any rate, it seems to me it would strike much deeper for a mother to say, 'Mrs. B., mother is very sorry John did that, and thinks he is, too.'"

O, for the ability or time, or awakeness, or concentration, or whatever is necessary to really do the right thing every time with each of the two little girls and the two little boys each day. It is a big business.

Fine points are things mothers have to appreciate—and I think several made here are good ones. There are situations in which a mother has to mitigate what a child has done. And if a child can't honestly say he feels sorry, or can't be brought to the point of understanding at once in order to make his apology, I think the suggestion of the mother saying how sorry she is, etc., meets the social situation very well.

From Her Father.

My best pal had only been married a short time and I was spending a pleasant evening at his new home. He was proud of everthing and after showing me around said," well, how do you like it, old man?"

"Certainly is all two people could ask for," I answered, "except for one thing. What ever made you get that so and so make of radio? I thought your judgment was better than that."

I was more than thankful that his wife had left the room when he answered, "it's a wedding present from Grace's father. You see, he's the president of the so and so company.

Five year old Milly was visiting relatives in the city for the first time. As she was the only grandchild in the family she received a great deal of attention from numerous relatives and intimate friends.

The little girl greatly enjoyed all the attention she received and was careful not to miss seeing any of the visitors. One afternoon, on being prepared for her nap, she said: "Now, grammafi if anybody comes while I'm asleep, be sure to wake me up and show me to them." R. H.

A FRIEND IN NEED

BY SALLY JOY BROWN.

Need a Stove.

"Has one of your readers a garbage burner no longer being used? A widow I know is badly in need of one and can't afford to buy it. Her daughter is their only support and her work has not been steady so that some weeks she earns nothing at all and never very much. Mrs. H."

With winter and colder weather becoming every day more evident, the house with no means of heating it is not a comfortable or healthy place to be. Have you a stove this widow and her daughter may have?

FARM AND GARDEN

BY FRANK RIDGWAY

Rats head the list for being the most destructive animals in the country from an economic standpoint. It is for this reason that serious consideration should be given to them.

North Carolina's questionnaire shows how important it is for the corn growers of the middle west to kill every rat they can find. The answers showed that about five and a half per cent of the stored corn in that state was destroyed each year by rats. Based on this report the annual loss to stored corn in the United States would be more than $70,000,000, according to the National Association of Farm Equipment manufacturers.

There seems to be no end to the damage caused by rats. They have such a persistent habit of gnawing that their damage is not limited to the great bushelage of grain they eat and waste. That runs into millions each year. Indirectly they also cause heavy damage by starting fires and flooding buildings. They gnaw the insulation off electric light wires, which in turn start fires, and they actually are known to have eaten holes through lead and wooden water pipes. Often in hidden places they burrow under concrete floors, walls and foundation of buildings.

They travel from farm to farm, which makes it necessary to keep up the fight against this rodent from year to year. Several years ago rats covered Mercer and Rock Island counties in Illinois, where they were considered a serious plague.

Poisoning, trapping and fumigating are the chief ways of killing rats. Some of the best methods will be given in this department later.

Mrs. Annie Frisby Dies Suddenly of Heart Disease

Phil Mitchell, Ex-Head of Illinois Bankers, Is Dead

Rock Island, Ill., Nov. 6.—[Special.]—Phil Mitchell, 82, who until his retirement several years ago as chairman of the board of the State Bank of Rock Island was the oldest active bank head in Illinois, died at his home here today. He had been ill for some time. Mr. Mitchell at one time was president of the Illinois Bankers association. He was once an office boy.

MICHAEL J. O'NEILL, 6211 Evans avenue, died yesterday after a short illness. He was a resident of South Chicago for more than fifty years and a member of the Chicago police department for twenty-five years, retiring ten years ago. The funeral will be held from his late residence on Thursday morning. Interment will be in Mount Olivet cemetery. ANGLO-FRENCH PACT LASHED IN NEW PARLIAMENT

King's Speech Stirs Up Attack by MacDonald.

LONDON, Nov. 6.—(AP)—Ramsay MacDonald, Labor party leader, beginning debate on the address in reply to the speech from the throne with which King George opened parliament today, was strongly critical of government's action with regard to the Anglo-French naval compromise.

The king had begun his address with a statement that his relations with foreign powers continues to be friendly and expressed his satisfaction with the signing of the Kellogg-Briand pact renouncing war.

Mr. MacDonald charged the government with hampering the activities of the league of nations while professing to coöperate and with putting obstacles in the way of disarmament while terming it "assisting the league to formulate plans for general reductions of armaments."

"A Pact Not to Limit Arms."

Of the pact with France he said: "It was not an agreement to limit armaments; it was an agreement not to limit armaments. It sacrificed the most elementary considerations of Britain's safety except upon one sole consideration, that there would always be pooling of our navy and the navy of the country across the channel.

"Never has a proposal made by one government to another been rejected so summarily and bluntly, for such admirable reasons, as this agreement has been rejected by the government of the United States."

Baldwin Postpones Reply.

He demanded to know whether any agreement regarding land forces was in mind during the negotiations, whether the pact was alive or had been dropped and whether any reply had been sent to the American note.

Premier Stanley Baldwin, in reply, said the government knew it was going to be censured and that the time for a statement was during the debate on a vote of censure.

The house was then adjourned.

Brilliant Assemblage Hears King.

King George's speech from the throne was heard by a brilliantly robed assemblage of peers and their bejeweled peeresses with commoners looking on from their balcony.

"My relations with foreign powers continues to be friendly," the king began in deep, clear tones, reading from a scroll. "My government have been happy to accept the treaty of renunciation of war in the form proposed by the government of the United States. To my great satisfaction this treaty was signed in Paris on Aug. 27 by plenipotentiaries on behalf of all my governments and in behalf of the United States, France, Germany, Italy, Japan, Belgium, Poland, and Czechoslovakia."

Continuing his summation of Great Britain's foreign relations, King George welcomed the trend toward a more peaceful China, voiced Britain's fixed policy of full support for the league of nations, mentioned the agreement with the powers to open negotiations for definite settlement of the reparations problem, and finally wished the new emperor of Japan, whose enthronement is about to take place, a long and glorious resign.

Fog Shrouds Spectacle.

A cold yellow November fog shrouded the king and queen and their great state coach of glass and gold as they rolled through the streets of London to open parliament. Fog hung like a gray blanket over the mall and all along the line of the royal route from Buckingham palace to Westminster. Troops moved like ghosts through the pall and crowds of hardy spirits braving the weather, stood in huddled groups outside the palace an hour before their majesties were due to leave.

LENGTH OF SKIRT HELD BAROMETER OF DEGENERACY

BELFAST, Northern Ireland, Nov. 6.—(AP)—That the length of the skirt is a true barometer of national degeneracy is the view held by the Irish modest dress crusade, which has attained a membership of nearly 9,000. The crusade is also aimed at immodest postures, loud talking or laughter in public and coarse or irreverent exclamations. Members of the movement must abstain from alcoholic drinks at dances or entertainments, from improper motion picture shows, from immodesty in sea bathing and from improper dancing. They must not attend all night dances without proper supervision. Smoking is forbidden.

Bandits Take $1,000 from Marshall Field Garage

Three men walked into the garage of Marshall Field & Co., at 4343 Cottage Grove avenue, last night, drew guns, and forced the cashier, E. J. Hanlan, 4822 South Union avenue, and two clerks to the rear. They then compelled the manager, Fred Betz, 7003 South Parkway, to open the safe, from which they took $1,000, and fled.

AMERICAN RADIO BREAKS BRITISH CHAINS ON CHINA

Independent Communications Deal.

BY JOHN POWELL.

[Chicago Tribune Press Service.]

[Copyright: 1928: By The Chicago Tribune.

SHANGHAI, Nov. 6.—The long deadlock which has blocked the development of radio communications between China, the United States and other countries was broken today as a result of the signing of a contract between the Nationalist government and the Radio Corporation of America, by which China purchases two "20-40" kilowatt short wave overseas wireless transmission sets capable of direct communication between Shanghai and San Francisco.

The contract was signed by Chang Ching-kiang, representing the Nationalist government bureau of reconstruction, and A. B. Tyrrell and G. F. Shecklen, representing the Radio Corporation of America and the Radio Corporation of the Philippines, the latter a subsidiary. The amount of money involved was approximately $250,000, one-third of which was deposited in a local bank today. The balance will be payable upon completion of the station, which will require about a year.

Traffic Agreement Soon.

The Nationalist government also is signing a traffic agreement soon with the Radio Corporation of America by which direct communication by wireless for news and commercial messages will be established immediately the station is in operation.

The terms of the contract were not disclosed, but it is understood the Chinese government is arranging to employ American technical assistance in order to train Chinese in the operation and development of the radio. The present contract is understood to be the preliminary to extensive development of radio communication throughout China and between China and other nations, in order to break the British cable monopoly, which has controlled China's foreign communications for the last quarter century.

A Long Process.

Negotiations for the construction of an American radio station began with the Peking government in 1921, when the American Federal Wireless company of California obtained a concession to construct a station here, but the American firm was blocked by the opposition of the Japanese and British, who claimed prior monopolistic concessions. A long squabble ensued, resulting in a strong declaration by Charles Evans Hughes of the state department respecting the open door policy upon which Secretary Hughes based the Washington conference treaty respecting the open door in China.

French Engineers Approve Knees of Chicago Girls

Girls' knees, restaurant menus, and Chicago's parks were among the items which evoked comment from a group of French engineers, who are ending a three day inspection of Chicago manufacturing plants and utilities. Comment on the display of knees and the splendor of the boulevards was favorable, but remarks on the American custom of serving hot and cold dishes, such as ice cream and coffee, together, were critical.

LAKE MICHIGAN RISES .03 FEET DURING OCTOBER

The United States lake survey report for the month of October, made public yesterday, shows that Lake Michigan is .03 foot higher than in September. A rise in the lake's level during October is unusual, the figures show, as the average October level since 1860 is .23 foot lower than September.

The report gives the present depth of the lake as 580.45 above sea level. It is 1.33 feet higher than the October stage of a year ago, .83 foot above the average stage of October of the last ten years and 2.54 feet above the low stage of October, 1925. Based on past records the monthly mean level for November is likely to be about 580.2 and not less than 579.9.

The rise in the level of Lake Michigan during a month when it usually lowers is attributed to water overflowing from Lake Superior which shows a rise of .15 foot in its level for September. For the last 68 years the level has averaged .05 foot lower than September. The Superior level is .91 foot higher than the October stage of a year ago and 1.37 above the average for the last ten years.

STORE ROBBED FOR THIRD TIME.

For the third time in the last three weeks the Walgreen drug store at 5501 South Halsted street was held up when two bandits entered the store yesterday and took $350 from the safe after forcing the manager, Hoyt Hurt, to a rear room.

City Employe Hurt When Hit by Airplane Propeller

Charles J. O'Connor, 4557 West Harrison street, chief clerk in the city controller's office, was seriously injured at Mars Hill airport near Indianapolis yesterday when he stepped from an airplane, in which he had flown from Chicago, and walked in front of the propeller. He suffered concussion of the brain, a broken shoulder, a fractured arm and severe lacerations about the head and face. At the Indianapolis City hospital his condition was pronounced critical.

O'Connor has been employed in the city controller's office 25 years. He was making an air journey to Cincinnati.

LOANS.

Personal, Property, and Salary,

Cost Reduced Almost One-Third ON Loans $10 to $300

The Household Finance Corporation, by reason of large volume of business, efficient management and favorable credit facilities, attained after fifty years of operation, is now making a very substantial reduction in the cost of loans up to $300.

You can borrow from us for about one-third less than we formerly charged and about one-third less than the maximum lawful rate. For example, total cost on $50 for one month is $1.25; for five months, paid in five equal monthly payments, is $3.75. All other amounts up to $300 at same proportionate rate.

You get the money without delay, return it in small monthly payments arranged to suit your convenience. Each payment of principal reduces the interest.

No indorsers. No one need know. Our service is personal and confidential. We do not notify your employer, neither do we make inquiries of your friends, relatives or tradespeople.

ELECTED!

THESE USED CAR BUYS

Have won the popular approval of shrewd buyers, and are chosen as the most outstanding bargains today!

Every used car is backed by the famous Studebaker Used Car Pledge that guarantees 5 days' free driving trial.

HUPMOBILE SEDAN. This Hup is a beauty. Compare it with Hupmobiles selling for $250 more and you'll find they do not equal this car. Finish is a pretty blue. Equipped with 4 whl. brakes, spotlight, bumpers, spare tires, etc. Clearance price is $395.

NASH COACH. We recommend this as one of our very best buys. A prominent business man left it with us to sell and told us to apply the sales price on the purchase of a new Studebaker Commander. We're anxious to make immediate delivery on his new car, so we've marked this Nash at a low figure, so it will be disposed of immediately. Appearance is attractive and the motor is A1. 4 whl. brakes, and many extras. Today $545.

HARMON SEDAN. A big, powerful car that will satisfy the most exacting buyer. The motor runs smoothly and quietly. Equipment includes snubbers, bumpers, spare tire, etc. This expensive car was chauffeur driven so it's in splendid shape today. Will not remain long at $785.

DODGE SEDAN. Unusually clean throughout. Has spare tire, step plates, bumpers, etc. Excellent mechanically. Only driven evenings and Sundays for pleasure purposes. Priced for $395.

ERSKINE SEDAN. This Erskine 6 is a dandy car in every respect. It's a recent model that's the last word for attractive appearance and efficient performance. Driven only on the Chicago blvds. by the former owner. 4 whl. brakes, snubbers, bumpers, spare tire, etc. Will not remain long at $695.

CHEVROLET SEDAN. A current model with very low mileage. 4 whl. brakes. 5 excellent balloon tires, bumpers, etc. We believe this is the best Chev. value in Chicago. The motor is A1 and the upholstery finish and tires appear new. Offered at a substantial discount.

STUDEBAKER COMMANDER. At $885 we don't believe there's a new or used car anywhere to equal this recent 5 pass. sedan. Was only owned for a short period and it was in storage 50% of the time, while the family was in Europe. Now it will give new car satisfaction. Expensive mohair upholstery, beautiful finish, and tires are excellent. 4 wheel brakes, snubbers, bumpers, spare tire, etc.

STEARNS-KNIGHT BROUGHAM. Unusually clean throughout. Traded in at a low price and we're willing to pass on the saving to you. Has excellent tires, and the equipment includes spotlight, bumpers, shutter front, spare tire, etc. Dandy mohair upholstery. A remarkable buy at $685.

BUICK VICTORIA. Recent model 4 pass. coupe. 4 whl. brakes, bumpers, spare tire, etc. We believe this Buick is in as good condition today as on the day it was purchased. Has attractive appearance and the motor is A1. Only $745.

FALCON-KNIGHT SEDAN. 1928, that has only run a few hundred miles. 4 whl. brakes. Gabriel snubbers, shutter front, 5 practically brand new tires, bumpers, etc. You'll find this car absolutely brand new in every detail. You can make a big saving at our reduced price.

STUDEBAKER SEDAN. Special 6, formerly owned by a prominent banker. Oiled and greased every 500 miles. Today this car will give new car satisfaction. Equipped with bumpers, snubbers, spare tire, etc. An unusual bargain at $585.

BY PARKE BROWN.

Illinois went all the way Republican. Herbert Hoover carried it by more than 420,000. The entire state ticket, headed by Louis L. Emmerson, nominee for governor, was victorious, ranging from a margin of 220,000 for Otis F. Glenn, who, in the race for United States senator, had the hardest battle of all, to an indicated plurality of 400,000 or more for Attorney General Oscar E. Carlstrom.

Chicago, in the throes of the bitterest, most slashing factional row that the local Republicans ever have experienced, may have gone Democratic by a small margin. The influence of that row, because of the lack of organization campaigning, reached even into the city's suburbs, but the country towns produced enough of their usual plurality so that all indications were that the Republican state ticket had carried Cook county, which the Democrats had classified as their own beyond all danger.

Big Victory Downstate.

On the whole the Republican national and state slate broke about even in Cook county, but a big victory downstate never was in doubt from the time the first telegraphic reports began to come in.

Conservative estimating gave Cook county to Hoover by about 50,000 and downstate promised a lead for him of about 370,000, so that there was a possibility that his plurality for the state might be up toward the 450,000 mark.

Secretary of State Emmerson was running 55,000 ahead in Chicago on the latest figures, and the forecast was that the country towns would put him 45,000 farther ahead of Floyd E. Thompson in Cook county. The downstate figures gave Emmerson a predicted lead of 350,000.

Glenn Has Hard Fight.

Glenn, who shared with Emmerson the brunt of the Illinois fight, had a much harder battle against his Democratic opponent, A. J. Cermak, because of the popularity of the latter's wet platform in Chicago and the vote that apparently was thrown to him by Thompson-Crowe ward leaders.

Those same leaders knifed Hoover on a wholesale scale, but they went even farther when it came to tossing support to Cermak. Hasty examination of even the incomplete figures of the west side wards where they control showed that the knifing benefited Smith materially but aided Cermak's wetness in giving him a tremendous final lead in the voting.

The indications were that these factions had given Cermak a margin of 120,000 in Cook county, his advantage even extending into the country towns. But when the outside counties started to come in it was apparent that although wetness helped in the metropolis, it was a severe handicap in the smaller communities. Glenn's lead became visible as soon as a representative number of downstate precincts had come in and before long the forecasters figured that he was carrying downstate by 340,000, giving him an advantage of 220,000 or better in the state.

Carlstrom Leads by 400,000.

Attorney General Carlstrom, opposed by State Senator Thomas J. Courtney of Chicago had the advantage of hav

New York, Nov. 7, 1 a. m.—[Special.]—Al Smith, four times governor of New York, failed by more than 100,000 votes in his contest for the presidency to carry his own state. His hopes of victory began to fade within a few hours after the New York City polls had closed and his predicted 600,000 city plurality over his Republican opponent, Herbert Hoover, had dwindled to 408,000 in the five boroughs. Meanwhile, Hoover was coming down to the city line with an indicated upstate plurality of more than 500,687.

Gov. Smith's city plurality was 110,000 less than the maximum plurality he received from his native city in a gubernatorial race in 1924. Then

BY ARTHUR EVANS.

Judge John A. Swanson, Republican, was leading Judge William J. Lindsay for state's attorney by 70,764 votes when 2,475 precincts out of 3,358 in Cook county were reported early this morning. Judge Swanson had a lead of 21,985 in 2,150 Chicago precincts and a lead of 48,779 in 325 of the country town precincts.

If Swanson keeps up his present rate, his indicated plurality over Lindsay would be around 95,000.

Judge Swanson, who was the central figure in the uprising at the April primaries when he defeated State's Attorney Crowe, took the lead after a night in which Judge Lindsay had been in front on returns from nearly half the precincts. The bulk of the precincts still to be heard from appear to be in wards where Swanson has been getting a larger vote than his opponent.

Returns on Prosecutor.

For state's attorney and board of review, based on 2,150 precincts out of 2,922 in Chicago, and 325 out of 436 in the country towns the count stands:

	Chicago.	Country towns.	Total.
State's attorney—			
Dem., Lindsay	426,626	56,950	483,576
Rep., Swanson	448,611	105,729	554,340
Board of review—			
Dem., Nash	455,419	61,544	516,963
Rep., Litsinger	410,189	101,139	511,328

The night saw the Crowe-Thompson machine crashing again, buried under another avalanche. Incomplete returns indicate that all its candidates for county office were defeated. Its attempt to rebuild itself by grabbing control of the sanitary district appears to have been thwarted.

Morris Eller, Mayor Thompson's city sealer, was snowed under and is running far out in the cold behind other candidates for sanitary trustee.

Moore and Nelson Trail.

Moore and Nelson, other Crowe-Thompson candidates for drainage trustees, are running behind in the incomplete figures. Howard W. Elmore, the Deneen candidate, is outrunning them, and with one-third of the precincts in, is 37,000 votes behind T. J. Crowe, Democrat.

Jaranowski, the Crowe-Thompson candidate for recorder, is being buried by the vote piled up for Clayton F. Smith, Democrat. Dr. Herman N. Bundesen, Democrat, is piling up the largest Democratic vote in the incomplete figures in his race against Coroner Wolff, Crowe-Thompsonite. E. L. Nusser, Thompsonite, for assessor is behind Assessor John E. Conroy, Democrat.

Dr. Bundesen has a lead of 250,036 over Wolff in 1,725 precincts out of 3,358 in Chicago, the vote standing: Wolff 174,214; Bundesen, 524,750. Hugo Fisher, independent, had 1,521.

Litsinger Gains Rapidly.

In the nip and tuck race for board of review, Edward R. Litsinger, Republican, swarmed up neck and neck with Thomas D. Nash, Democrat. With 2,475 precincts in out of 3,358 in Cook county, Litsinger has reduced the lead of Nash to 5,635. In the earlier returns Nash had been far out in front. The precincts to be heard from are largely in Republican terri

G. O. P. Wins 7 Senate Seats; 20 in House

BY ARTHUR CRAWFORD.

Republican majorities were increased in both houses of congress in yesterday's elections.

In the senate the Republicans appear to have gained as many as seven seats, which is exactly enough to dislodge the seven more extreme radical Republicans from their present balance of power.

In the house the Republicans have gained nearly twenty members on the basis of incomplete reports.

Herbert Hoover will be in a better position to obtain favorable consideration for his legislation at the hands of congress than President Coolidge has been at any time during his administration.

Several present Democratic senators went down to defeat. In the eastern states which Gov. Al Smith had hoped to carry the Democratic senators had hard sledding.

Edwards Believed Beaten.

Senator Edwards [Dem., N. J.], one of the leading wets of the senate, appears to have been defeated by Hamilton F. Kean, Republican, also a wet. Incomplete returns showed Kean ahead by a two to one ratio.

In Delaware Senator Bayard [Dem.] went down to defeat at the hands of former Gov. John G. Townsend, Republican, a dry.

Senator Gerry [Dem., R. I.] was beaten by Felix Hebert, Republican. Senator Gerry is a wet, while Mr. Hebert is dry.

Senator Bruce [Dem., Md.] was defeated by former Gov. Phillips Lee Goldsborough, Republican. Senator Bruce, who is one of the leading senate wets, conceded the victory of his opponent, a dry, after returns from two-thirds of the state gave him a lead of 13,000 votes.

Senator Neely [Dem., W. Va.] seems to have met defeat, the winner being former Gov. Henry D. Hatfield [Rep.]. Both Neely and Hatfield are dry.

Walsh Wins in Bay State.

Reëlection of both Senator Walsh [Dem., Mass.] over Benjamin Loring Young, Republican, and Senator Copeland [Dem., N. Y.] over Alanson B. Houghton, Republican, seemed assured early this morning.

Senator Dill [Dem., Wash.] was running behind Kenneth Mackintosh, Republican, on the basis of incomplete returns. Senator Wheeler [Dem., Mont.] was reëlected over Joseph M. Dixon, Republican. Senator Pittman [Dem., Nev.] won over Sam Platt, Republican. Senator Ashurst [Dem., Ariz.] probably was reëlected over former Senator Ralph Cameron, Republican.

On the basis of the defeat of Edwards, Bayard, Gerry, Bruce, and Neely and the gain of a seat in Ohio, the Republican total in the senate has been increased from 49, including two vacant Republican seats, to 56. This cuts the Democratic total from 46 to 39. Senator Shipstead [Farm-Labor, Minn.] probably has been reëlected over Arthur E. Nelson, Republican. It is more than likely that final returns will show a somewhat larger Republican total.

The outcome of the senatorial contest in Missouri remained in doubt. The election of Roscoe C. Patterson, Republican, over Charles M. Hay, Democrat, seemed likely. Both are drys. This is the seat now held by Senator James A. Reed [Dem.].

House Lineup Altered.

The present house is made up of 237 Republicans, 195 Democrats, two Farmer-Labor members, and one Socialist. Incomplete returns show a Republican total of 256, or a gain of 19. It is believed that further reports will show a number of other Republican gains. The Democratic total has been reduced to 176. The two Farmer Labor members and the Socialist appear to have been reëlected.

The heavy Hoover vote in Kentucky resulted in the gain of six seats by the Republicans in that state. Representatives Moore, Moorman, Gilbert, Chapman, and Vinson [Dem., Ky.] were defeated by C. W. Roark, J. D. Craddock, L. L. Walker, Robert Blackburn, and E. R. Kendall, Republicans. The Republicans also elected Lincoln Newhall in the district now represented by Representative Ware [Dem.], who was not a candidate.

In Virginia, which was carried by Hoover, the Republicans elected Menalcus Lankford over Representative Deal [Dem.].

The Republicans probably gained two other seats in Virginia, their nominees running ahead of Repre

PENNSYLVANIA—4,436 districts out of 8,571 in the state give Hoover 1,119,665, Smith 591,919. David A. Reed was leading for senator by 2 to 1.

RHODE ISLAND—Providence—With only two precincts missing, Smith has won by 2,728 votes.

TENNESSEE—2,004 out of 2,230 precincts in Tennessee gave Smith a total of 105,557 and Hoover 132,285.

TEXAS—Late returns show 229,045 for Hoover and 222,728 for Smith, with a large part of the ballots still to be counted.

VIRGINIA—1,314 precincts out of 1,665 give Hoover a lead of 17,409 over Smith.

WASHINGTON—125 out of 2,561 precincts: Hoover, 26,029; Smith, 11,797.

WISCONSIN—Returns from 2,579 precincts out of the state's 2,743 gave Hoover 473,120 and Smith 349,470.

LANDSLIDE FOR G. O. P.; SOLID SOUTH BROKEN

Gov. Smith's Rout Is Complete.

BULLETIN.

New York, Nov. 6, 12:45 o'clock.—(Special.)—Gov. Smith at midnight sent this telegram to Herbert Hoover:

"Hon. Herbert Hoover, Palo Alto, Cal.—I congratulate you heartily on your victory and extend to you my sincere good wishes for your health and happiness and for the success of your administration.
"ALFRED E. SMITH."

BY ARTHUR SEARS HENNING.

Herbert Hoover was swept into the presidency in the national election yesterday by one of the greatest landslides of votes in our political annals.

He received more electoral votes than any candidate for President except Woodrow Wilson when the Republicans were divided. The Hoover landslide threw the Harding landslide into the shade.

The Republican candidate defeated Gov. Smith of New York, the Democratic candidate by a majority of not less than 317 electoral votes. It is not unlikely that the Hoover majority will go even higher with the receipt of complete returns.

History-Making Defeat.

Gov. Smith bids fair to go down in history as one of the worst beaten candidates for the presidency. His electoral vote is below that of Cox in 1920 and Davis in 1924. Not since Gov. Horatio Seymour of New York was beaten by Gen. Grant in 1868 has a candidate for the presidency been so disastrously routed in a straight two-sided contest as was Gov. Smith in the balloting of yesterday.

Hoover carried not less than 39 states and Smith seven, while two were still doubtful at an early hour this morning.

Electoral Vote Standing.

In the light of the incomplete returns the electoral vote stood:

For Hoover..................424
For Smith....................69
Doubtful.....................38

Total.......................531
Necessary to election........266

Hoover swept the wet east with the possible exceptions of Massachusetts and Rhode Island, which were in doubt this morning.

Hoover swept the west from the Alleghenies to the Pacific ocean, including the corn belt, which remained loyal to the G. O. P. despite agrarian disaffection on the question of farm relief.

Breaks Into Solid South.

And, most sensational of all, Hoover broke into the solid south and jolted three, if not four, of the states in that region from their traditional Democratic moorings. He carried Virginia, Florida, and North Carolina, which have not cast their electoral votes for a Republican presidential candidate since the close of reconstruction.

The complete returns may show that he won Texas also. In the figures so far received it is a

BY PARKE BROWN.

State went all the way Republican. Herbert Hoover carried it by more than 420,000. The entire state ticket headed by Louis L. Emmerson, candidate for governor, was victorious, ranging from a margin of 220,000 for Otis F. Glenn, who, in the race for United States senator, had the hardest battle of all, to an indicated plurality of 400,000 or more for Attorney General Oscar E. Carlstrom.

Chicago, in the throes of the bitterest, most slashing factional row that the local Republicans ever have experienced, may have gone Democratic by a small margin. The influence of that row, because of the lack of organization campaigning, reached even into the city's suburbs, but the country towns produced enough of their usual plurality so that all indications were that the Republican state ticket had carried Cook county, which the Democrats had classified as their own beyond all danger.

Big Victory Downstate.

On the whole the Republican national and state slate broke about even in Cook county, but a big victory downstate never was in doubt from the time the first telegraphic reports began to come in.

Conservative estimating gave Cook county to Hoover by about 50,000 and downstate promised a lead for him of about 370,000, so that there was a possibility that his plurality for the state might be up toward the 450,000 mark.

Secretary of State Emmerson was running 55,000 ahead in Chicago on the latest figures, and the forecast was that the country towns would put him [illegible] farther ahead of Floyd E. Thompson in Cook county. The downstate figures gave Emmerson a predicted lead of 350,000.

Glenn Has Hard Fight.

Glenn, who shared with Emmerson the brunt of the Illinois fight, had a much harder battle against his Democratic opponent, A. J. Cermak, because of the popularity of the latter's wet platform in Chicago and the vote that apparently was thrown to him by Thompson-Crowe ward leaders.

These same leaders knifed Hoover on a wholesale scale, but they went even farther when it came to tossing support to Cermak. Hasty examination of even the incomplete figures of the west side wards where they control showed that the knifing benefited Smith materially but aided Cermak's wetness in giving him a tremendous local lead in the voting.

The indications were that these factors had given Cermak a margin of 120,000 in Cook county, his advantage even extending into the country towns. But when the outside counties started to come in it was apparent that although wetness helped in the metropolis, it was a severe handicap in the smaller communities. Glenn's lead became visible as soon as a representative number of downstate precincts had come in and before long the forecasters figured that he was carrying downstate by 340,000, giving him an advantage of 220,000 or better in the state.

Carlstrom Leads by 400,000.

Attorney General Carlstrom, opposed by State Senator Thomas J. Courtney of Chicago had the advantage of hav

Smith	1,992,461

Hoover lead 68,329. Indicated final plurality for Hoover, 100,000.

With 1,086 precincts missing, the state vote for governor stood:

Copeland lead, 169,700. Indicated Copeland plurality, 250,000. Senator Copeland running about 350,000 votes ahead of Al Smith.

New York, Nov. 7, 1 a. m.—[Special.]—Al Smith, four times governor of New York, failed by more than 100,000 votes in his contest for the presidency to carry his own state. His hopes of victory began to fade within a few hours after the New York City polls had closed and his predicted 600,000 city plurality over his Republican opponent, Herbert Hoover, had dwindled to 408,000 in the five boroughs. Meanwhile, Hoover was coming down to the city line with an indicated upstate plurality of more than 500,687.

Gov. Smith's city plurality was 110,000 less than the maximum plurality he received from his native city in a gubernatorial race in 1924. Then

BY ARTHUR EVANS.

Judge John A. Swanson, Republican, was leading Judge William J. Lindsay for state's attorney by 100,032 votes when 2,716 precincts out of 3,358 in Cook county were reported early this morning. Judge Swanson had a lead of 39,999 in 2,346 Chicago precincts and a lead of 62,033 in 370 of the country town precincts.

If Swanson keeps up his present rate, his indicated plurality over Lindsay would be around 145,000.

Judge Swanson, who was the central figure in the uprising at the April primaries when he defeated State's Attorney Crowe, took the lead after a night in which Judge Lindsay had been in front on returns from nearly half the precincts. The bulk of the precincts still to be heard from appear to be in wards where Swanson has been getting a larger vote than his opponent.

Returns on Prosecutor.

For state's attorney and board of review, based on 2,716 precincts out of 2,922 in Chicago, and 370 out of 436 in the country towns the count stands:

	Chicago.	Country towns.	Total.
State's attorney—			
Rep., Swanson....	500,198	126,956	627,154
Dem., Lindsay.....	462,199	64,923	527,122
Board of review—			
Rep., Litsinger....	456,493	121,061	577,554
Dem., Nash.......	490,852	70,074	560,926

The night saw the Crowe-Thompson machine crashing again, buried under another avalanche. Incomplete returns indicate that all its candidates for county office were defeated. Its attempt to rebuild itself by grabbing control of the sanitary district appears to have been thwarted.

Morris Eller, Mayor Thompson's city sealer, was snowed under and is running far out in the cold behind other candidates for sanitary trustee.

Moore and Nelson Trail.

Moore and Nelson, other Crowe-Thompson candidates for drainage trustees, are running behind in the incomplete figures. Howard W. Elmore, the Deneen candidate, is outrunning them, and with one-third of the precincts in, is 37,000 votes behind T. J. Crowe, Democrat.

Jaranowski, the Crowe-Thompson candidate for recorder, is being buried by the vote piled up for Clayton F. Smith, Democrat. Dr. Herman N. Bundesen, Democrat, is piling up the largest Democratic vote in the incomplete figures in his race against Coroner Wolff, Crowe-Thompsonite. E. L. Nusser, Thompsonite, for assessor is behind Assessor John E. Conroy, Democrat.

Dr. Bundesen has a lead of 350,036 over Wolff in 1,725 precincts out of 3,358 in Chicago, the vote standing: Wolff 174,214; Bundesen, 524,750. Hugo Fisher, independent, had 1,521.

Litsinger Gains Rapidly.

In the nip and tuck race for board of review, Edward R. Litsinger, Republican, swarmed up neck and neck with Thomas D. Nash, Democrat. With 2,716 precincts in out of 3,358 in Cook county, Litsinger went into the lead over Nash 7,638. In the earlier returns Nash had been far out in front. The precincts to be heard from are largely in Republican terri-

G. O. P. Wins 7 Senate Seats; 20 in House

BY ARTHUR CRAWFORD.

Republican majorities were increased in both houses of congress in yesterday's elections.

In the senate the Republicans appear to have gained as many as seven seats, which is exactly enough to dislodge the seven more extreme radical Republicans from their present balance of power.

In the house the Republicans have gained nearly twenty members on the basis of incomplete reports.

Herbert Hoover will be in a better position to obtain favorable consideration for his legislation at the hands of congress than President Coolidge has been at any time during his administration.

Several present Democratic senators went down to defeat. In the eastern states which Gov. Al Smith had hoped to carry the Democratic senators had hard sledding.

Edwards Believed Beaten.

Senator Edwards [Dem., N. J.], one of the leading wets of the senate, appears to have been defeated by Hamilton F. Kean, Republican, also a wet. Incomplete returns showed Kean ahead by a two to one ratio.

In Delaware Senator Bayard [Dem.] went down to defeat at the hands of former Gov. John G. Townsend, Republican, a dry.

Senator Gerry [Dem., R. I.] was beaten by Felix Hebert, Republican. Senator Gerry is a wet, while Mr. Hebert is dry.

Senator Bruce [Dem., Md.] was defeated by former Gov. Phillips Lee Goldsborough, Republican. Senator Bruce, who is one of the leading senate wets, conceded the victory of his opponent, a dry, after returns from two-thirds of the state gave him a lead of 13,000 votes.

Senator Neely [Dem., W. Va.] seems to have met defeat, the winner being former Gov. Henry D. Hatfield [Rep.]. Both Neely and Hatfield are dry.

Walsh Wins in Bay State.

Reëlection of both Senator Walsh [Dem., Mass.] over Benjamin Loring Young, Republican, and Senator Copeland [Dem., N. Y.] over Alanson B. Houghton, Republican, seemed assured early this morning.

Senator Dill [Dem., Wash.] was running behind Kenneth Mackintosh, Republican, on the basis of incomplete returns. Senator Wheeler [Dem., Mont.] was reëlected over Joseph M. Dixon, Republican. Senator Pittman [Dem., Nev.] won over Sam Platt, Republican. Senator Ashurst [Dem., Ariz.] probably was reëlected over former Senator Ralph Cameron, Republican.

On the basis of the defeat of Edwards, Bayard, Gerry, Bruce, and Neely and the gain of a seat in Ohio, the Republican total in the senate has been increased from 49, including two vacant Republican seats, to 56. This cuts the Democratic total from 46 to 39. Senator Shipstead [Farm-Labor, Minn.] probably has been reëlected over Arthur E. Nelson, Republican. It is more than likely that final returns will show a somewhat larger Republican total.

The outcome of the senatorial contest in Missouri remained in doubt. The election of Roscoe C. Patterson, Republican, over Charles M. Hay, Democrat, seemed likely. Both are drys. This is the seat now held by Senator James A. Reed [Dem.].

House Lineup Altered.

The present house is made up of 237 Republicans, 195 Democrats, two Farmer-Labor members, and one Socialist. Incomplete returns show a Republican total of 256, or a gain of 19. It is believed that further reports will show a number of other Republican gains. The Democratic total has been reduced to 176. The two Farmer Labor members and the Socialist appear to have been reëlected.

The heavy Hoover vote in Kentucky resulted in the gain of six seats by the Republicans in that state. Representatives Moore, Moorman, Gilbert, Chapman, and Vinson [Dem., Ky.] were defeated by C. W. Roark, J. D. Craddock, L. L. Walker, Robert Blackburn, and E. R. Kendall, Republicans. The Republicans also elected Lincoln Newhall in the district now represented by Representative Ware [Dem.], who was not a candidate.

In Virginia, which was carried by Hoover, the Republicans elected Menalcus Lankford over Representative Deal [Dem.].

The Republicans probably gained two other seats in Virginia, their nominees running ahead of Repre-

LANDSLIDE FOR G. O. P.; SOLID SOUTH BROKEN

Gov. Smith's Rout Is Complete.

BULLETIN.

New York, Nov. 6, 12:45 o'clock.—(Special.)—Gov. Smith at midnight sent this telegram to Herbert Hoover:

"Hon. Herbert Hoover, Palo Alto, Cal.—I congratulate you heartily on your victory and extend to you my sincere good wishes for your health and happiness and for the success of your administration.
"ALFRED E. SMITH."

BY ARTHUR SEARS HENNING.

Herbert Hoover was swept into the presidency in the national election yesterday by one of the greatest landslides of votes in our political annals.

He received more electoral votes than any candidate for President except Woodrow Wilson when the Republicans were divided. The Hoover landslide threw the Harding landslide into the shade.

The Republican candidate defeated Gov. Smith of New York, the Democratic candidate by a majority of not less than 317 electoral votes. It is not unlikely that the Hoover majority will go even higher with the receipt of complete returns.

History-Making Defeat.

Gov. Smith bids fair to go down in history as one of the worst beaten candidates for the presidency. His electoral vote is below that of Cox in 1920 and Davis in 1924. Not since Gov. Horatio Seymour of New York was beaten by Gen. Grant in 1868 has a candidate for the presidency been so disastrously routed in a straight two-sided contest as was Gov. Smith in the balloting of yesterday.

Hoover carried not less than 39 states and Smith seven, while two were still doubtful at an early hour this morning.

Electoral Vote Standing.

In the light of the incomplete returns the electoral vote stood:

For Hoover	424
For Smith	69
Doubtful	38
Total	531
Necessary to election	266

Hoover swept the wet east with the possible exceptions of Massachusetts and Rhode Island, which were in doubt this morning.

Hoover swept the west from the Alleghenies to the Pacific ocean, including the corn belt, which remained loyal to the G. O. P. despite agrarian disaffection on the question of farm relief.

Breaks Into Solid South.

And, most sensational of all, Hoover broke into the solid south and jolted three, if not four, of the states in that region from their traditional Democratic moorings. He carried Virginia, Florida, and North Carolina, which have not cast their electoral votes for a Republican presidential candidate since the close of reconstruction.

The complete returns may show that he won Texas also. In the figures so far received it is a
